**G&T Information Bulletin
No. 211, June 26, 2006**

TO: All State Administrative Agency Heads
All State Administrative Agency Points of Contact
All State Homeland Security Directors

FROM: Tracy Henke, Assistant Secretary for the Office of Grants and Training

SUBJECT: Courses removed from the G&T Federal Sponsored Course Catalog

Effective 31 May 2006, the following training programs will no longer be listed in the G&T Federal Sponsored Course Catalog since they are no longer sponsored by the DHS Office of Infrastructure Protection (OIP):

<u>Course/Title</u>	<u>Course Number</u>
1. IED/WMD Electronics Course	DHS-003-PROT
2. Underwater Hazardous Device Search Training -Underwater Terrorism Prevention Plans (UTPP) Module	DHS-019-RESP

Should a State/territory be interested in assuming sponsorship for one or more of these programs, please contact Dennis Sill and/or John Bartleson of DHS OIP at (703) 235-5779/5777, who will provide the contact name and phone number of the appropriate vendor.

The States and territories, through the State Administrative Agency (SAA) or their State/territory Training Point of Contact (TPOC), can authorize the offering of these classes three times without further sponsorship. If a State/territory wishes to offer these classes more than three times or on a regular basis with G&T funds, the SAA/TPOC should submit a request for addition to the State Sponsored Course Catalog and thereby become the new course sponsor. This may be accomplished through Web-Forms on the administration side of FirstResponderTraining.gov.

Any questions should be directed to CSID 1-800-368-6498.
