incline (1:12), and/or served by elevators capable of accommodating a wheelchair 29" wide by 45" long.

(iii) Doorways to guest rooms, including the doorway to the bathroom, shall be at least 30" in clear width.

(iv) Bathrooms shall have wall mounted grab bars at the tub and water closet.

(v) Guest rooms for persons with a disability shall be provided at the same rate as a guest room for other attendees.

(7) *Water Fountains.* Water fountains shall be accessible to disabled persons, or have cup dispensers for use by persons in wheelchairs.

(c) Provisions of Services for Sensory Impaired Attendees.

(1) The Contractor, in planning the meeting, conference, or seminar shall include in all announcements and other materials pertaining to the meeting, conference, or seminar a notice indicating that services will be made available to sensory impaired persons attending the meeting, if requested within five (5) days of the date of the meeting, conference, or seminar. The announcement(s) and other material(s) shall indicate that sensory impaired persons may contact a specific person(s), at a specific address and phone number(s), to make their service requirements known. The phone number(s) shall include a teletype number for the hearing impaired.

(2) The Contractor shall provide, at no cost to the individual, those services required by persons with sensory impairments to insure their complete participation in the meeting, conference, or seminar.

(3) As a minimum, when requested in advance, the Contractor shall provide the following services:

(i) For hearing impaired persons, qualified interpreters. Provisions will also be made for volume controlled phone lines and, if necessary, transportation to local teletype equipment to enable hearing impaired individuals to receive and send meeting related calls. If local teletype equipment is not available, the Contractor shall provide on-site teletype equipment. Also, the meeting rooms will be adequately illuminated so signing by interpreters can be easily seen.

(ii) For vision impaired persons, readers and/or cassette materials, as necessary, to enable full participation. Also, meeting rooms will be adequately illuminated.

(iii) Agenda and other conference material(s) shall be translated into a usable form for the visually and hearing impaired. Readers, braille translations, and/or tape recordings are all acceptable. These materials shall be available to sensory impaired individuals upon their arrival.

(4) The Contractor is responsible for making every effort to ascertain the number of sensory impaired individuals who plan to attend the meeting, conference, or seminar. However, if it can be determined that there

4452.227-70 Reproduction of reports.

Include the following clause in the contract when the product is a report, data or other written material.

REPRODUCTION OF REPORTS (APR 1984)

Reproduction of reports, data, or other written material, if required herein, is authorized provided that the material produced does not exceed 5,000 production units of any page and that items consisting of multiple pages do not exceed 25,000 production units in aggregate. The aggregate number of production units is to be determined by multiplying pages times copies. A production unit is one sheet, size 8½×11 inches or less, printed on one side only, and in one color. All copy preparation to produce camera-ready copy for reproduction must be set by methods other than hot metal typesetting. The reports should be produced by methods employing stencils, masters, and plates which are to be used on single-unit duplicating equipment no larger than 11 by 17 inches with a maximum image of 10¾ by 14¼ inches and are prepared by methods or devices that do not utilize reusable contact negatives and/or positives prepared with a camera requiring a darkroom. All reproducibles (camera-ready copies for reproduction by photo offset methods) shall become the property of the Government and shall be delivered to the Government with the report, data, or other written material.

(End of clause)

4452.227-71 Coordination of Federal reporting requirements.

The following clause shall be included in contracts when appropriate:

COORDINATION OF FEDERAL REPORTING SERVICES (APR 1984)

In the event that it is a contractual requirement to collect information from 10 or more public respondents, the provisions of 44 U.S.C. chapter 35 (Coordination of Federal Reporting Requirements), shall apply to this contract. The contractor shall obtain

through the project Officer the required office of Management and Budget clearance before making public contacts for the collection of data or expending any funds for such collection. The authority to proceed with the collection of data from public respondents and the expenditure of funds therefore shall be in writing signed by the Contracting Officer.

(End of clause)

4452.227-72 Publication.

The following clause shall be used in all contracts under which it is anticipated that a report will be a product.

PUBLICATION (APR 1984)

(a) Definition. For the purpose of this clause "publication" includes (1) any document containing information intended for public consumption or (2) the act of, or any act which may result in, disclosing information to the public.

(b) General. The results of the research and development and studies conducted under this contract are to be made available to the public through dedication, assignment to the Government, or other such means as the Director of the Federal Emergency Management Agency shall determine.

(c) Reports furnished the Government. All intermediate and final reports of the research and development and studies conducted hereunder shall indicate on the cover or other initial page that the research and development and studies forming the basis for the report were conducted pursuant to a contract with the Federal Emergency Management Agency. Such reports are official Government property and may not be published or reproduced (in toto, in verbatim excerpt, or in a form approximating either of these) as an unofficial paper or article. The contractor or technical personnel (each employee or consultant working under the administrative direction of the contractor or any subcontractor hereunder) may publish such reports in whole or in part in a non-Government publication only in accordance with this paragraph (c) and paragraph (e)(1) of this clause.

(d) Publication by Government. The Government shall have full right to publish all information, data, and findings developed as a result of the research and development and studies conducted hereunder.

(e) Publication by contractor on technical personnel.

(1) Publication in whole or in part of contractor's reports furnished the Government. Unless such reports have been placed in the public domain by Government publication, the contractor or technical personnel (each employee or consultant working under the administrative direction of the contractor or

any subcontractor hereunder) may publish a report furnished the Government, in toto or in verbatim excerpt, but consistent with paragraph (c) of this clause may not secure copyright therein, subject to the following conditions and the conditions in paragraph (e)(4) and paragraph (f).

(i) During the first six months after submission of the full final report, if written permission to publish is obtained from the contracting officer.

(ii) After six months following submission of the full report, and if paragraph (e)(3) is inapplicable, if a foreword or footnote in the non-Government publication indicates the source of the verbatim material.

(2) Publication, except verbatim excerpts, concerning or based in whole or in part on results of research and development and studies hereunder. The contractor or technical personnel may issue a publication concerning or based in whole or in part on the results of the research and development and studies conducted under this contract and may secure copyright therein, but in so publishing is not authorized thereby to inhibit the unrestricted right of the Director of the Federal Emergency Management Agency to disclose or publish, in such manner as he may deem to be in the public interest, the results of such research and development and studies to the following conditions and the requirement in paragraph (e)(4):

(i) During the first six months after submission of the full final report, and if paragraph (e)(3) is inapplicable, if written waiver of the waiting period is obtained from the contracting officer.

(ii) After six months following submission of the full final report, and if paragraph (e)(3) is inapplicable, subject to Government exercise of an option that the publication contain a foreword or initial footnote substantially as follows:

The (research) (development) (studies) forming (part of) the basis for this publication were conducted pursuant to a contract with the Federal Emergency Management Agency. The substance of such (research) (development) (studies) is dedicated to the public. The author and publisher are solely responsible for the accuracy of statements or interpretations contained therein.

(3) General conditions if FEMA determines that contractor's final report contains patentable subject matter developed in contract performance. If the contracting officer determines that the contractor's full final report contains patentable subject matter developed in the performance of this contract and so notifies the contractor in writing prior to six months from date of submission of such report, no publication of verbatim excerpts from contractor's reports or publication concerning or based in whole or in part on the results of the research and development and
