§ 613.1 General Provisions.

This part sets forth the National Science Foundation procedures under the Privacy Act of 1974. The rules in this part apply to all records in systems of records maintained by NSF that are retrieved by an individual's name or personal identifier. They describe the procedures by which individuals may request access to records about themselves and request amendment or correction of those records. All Privacy Act requests for access to records are also processed under the Freedom of Information Act, 5 U.S.C. 552 (as provided in part 612 of this chapter), which gives requesters the benefit of both statutes. Notice of systems of records maintained by the National Science Foundation are published in the FEDERAL REGISTER.

§ 613.2 Requesting access to records.

(a) *Where to make a request.* You may make a request for access to NSF records about yourself by appearing in person at the National Science Foundation or by making a written request. If you choose to visit the Foundation, you must contact the NSF Security Desk and ask to speak with the Foundation's Privacy Act Officer in the Office of the General Counsel. Written requests should be sent to the NSF Privacy Act Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 1265, Arlington, VA 22230. Written requests are recommended, since in many cases it may take several days to determine whether a record exists, and additional time may be required for record(s) retrieval and processing.

(b) *Description of requested records.* You must describe the records that you seek in enough detail to enable NSF personnel to locate the system of records containing them with a reasonable amount of effort. Providing information about the purpose for which the information was collected, applicable time periods, and name or identifying number of each system of records in which you think records about you may be kept, will help speed the processing of your request. NSF publishes notices in the FEDERAL REGISTER that describe the systems of records maintained by the Foundation. The Office of the Federal Register publishes a biennial "Privacy Act Compilation" that includes NSF system notices. This compilation is available in many large reference and university libraries, and can be accessed electronically at the Government Printing Office's web site at <www.access.gpo.gov/su_docs/aces/PrivacyAct.shtml>.

(c) *Verification of identity.* When requesting access to records about yourself, NSF requires that you verify your identity in an appropriate fashion. Individuals appearing in person should be prepared to show reasonable picture identification such as driver's license, government or other employment identification card, or passport. Written requests must state your full name and current address. You must sign your request and your signature must either be notarized, or submitted by you under 28 U.S.C. 1746, a law that permits
