

§ 668.184

(ii) The number of borrowers in the cohort, as determined under paragraph (b) of this section.

(2) Fewer than 30 borrowers in your cohort for a fiscal year, your cohort default rate is the percentage that is derived by dividing—

(i) The total number of borrowers in that cohort and in the two most recent prior cohorts who are in default, as determined for each cohort under paragraph (c) of this section; by

(ii) The total number of borrowers in that cohort and the two most recent prior cohorts, as determined for each cohort under paragraph (b) of this section.

§ 668.184 Determining cohort default rates for institutions that have undergone a change in status.

(a) *General.* (1) If you undergo a change in status identified in this section, your cohort default rate is determined under this section.

(2) In determining cohort default rates under this section, the date of a merger, acquisition, or other change in status is the date the change occurs.

(3) A change in status may affect your eligibility to participate in Title IV, HEA programs under § 668.187 or § 668.188.

(4) If another institution's cohort default rate is applicable to you under this section, you may challenge, request an adjustment, or submit an appeal for the cohort default rate under the same requirements that would be applicable to the other institution under §§ 668.185 and 668.189.

(b) *Acquisition or merger of institutions.* If your institution acquires, or was created by the merger of, one or more institutions that participated independently in the Title IV, HEA programs immediately before the acquisition or merger—

(1) For the cohort default rates published before the date of the acquisition or merger, your cohort default rates are the same as those of your predecessor that had the highest total number of borrowers entering repayment in the two most recent cohorts

used to calculate those cohort default rates; and

(2) Beginning with the first cohort default rate published after the date of the acquisition or merger, your cohort default rates are determined by including the applicable borrowers from each institution involved in the acquisition or merger in the calculation under § 668.183.

(c) *Acquisition of branches or locations.* If you acquire a branch or a location from another institution participating in the Title IV, HEA programs—

(1) The cohort default rates published for you before the date of the change apply to you and to the newly acquired branch or location;

(2) Beginning with the first cohort default rate published after the date of the change, your cohort default rates for the next 3 fiscal years are determined by including the applicable borrowers from your institution and the other institution (including all of its locations) in the calculation under § 668.183;

(3) After the period described in paragraph (c)(2) of this section, your cohort default rates do not include borrowers from the other institution in the calculation under § 668.183; and

(4) At all times, the cohort default rate for the institution from which you acquired the branch or location is not affected by this change in status.

(d) *Branches or locations becoming institutions.* If you are a branch or location of an institution that is participating in the Title IV, HEA programs, and you become a separate, new institution for the purposes of participating in those programs—

(1) The cohort default rates published before the date of the change for your former parent institution are also applicable to you;

(2) Beginning with the first cohort default rate published after the date of the change, your cohort default rates for the next 3 fiscal years are determined by including the applicable borrowers from your institution and your former parent institution (including all of its locations) in the calculation under § 668.183; and

(3) After the period described in paragraph (d)(2) of this section, your cohort default rates do not include borrowers

from your former parent institution in the calculation under § 668.183.

§ 668.185 Draft cohort default rates and your ability to challenge before official cohort default rates are issued.

(a) *General.* (1) We notify you of your draft cohort default rate before your official cohort default rate is calculated. Our notice includes the loan record detail report for the draft cohort default rate.

(2) Regardless of the number of borrowers included in your cohort, your draft cohort default rate is always calculated using data for that fiscal year alone, using the method described in § 668.183(d)(1).

(3) Your draft cohort default rate and the loan record detail report are not considered public information and may not be otherwise voluntarily released by a data manager.

(4) Any challenge you submit under this section and any response provided by a data manager must be in a format acceptable to us. This acceptable format is described in the “Cohort Default Rate Guide” that we provide to you. If your challenge does not comply with the requirements in the “Cohort Default Rate Guide,” we may deny your challenge.

(b) *Incorrect data challenges.* (1) You may challenge the accuracy of the data included on the loan record detail report by sending a challenge to the relevant data manager, or data managers, within 45 days after you receive the data. Your challenge must include—

(i) A description of the information in the loan record detail report that you believe is incorrect; and

(ii) Documentation that supports your contention that the data are incorrect.

(2) Within 30 days after receiving your challenge, the data manager must send you and us a response that—

(i) Addresses each of your allegations of error; and

(ii) Includes the documentation that supports the data manager’s position.

(3) If your data manager concludes that draft data in the loan record de-

tail report are incorrect, and we agree, we use the corrected data to calculate your cohort default rate.

(4) If you fail to challenge the accuracy of data under this section, you cannot contest the accuracy of those data in an uncorrected data adjustment, under § 668.190, or in an erroneous data appeal, under § 668.192.

(c) *Participation rate index challenges.*

(1)(i) You may challenge an anticipated loss of eligibility under § 668.187(a)(1), based on one cohort default rate over 40 percent, if your participation rate index for that cohort’s fiscal year is equal to or less than 0.06015.

(ii) You may challenge an anticipated loss of eligibility under § 668.187(a)(2), based on three cohort default rates of 25 percent or greater, if your participation rate index is equal to or less than 0.0375 for any of those three cohorts’ fiscal years.

(2) For a participation rate index challenge, your participation rate index is calculated as described in § 668.195(b), except that—

(i) The draft cohort default rate is considered to be your most recent cohort default rate; and

(ii) If the cohort used to calculate your draft cohort default rate included fewer than 30 borrowers, you may calculate your participation rate index for that fiscal year using either your most recent draft cohort default rate or the average rate that would be calculated for that fiscal year, using the method described in § 668.183(d)(2).

(3) You must send your participation rate index challenge, including all supporting documentation, to us within 45 days after you receive your draft cohort default rate.

(4) We notify you of our determination on your participation rate index challenge before your official cohort default rate is published.

(5) If we determine that you qualify for continued eligibility based on your participation rate index challenge, you will not lose eligibility under § 668.187 when your next official cohort default rate is published. A successful challenge that is based on your draft cohort default rate does not excuse you from any other loss of eligibility. However, if your successful challenge of a loss of eligibility under paragraph
