§ 90.17

§ 90.17 Matching requirements.

- (a) The Federal share of a subgrant made under the State formula program may not be expended for more than 75% of the total costs of the individual projects described in a State's implementation plan. Section 2002(f). A 25% non-Federal match is required. This 25% match may be cash or in-kind services. States are expected to submit a narrative that identifies the source of the match.
- (b) In-kind match may include donations of expendable equipment, office supplies, workshop or classroom materials, work space, or the monetary value of time contributed by professional and technical personnel and other skilled and unskilled labor if the services they provide are an integral and necessary part of a funded project. The value placed on loaned or donated equipment may not exceed its fair rental value. The value placed on donated services must be consistent with the rate of compensation paid for similar work in the organization or the labor market. Fringe benefits may be included in the valuation. Volunteer services must be documented and, to the extent feasible, supported by the same methods used by the recipient organization for its own employees. The value of donated space may not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately owned building in the same locality. The basis for determining the value of personal services, materials, equipment, and space must be documented.
- (c) The match expenditures must be committed for each funded project and cannot be derived from other Federal funds. Nonprofit, nongovernmental victim services programs funded through subgrants are exempt from the matching requirement; all other subgrantees must provide a 25% match.
- (d) Indian tribes, who are subgrantees of a State under this Program, may meet the 25% matching requirement for programs under this subpart B by using funds appropriated by Congress for the activities of any agency of an Indian tribal government or for the activities of the Bureau of Indian Affairs

performing law enforcement functions on any Indian lands.

(e) All funds designated as match are restricted to the same uses as the Violence Against Women Program funds and must be expended within the grant period. The State must ensure that match is identified in a manner that guarantees its accountability during an audit.

§ 90.18 Non-supplantation.

Federal funds received under this part shall be used to supplement, not supplant non-Federal funds that would otherwise be available for expenditure on activities described in this part. Monies disbursed under this Program must be used to fund new projects, or expand or enhance existing projects. The VAWA funds cannot be used to supplant or replace existing funds already allocated to funding programs. Grant funds may not be used to replace State or local funds (or, where applicable, funds provided by the Bureau of Indian Affairs) that would, in the absence of Federal aid, be available or forthcoming for programs to combat violence against women. This requirement applies only to State and local public agencies. Section 2002(c)(4).

§ 90.19 State office.

- (a) Statewide plan and application. The chief executive of each participating State shall designate a State office for the purposes of:
- (1) Certifying qualifications for funding under this subpart B;
- (2) Developing a Statewide plan for implementation of the grants to combat violence against women in consultation and coordination with nonprofit, nongovernmental victim services programs, including sexual assault and domestic violence service programs; and
- (3) Preparing an application to obtain funds under this subpart B.
- (b) Administration and fund disbursement. In addition to the duties specified by paragraph (a) of this section, the office shall:
- (1) Administer funds received under this subpart B, including receipt, review, processing, monitoring, progress and financial report review, technical

assistance, grant adjustments, accounting, auditing and fund disbursements; and

(2) Coordinate the disbursement of funds provided under this part with other State agencies receiving Federal, State, or local funds for domestic or family violence and sexual assault prosecution, prevention, treatment, education, and research activities and programs.

§ 90.20 Application content.

- (a) Format. Applications from the States for the STOP Violence Against Women Formula Grant Program must be submitted on Standard Form 424, Application for Federal Assistance. The Office of Justice Programs will request the Governor of each State to identify which State agency should receive the Application Kit. The Application Kit will include a Standard Form 424, an Application for Federal Assistance, a list of assurances to which the applicant must agree, and additional guidance on how to prepare and submit an application for grants under this subpart.
- (b) *Requirements.* Applicants in their applications shall at the minimum:
- (1) Include documentation from nonprofit, nongovernmental victim services programs describing their participation in developing the plan as provided in §90.19(a);
- (2) Include documentation from prosecution, law enforcement, and victim services programs to be assisted, demonstrating the need for grant funds, the intended use of the grant funds, the expected results from the use of grant funds, and demographic characteristics of the populations to be served, including age, marital status, disability, race, ethnicity and linguistic background. Section 2002(d)(1);
- (3) Certify compliance with the requirements for forensic medical examination payments as provided in §90.14(a); and
- (4) Certify compliance with the requirements for filing and service costs for domestic violence cases as provided in § 90.15
- (c) Certifications. (1) As required by section 2002(c) each State must certify in its application that it has met the requirements of this subpart regarding

the use of funds for eligible purposes (§ 90.12); allocation of funds for prosecution, law enforcement, and victims services (§ 90.16(c)); non-supplantation (§ 90.18); and the development of a Statewide plan and consultation with victim services programs (§ 90.19(a)(2)).

(2) Each State must certify that all the information contained in the application is correct, that all submissions will be treated as a material representation of fact upon which reliance will be placed, that any false or incomplete representation may result in suspension or termination of funding, recovery of funds provided, and civil and/or criminal sanctions.

§ 90.21 Evaluation.

- (a) The National Institute of Justice will conduct an evaluation of these programs. A portion of the overall funds authorized under this grant Program will be set aside for this purpose. Recipients of funds under this subpart must agree to cooperate with Federally-sponsored evaluations of their projects.
- (b) Recipients of program funds are strongly encouraged to develop a local evaluation strategy to assess the impact and effectiveness of the program funded under this subpart. Applicants should consider entering into partnerships with research organizations that are submitting simultaneous grant applications to the National Institute of Justice for this purpose.

§ 90.22 Review of State applications.

- (a) Review criteria. The provisions of part T of the Omnibus Act and of these regulations provide the basis for review and approval or disapproval of State applications and amendments in whole or in part.
- (b) Intergovernmental review. This Program is covered by Executive Order 12372 (Intergovernmental Review of Federal Programs) and implementing regulations at 28 CFR part 30. A copy of the application submitted to the Office of Justice Programs should also be submitted at the same time to the State's Single Point of Contact, if there is a Single Point of Contact.
