essential governmental functions, the maintenance of an annual operating budget, and the responsibility to provide essential services to the community. Eligibility for other assistance under the Stafford Act does not, by itself, establish entitlement to such a loan.

(b) Loan eligibility—(1) General. To be eligible, the local government must show that it may suffer or has suffered a substantial loss of tax and other revenues as a result of a major disaster or emergency, and it must demonstrate a need for financial assistance in order to provide essential municipal services. Loan eligibility is based on the financial condition of the local government and a review of financial information and supporting documentation accompanying the application.

(2) Substantial loss of tax and other revenues. The fiscal year of the disaster or the succeeding fiscal year is the base period for determining whether a local government may suffer or has suffered a substantial loss of revenue. Criteria used in determining whether a local government has or may suffer a substantial loss of tax and other revenue include the following disaster-related factors:

(i) Whether the disaster caused a large enough reduction in cash receipts from normal revenue sources, excluding borrowing, which affects significantly and adversely the level and/or categories of essential services provided prior to the disaster;

(ii) Whether the disaster caused a revenue loss of over 5 percent of total revenue estimated for the fiscal year in which the disaster occurred or for the succeeding fiscal year.

(3) Demonstrated need for financial assistance. The local government must demonstrate a need for financial assistance in order to perform essential governmental functions. The criteria used in making this determination may include some or all of the following factors:

(i) Whether there are sufficient funds to meet current fiscal year operating requirements;

(ii) Whether there is availability of cash or other liquid assets from the prior fiscal year;

44 CFR Ch. I (10-1-07 Edition)

(iii) Current financial condition considering projected expenditures for governmental services and availability of other financial resources;

(iv) Ability to obtain financial assistance or needed revenue from State and other Federal agencies for direct program expenditures;

(v) Debt ratio (relationship of annual receipts to debt service);

(vi) Displacement of revenue-producing business due to property destruction;

(vii) Necessity to reduce or eliminate essential services; and

(viii) Danger of municipal insolvency.

[70 FR 60446, Oct. 18, 2005]

§206.374 Loan application.

(a) Application. (1) The local government shall submit an application for a Special Community Disaster Loan through the GAR. The loan must be justified on the basis of need and shall be based on the actual and projected expenses, as a result of the disaster, for the fiscal year in which the disaster occurred and for the 3 succeeding fiscal years. The loan application shall be prepared by the affected local government and be approved by the GAR. FEMA has determined that a local government, in applying for a loan as a result of having suffered a substantial loss of tax and other revenue as a result of a major disaster, is not required to first seek credit elsewhere (see §206.377(c)).

(2) The State exercises administrative authority over the local government's application. The State's review should include a determination that the applicant is legally qualified, under State law, to assume the proposed debt, and may include an overall review for accuracy of the submission. The GAR may request the Regional Director to waive the requirement for a State review if an otherwise eligible applicant is not subject to State administration authority and the State cannot legally participate in the loan application process.

(b) *Financial requirements.* (1) The loan application shall be developed from financial information contained in the local government's annual operating budget (see paragraph (b)(2) of

Federal Emergency Management Agency, DHS

§206.374

this section) and shall include a Summary of Revenue Loss and Unreimbursed Disaster-Related Expenses, a Statement of the Applicant's Operating Results—Cash Position, and certification and assurances requested by the Associate Director.

(i) Copies of the local government's financial reports (Revenue and Expense and Balance Sheet) for the 3 fiscal years immediately prior to the fiscal year of the disaster and the applicant's most recent financial statement must, unless impracticable, accompany the application. The local government's financial reports to be submitted are those annual (or interim) consolidated and/or individual official annual financial presentations for the General Fund and all other funds maintained by the local government.

(ii) Each application for a Special Community Disaster Loan must also include:

(A) A statement by the local government identifying each fund (i.e. General Fund, etc.) which is included as its annual Operating budget, and

(B) A copy of the pertinent State statutes, ordinances, or regulations which prescribe the local government's system of budgeting, accounting and financial reporting, including a description of each fund account.

(2) Operating budget. For loan application purposes, the operating budget is that document or documents approved by an appropriating body, which contains an estimate of proposed expenditures, other than capital outlays for fixed assets for a stated period of time, and the proposed means of financing the expenditures.

(3) *Operating budget increases.* Budget increases due to increases in the level of, or additions to, municipal services not rendered at the time of the disaster or not directly related to the disaster shall be identified.

(4) *Revenue and assessment information.* The applicant shall provide information concerning its method of tax assessment including assessment dates and the dates payments are due.

(5) *Estimated disaster-related expense.* Unreimbursed disaster-related expenses of a municipal operating character should be estimated. (c) Federal review. (1) The Associate Director or designee shall approve a Special Community Disaster Loan to the extent it is determined that the local government has suffered a substantial loss of tax and other revenues and demonstrates a need for financial assistance as the result of the disaster to provide essential municipal services.

(2) Resubmission of application. If a loan application is disapproved, in whole or in part, by the Associate Director because of inadequacy of information, a revised application may be submitted by the local government within sixty days of the date of the disapproval. Decision by the Associate Director on the resubmission is final.

(d) Special Community Disaster Loan.(1) The loan shall not exceed the lesser of:

(i) The amount of projected revenue loss plus the projected unreimbursed disaster-related expenses of a municipal operating character for the fiscal year of the major disaster and the subsequent 3 fiscal years, or

(ii) 25 percent of the local government's annual operating budget for the fiscal year in which the disaster occurred.

(2) *Promissory note.* (i) Upon approval of the loan by the Associate Director or designee, he or she, or a designated Loan Officer will execute a Promissory Note with the applicant. The Note must be co-signed by the State (see paragraph (d)(2)(ii) of this section). The applicant should indicate its funding requirements on the Schedule of Loan Increments on the Note.

(ii) If the State cannot legally cosign the Promissory Note, the local government must pledge collateral security, acceptable to the Associate Director, to cover the principal amount of the Note. The pledge should be in the form of a resolution by the local governing body identifying the collateral security.

(e) Waiver of requirements. Notwithstanding any other provision of this or other sections promulgated pursuant to Public Law 109-88, the Associate Director may, upon the request of an applicant or loan recipient, waive any specific application requirement or financial reporting requirement (see, e.g., §206.375(a)(2)) upon a finding by the Associate Director that the effects of the major disaster prevent the applicant from fulfilling the application requirement and that waiving the requirements would be consistent with the purposes of the Community Disaster Loan Act of 2005.

[70 FR 60446, Oct. 18, 2005]

§206.375 Loan administration.

(a) *Funding.* (1) FEMA will disburse funds to the local government when requested, generally in accordance with the Schedule of Loan Increments in the Promissory Note. As funds are disbursed, interest will accrue against each disbursement.

(2) When each incremental disbursement is requested, the local government shall submit a copy of its most recent financial report (if not submitted previously) for consideration by FEMA in determining whether the level and frequency of periodic pay-ments continue to be justified. The local government shall also provide the latest available data on anticipated and actual tax and other revenue collections. Desired adjustments in the disbursement schedule shall be submitted in writing at least 10 days prior to the proposed disbursement date in order to ensure timely receipt of the funds.

(b) *Financial management.* (1) Each local government with an approved Special Community Disaster Loan shall establish necessary accounting records, consistent with local government's financial management system, to account for loan funds received and disbursed and to provide an audit trail.

(2) FEMA auditors, State auditors, the GAR, the Regional Director, the Associate Director, the Department of Homeland Security Inspector General, and the Comptroller General of the United States or their duly authorized representatives shall, for the purpose of audits and examination, have access to any books, documents, papers, and records that pertain to Federal funds, equipments, and supplies received under §§ 206.370 through 206.377.

(c) *Loan servicing.* (1) The applicant annually shall submit to FEMA copies of its annual financial reports (operating statements, balance sheets, etc.) for the fiscal year of the major dis44 CFR Ch. I (10–1–07 Edition)

aster, and for each of the 3 subsequent fiscal years.

(2) FEMA will review the loan periodically. The purpose of the reevaluation is to determine whether projected revenue losses, disaster-related expenses, operating budgets, and other factors have changed sufficiently to warrant adjustment of the scheduled disbursement of the loan proceeds.

(3) FEMA shall provide each loan recipient with a loan status report on a quarterly basis. The recipient will notify FEMA of any changes of the responsible municipal official who executed the Promissory Note.

(d) *Inactive loans.* If no funds have been disbursed from the loan program, and if the local government does not anticipate a need for such funds, the note may be cancelled at any time upon a written request through the State and Regional Office to FEMA.

[70 FR 60446, Oct. 18, 2005]

§206.376 [Reserved]

§206.377 Loan repayment.

(a) *Prepayments.* The local government may make prepayments against loan at any time without any prepayment penalty.

(b) *Repayment.* Loan funds become due and payable in accordance with the terms and conditions of the Promissory Note. The note shall include the following provisions:

(1) The term of a loan made under this program is 5 years, unless extended by the Associate Director. Interest will accrue on outstanding cash from the actual date of its disbursement by FEMA or FEMA's designated Disbursing Agency.

(2) The interest amount due will be computed separately for each Treasury disbursement as follows: I = P X R XT, where I = the amount of simple interest, P = the principal amount disbursed; R = the interest rate of the loan; and, T = the outstanding term in years from the date of disbursement to date of repayment, with periods less than 1 year computed on the basis of 365 days/year.

(3) Each payment made against the loan will be applied first to the interest computed to the date of the payment, and then to the principal. Prepayments
