Year-to-date total of five-year costs of House mandatory spending:

\$0.00

An authorization explicitly allows funding for a certain program and / or directs a federal agency to take a certain action. Authorizations express the House's intent to spend, however, actual funding is provided through the annual appropriations process. Authorizations that would result in no net cost are not reported here.

Mandatory spending directly establishes an appropriation. No subsequent action is required for the money to be spent.
