From The Cincinnati Gazette. May 15, 1882.

Within a very few years the preparation, placing and management of newspaper advertising have been focalized in a jointure, of which one phase involves professional knowledge and skill as definite as those of the law or medicine, while another phase requires business capacity and capital of high order and degree. These are absolute conditions of large success in general advertising, and they are the genesis and genius of a very few large advertising agencies in the United States, among which, as related to the conditions named, Messrs. N. W. Ayer & Son, Philadelphia, are almost universally conceded the leading position.

The time has gone when an advertising agent's hold was in doing business cheaper than another, and the time has fully come when honest, thoughtful, careful study and work; thorough knowledge of all the elements involved in successfully reaching the public eye, mind and confidence; ample capital and business abilities fitted for really great transactions, can alone command advertisers, on the one hand, and publishers on the other. The full recognition of these facts and this blending of mental, moral and business requisites, are the factors in the remarkable success of the firm named, handling probably the largest amount of advertising business held by any one agency in the world. Their business is not that of a few large customers, but a steady flow of large and small clients who want the best possible results, and know that advertising is a business which few understand and in which they can only afford to secure the best and most reliable counsel.

The agency in question started on the theory that newspaper advertising is invaluable to every manufacturer and dealer in legitimate goods of merit. They went into it determined to keep out of the conventional scramble to secure the most that might be going, and make the most out of it, and with the purpose of building up a clientage of producers and dealers who were not yet advertisers, but who might be led into new and broader paths, once convinced that they were wise to walk therein, Ayer & Son became not only the inciters of such, but their helpers and counselors, so that, having demonstrated the wisdom of advertising, and their own ability and conscientiousness in conducting it, they have hundreds of customers, large and small, from whom they have carte blanche in the entire preparation, placing and administration of their advertising work. The large success of this great agency shows that its theory is correct, and that its results are of the best and broadest.

INTRODUCTION.

GEOGRAPHICAL ARRANGEMENT.

THE ANNUAL is arranged by States in geographical order for the convenience of advertisers who desire to cover any particular section of the country. The grouping together of neighboring States saves time and labor in making up advertising lists. For those, however, who prefer an alphabetical arrangement, the alphabetical index, running head-lines and title-pages afford ample means for ready reference.

POPULATION.

United States populations are from the Census of 1880,—Canadian, from that of 1881. In a few instances, where the population of places was not separately returned by the enumerators, and in others where the number of inhabitants has greatly increased within the past two years, local information has been made use of, and all such are marked "est." (estimated).

THE STATE AND COUNTY HEADINGS,

an important feature of the work, subject to constant and careful revision, are of great value to advertisers of specialties, who, by carefully examining them, can readily decide which counties are likely to prove remunerative territory, and thus confine their expenditures within limits which may be expected to yield the greatest return for their outlay.

NOTE.—An effort has been made to place the leading crops first in order, but it may be well to state, that in the case of manufactures, it is not intended to enumerate all the manufacturing interests of each county, but simply to designate those counties which, from the extent of their manufacturing interests, give reasonable promise of fair return to those whose advertisements appeal particularly to the manufacturing classes. For instance, where manufactures are enumerated and the word "Manufactures" is printed in **bold-face** type, the county is considered to be a good field for special advertising, each advertiser, of course, to decide for himself what particular locality best suits his specialty. Where the manufactures, however, are limited in number or in the value of products, and the word is printed in roman type, the inference is, that while there may possibly be considerable manufacturing done in the county, it does not prevail to such an extent as to particularly affect its value from an advertiser's standpoint. So, too, many counties in which no mention whatever is made of manufactures, may yet have varied manufacturing interests scattered through them, or there may indeed be one or more important interests located in them, but they are not deemed sufficiently important to recommend them as specially valuable for that species of advertising which appeals largely to the mechanical and laboring classes for its returns.

CIRCULATION.

Circulations for which affidavits have been furnished have been set in **bold-face** type in the Catalogue, and designated by an asterisk (*) in the County and Class Lists. Those claimed by publishers are marked with a double dagger (‡) throughout the book; those set in roman figures and unmarked, represent our own estimates.

Circulation is not given in the following instances—where the paper has been established during the current year; in many cases where it appears

for the first time in the Annual; where the information received is unsatisfactory, or the reports are conflicting; where publishers have requested omission; and where the publication is devoted exclusively, or nearly so, to advertising the business or interests of individuals, business houses or corporations. Papers of this latter class are designated in the Catalogue as "issued for advertising purposes," and in the County and Class Lists by the letters "*Adv.*" in the circulation column.

Aiming at strict impartiality in this important part of our work, and desiring always to be just to publishers, in our efforts to procure accurate and trustworthy information for advertisers, we shall gladly receive communications from any who may consider themselves unfairly dealt with in the estimate placed upon the circulation of their papers, and will cheerfully correct in future editions any mistakes made in the present one, if furnished with satisfactory evidence of our error.

Papers which are believed to decline general advertising are designated in the Catalogue by the words "*No Advs.*" in the circulation column, and are omitted entirely from the County and Class Lists.

The political majorities and pluralities are those of the Presidential election of 1880, that being chosen as the standard in the belief that a general election affords the best evidence of the actual political proclivities of the people.

NEWSPAPER ADVERTISEMENTS.

In order to make the advertisements of greater value to publishers, in addition to the index (pages 901 to 910), we have printed in the Catalogue against the name of each paper having an advertisement, the number of the page on which that advertisement appears. This will enable an advertiser to refer directly to it, without the aid of an index, and that, too, at the moment when the information it contains would be likely to interest him most. A careful examination of the advertising pages will result in the acquisition of a mass of valuable information which, for the sake of compactness and facility of reference, must necessarily be excluded from the Catalogue itself.

The revision of this book for the edition of 1884 will be commenced immediately, and publishers of newspapers will confer a favor by notifying us of the establishment, suspension, or change of any papers within their knowledge, or by calling our attention to any inaccuracies in the present edition, that may come to their notice.

HOW TO OBTAIN AN ESTIMATE.

In writing to ascertain the cost of advertising, please observe the following suggestions:

1. When possible, always send copy of your advertisement. If you have no printed copy, send it in writing.

2. Mention the space you wish it to occupy in LINES or INCHES. Don't say anything about squares. The size of an advertising square varies from four lines to two and a half inches.

3. Name the papers you wish to use. If undecided on this point, state the cities and towns, or at least the particular section of country you would like to reach.

4. State the length of time you desire it inserted in the different papers.

5. In case your plans are not fully matured, it is always well to state about the amount of money you purpose expending. By so doing you will enable us to make the most suitable selection for your use, including only the best and cheapest papers to cover the ground.

ADVERTISING AGENTS,
Times Building, Philadelphia.

FOR many years we have made Newspaper Advertising our close and constant study—we confine our attention exclusively to this branch of business, and are prepared to place any American newspaper advertising economically, promptly and satisfactorily. We have no specialties to urge upon an advertiser, but give thoughtful, unprejudiced advice regarding selection of papers best adapted to accomplish the desired purpose.

Our Agency was established in 1869, and we now handle a greater volume of business, occupy more room, and have a larger force of employees, than any other house in our line.

We mention these facts as evidence of our ability to successfully and satisfactorily place any advertising entrusted to our care.

We shall be pleased to hear from any parties who think of doing any newspaper advertising—to all such we furnish, without charge, full information, estimates of probable cost, and proofs of advertisements.

AMERICAN NEWSPAPERS

GIVING THE PLACES IN WHICH THEY ARE PUBLISHED IN THE UNITED STATES, TERRITORIES, AND DOMINION OF CANADA, ARRANGED ALPHABETICALLY IN STATES BY GEOGRAPHICAL SECTIONS; THE COUNTIES IN WHICH THE PLACES ARE SITUATED, AND THE POPULATION OF EACH; AND IN CONNECTION WITH THE PAPERS THE FREQUENCY OF ISSUE, POLITICS, DENOMINATION OR GENERAL CHARACTER, YEAR OF ESTABLISHMENT, SIZE, CIRCULATION, AND PUBLISHER'S PRICE FOR TEN LINES ONE MONTH.

Populations in the United States are from the Census of 1880. Canadian populations are from the Census of 1881.

Circulations for which affidavits have been furnished, are printed in **bold-face** figures; those furnished by publishers, but not sworn to, are designated by a double-dagger (‡); those unmarked are estimated.

When statement of circulation is omitted, we have been unable to obtain any satisfactory information, or the paper was established during the current year, or else is issued for advertising purposes. The word "*decline*" indicates that the publishers have declined or objected to furnish any statement for publication.

County-seats are indicated by a dagger (†).

KIND WORDS FOR THE ANNUAL.

From Andrew's American Queen, New York. Nov. 4, 1882.

In these days of rush and whirl of commerce, which is pushing forward with such unexampled rapidity that the figures expressing it are absolutely bewildering to the common mind, it seems to be necessary for those engaged in business pursuits to use the means afforded by the exigencies of the time to keep pace with its progress and to extend it successfully. One of the means to accomplish this result is that of advertising through the thousands of newspapers and journals now being printed and published throughout the length and breadth of this land. There are special agencies organized for the dissemination of the knowledge which the people want, as to when and where to give their patronage for what they need. The most important of these is the work now before us. This large volume, published by Messrs. N. W. Ayer & Son, supplies a needed want not only to business men generally, but to publishers of journals, by giving a carefully prepared list of newspapers and periodicals in the United States and Canada, to which reference can be had for any special point where merchants and others may desire to receive custom for their trade. In addition to this there is much valuable statistical information useful to politicians and citizens generally, and well worth the price of the book. As made up by Messrs. Ayer & Son, this work should have a place in every public and private library in the country, and is commended for the value and methodical arrangement of its contents.

From The Inter Ocean, Chicago, Ill. Nov. 4, 1882.

It is replete with valuable facts and statistics for the business man, and all so admirably and systematically arranged as to make reference easy. It can be marked as a model book of the kind. It will be found useful for reference in the counting-room, and for all general purposes, and as far as we can determine, after somewhat careful examination, the facts are not only well chosen but accurate, a very important factor in such books."

From The Daily Republican, Springfield, Mass. Nov. 16, 1882.

Among the newspaper directories annually issued by the prominent advertising agencies, the American Newspaper Annual is especially noteworthy. This comprehensive yet compact volume contains a vast amount of information, substantially reliable, in regard to an interest now grown into enormous proportions and great commercial importance.

From The Iowa Farmer, Cedar Rapids, Iowa. Nov. 15, 1882.

We unhesitatingly pronounce it the best and most complete newspaper directory ever published in America. It is a mystery to us how any editor, publisher or advertiser, or in fact any man who has the slightest business with the American press, can afford to be without one at his elbow.

From The Daily News, Chicago, Ill. Dec. 15, 1882.

The American Newspaper Annual is a Directory as comprehensive and reliable as can be produced.

A COMPLETE CATALOGUE OF ALL PAPERS, IN WHATEVER LANGUAGE, PUBLISHED IN THE UNITED STATES, TERRITORIES, AND DOMINION OF CANADA, WHICH INSERT ADVERTISEMENTS, ARRANGED ALPHABETICALLY BY COUNTIES, AND GEOGRAPHICALLY IN STATES BY SECTIONS, GIVING THE LOCATION, AREA, NATURAL FEATURES, CHIEF PRODUCTS AND MANUFACTURES, COUNTY-SEAT, POPULATION, AND POLITICAL MAJORITY OF EACH STATE, TERRITORY, AND COUNTY IN THE UNITED STATES, AND THE GENERAL CHARACTERISTICS AND CIRCULATION OF EACH PAPER ACCORDING TO THE LATEST AND BEST OBTAINABLE INFORMATION.

Populations in the United States are from the Census of 1880. Canadian populations are from the Census of 1881.

Circulations for which affidavits have been furnished, are designated by an asterisk (*); those furnished by publishers, but not sworn to, are designated by a double-dagger (‡); those unmarked are estimated.

When statement of circulation is omitted, we have been unable to obtain any satisfactory information, or the paper was established during the current year, or else is issued for advertising purposes, in which latter case "adv." is placed in the circulation column. The word "decline" indicates that the publishers have declined or objected to furnish any statement for publication.

County-seats are indicated by a dagger (†). Unless otherwise specified, the papers are issued weekly.

MAINE.

Population 648,936.....Rep. Plur. 8,868

Gbk. vote, 4,408.

STATE CAPITAL, AUGUSTA.

MAINE is the most northeasterly State in the Union, bounded on the north by Quebec and New Brunswick, east by New Brunswick, south by the Atlantic Ocean, and west by New Hampshire and Quebec; land area, 29,895 square miles. The northern part is mainly a wilderness of forest-land with rugged surface and groups of detached mountains: thinly peopled, except in the fertile tracts of Aroostook County in the northeast inhabited by French Canadians. The southern part is varied, seldom much broken, and has tracts of great fertility, while others are only moderately fertile, especially in the southeast. The hay and potato crop is large and excellent; corn thrives in the south, and winter wheat in the northeast; oats are very fine and prolific, and barley next. Dairy products are of great value. Large numbers of horses and cattle are exported. Wool is abundant and of good quality. The principal fruits are the cherry, plum, pear, and apple. The State holds a prominent position in the lumber trade; fisheries are important, and the canning of fish, lobsters, green-corn, fruits, and vegetables is extensively carried on. The seaboard towns enjoy a large coasting and West India trade. Cotton manufacture is one of the leading industries. Large quantities of lime are exported from Camden, Rockland, and Thomaston. Granite is extensively quarried at Bath, Dix Island, Hallowell, Rockland, West Sullivan, etc. Ice is an important and profitable article of export. The chief seats of the lumber trade are, Bangor, Biddeford, Calais, Eastport, Fairfield, and Machias; of cotton manufacture, Augusta, Biddeford, Lewiston, and Saco; of ship building, Bath, Bangor, Belfast, Calais, Damariscotta, Machias, Rockland, Thomaston and Waldoboro. Woolens are made at Bridgeton, Dexter, Lewiston, Sanford, and Warren; boots and shoes at Auburn, Fairfield, Farmington and Richmond. Bangor has foundry and machine shops, furniture factories, and steam planing mills. Apart from these special branches of trade, Belfast, Ellsworth, Gardiner, Hallowell, Portland, Rockland, Skowhegan, and Waterville are seats of varied and extensive manufactures.

There are 16 Counties in Maine. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 53, of which the 13 designated by a dagger (†) are county-seats. Of the 115 papers which insert advertisements published in the State, 10 are daily, 1 tri-weekly, 85 weekly, 2 bi-weekly, 16 monthly, and 1 quarterly.

NEW HAMPSHIRE.

Population 346,991.....Rep. Plur. 4,058

Gbk. vote, 528.

STATE CAPITAL, CONCORD.

NEW HAMPSHIRE is bounded on the north by Quebec, east by Maine and the Atlantic Ocean, south by Massachusetts, and west by Vermont. Its length is 180 miles from north to south; its extreme breadth 93 miles; average breadth 50 miles; land area, 9,005 square miles. Most of the State, except the southeastern part, has a rough and hilly surface. In the northern part are the White Mountains. The State is generally well wooded, and the yield of timber is very large. The Valley of the Connecticut is famed for the beauty of its farms and villages. In productions, the hay-crop is by far the most valuable, and while this is steadily increasing the agricultural interests have for some years been gradually declining. While there are some very fertile tracts among the valley lands, the greater part of the surface is rugged and stony, and much more valuable as woodland or pasture than as tilled land. Oats, barley, rye, buckwheat, and corn are very generally cultivated. Dairy farming and wool-growing are followed to some extent. Tobacco is grown in Cheshire County, in the southwestern part of the State. Fruit-raising is generally profitable. In some localities southward the peach is successfully cultivated. Fine building granite is extensively quarried at Concord, Milford, Pelham, Plymouth, and other points, and a fine soapstone at Franconstown. Iron-ore is mined principally at Franconia, but abounds in several other localities. There is a thin vein of tin at Jackson. Lead, silver, and zinc are developed in Madison and Warren. Manufactures constitute by far the largest industry. There is scarcely a town of any considerable size without its important manufacture. It is especially noted for its textile interests. According to the census of 1870, in the value of cotton goods produced, New Hampshire was excelled only by Massachusetts, Rhode Island, and Pennsylvania. The other main industries are boots and shoes, carriages, flouring-mills, saddlery, clothing, starch, etc.

There are 10 Counties in New Hampshire. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 53, of which the 11 designated by a dagger (†) are county-seats. Of the 93 papers which insert advertisements published in the State, 11 are daily, 76 weekly, 2 bi-weekly, 3 semi-monthly, and 6 monthly.

VERMONT.

Population 332,286.....Rep. Plur. 27,251

Gbk. vote, 1,215.

STATE CAPITAL, MONTPELIER.

VERMONT is the most northwesterly of the New England States, bounded north by Quebec, east by New Hampshire, south by Massachusetts, and west by New York. It is 130 miles long by from 85 to 85 miles wide, with a land area of 9,135 square miles. The Green Mountains traverse it from north to south, mainly in two ranges, generally covered with dense forests, but affording excellent pasturage. Western Vermont and a large tract of the eastern part comprise beautiful pastoral regions, but the central part is rugged and mountainous. The best soil is found on the western slope of the mountains near the border of Lake Champlain, and in the valley lands of the Connecticut River. The State occupies a prominent position in agriculture. When its area, population, amount of forest-land, and long severe winters are considered, there is perhaps no other State that yields so large a return. All the ordinary agricultural staples are abundantly produced; wool and dairy products are large and excellent; cattle, sheep, and horses are raised in large numbers, and the yield of maple-sugar is unequalled. Manufactures occupy a prominent position in its industries, and cover a wide range of goods. Large quantities of lumber are exported, and marble and slate extensively quarried. The principal marble quarries are at Brandon, Castleton, Dorset, Fair Haven, Isle La Motte, Manchester, Middlebury, New Haven, Proctorsville (serpentine), Rosebury (verd-antique), Rutland, Shelbourne and Swanton; slate quarries at Castleton, Fair Haven, Guilford, and Putney. Potters' clay comes from Bennington and Rutland; steatite from Castleton and Grafton. Manganese, brown hematite, kaolin and ochre from Brandon; copper-ore from Vershire and Corinth.

There are 14 Counties in Vermont. Newspapers are published in 13.—Cities, towns, and villages in which papers are published number 36, of which 9 designated by a dagger (†) are county-seats. Of the 60 papers which insert advertisements published in the State, 4 are daily, 48 weekly, 1 every three weeks, and 7 monthly.

MASSACHUSETTS.

Population 1,783,085.....Rep. Plur. 53,245

Gbk. vote, 4,548.

STATE CAPITAL, BOSTON.

MASSACHUSETTS is bounded north by Vermont and New Hampshire, east by the Atlantic Ocean, south by the Atlantic Ocean and by Rhode Island and Connecticut, and west by Rhode Island and New York. Its extreme length is 160 miles, and breadth from 47 to about 90 miles; land area, 8,040 square miles. The surface is greatly diversified; mountainous in the extreme west; hilly and broken in the east and northeast, and in the southeast mainly low and sandy. Toward the east is the fertile Valley of the Connecticut River. The mountains are the Green, the Taconic, and the Hoosac, with detached members of the White Mountains. The soil is generally somewhat sterile, but energy and intelligence have succeeded in making it very productive. The Connecticut Valley, however, can hardly be excelled for fertility. Dairy products are very extensive, as is also the yield of wool, hay, maple-sugar, and honey. Corn and potatoes are very largely produced. Of grain, the crop of oats, rye, and barley is large, buckwheat moderate, and wheat (winter), small. The tobacco crop is very great; live-stock abundant (cattle largely in excess). More than half the fishing vessels owned in the United States belong to Massachusetts. Its direct imports in 1874 amounted to \$52,737,580, and its exports to \$30,746,777. Manufactures, however, constitute by far the largest of its industries. Not only is it the center of the American boot, shoe, leather, wool, and cotton trades, but all the large towns are busy seats of more or less numerous branches of manufacture. The chief seats of the ship-building interests are Boston, Newburyport, and Salem. The State is rich in building-stone, principally granite, which is largely quarried at Rockport, Graniteville, Fall River, and Quincy; a handsome brown sandstone in the Connecticut Valley, and marble and limestone in Berkshire County; Berkshire County has also deposits of excellent iron-ore, which is extensively mined and smelted. The State has some coal, but it has not been worked to any extent, its excessive hardness rendering its use unprofitable, except in special cases.

There are 14 Counties in Massachusetts. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 151, of which the 19 designated by a dagger (†) are county-seats. Of the 433 papers which insert advertisements published in the State, 42 are daily, 9 semi-weekly, 280 weekly, 7 bi-weekly, 3 semi-monthly, 81 monthly, 3 bi-monthly, and 8 quarterly.

RHODE ISLAND.

Population 276,531.....Rep. Plur. 7,416

Gbk. vote, 236.

STATE CAPITALS, NEWPORT AND PROVIDENCE.

RHODE ISLAND is bounded on the north and east by Massachusetts, south by the Atlantic Ocean, and west by Connecticut. Its extreme length from north to south is 47½ miles; extreme breadth, 40 miles; average breadth, 35 miles; land area, 1,085 square miles. The surface is for the most part rough, hilly, and stony. There are no mountains, and few hills of any eminence. Nearly one fourth is woodland. Soil generally fertile, especially that of the smaller islands; but parts are level and marshy. Rhode Island is not an agricultural State. The wheat and buckwheat crop is merely nominal; other cereals small; dairy and market-garden produce and live-stock very moderate. In 1870 nearly one fourth of the population was engaged in manufacturing. The most prominent industries are cotton, woolen and worsted goods, machinery, jewelry, silver and plated ware, clothing, iron and ironware, rubber and elastic goods, leather, refined sugar and molasses, and flouring-mill products. Coal is mined at Cumberland, Portsmouth, and Valley Falls, but is hard and difficult to burn. There are extensive granite quarries at Westerly.

There are 5 Counties in Rhode Island. Newspapers are published in all. — Cities, towns, and villages in which papers are published number 15, of which the 4 designated by a dagger (†) are county-seats. Of the 45 papers which insert advertisements published in the State, 7 are daily, 2 semi-weekly, 30 weekly, 1 bi-weekly, 4 monthly, and 1 quarterly.

CONNECTICUT.

Population 622,700.....Rep. Plur. 2,656

Gbk. vote, 868.

STATE CAPITAL, HARTFORD.

CONNECTICUT is bounded north by Massachusetts, east by Rhode Island, south by Long Island Sound, and west by New York. Its average length from east to west is 86 miles; its average breadth, 55 miles; land area, 4,845 square miles. The eastern part is principally composed of rounded hills, which, though stony, afford rich pasturage; and the valleys support a thrifty agricultural and manufacturing population. The Connecticut Valley, near the river, and at a distance from the Sound, is very fertile. In the south the land is broken and the soil sandy and gravelly, but when well manured yields good crops of potatoes, rye, oats, and corn. In the west the surface is rough and the hills are abrupt. Agriculture is not a leading industry. Dairy products and hay are the principal staples of the east and west. Tobacco is largely grown in the Connecticut Valley. Corn, rye, oats, and potatoes are grown in nearly all sections. The land near the large cities and towns is chiefly devoted to market-gardening. Connecticut is mainly a manufacturing State, and its industries are very extensive and varied. Excellent iron is made from Connecticut ores, and very large quantities of brown stone are taken from the celebrated Portland sandstone quarries.

There are 8 Counties in Connecticut. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 55, of which the 8 designated by a dagger (†) are county-seats. Of the 134 papers which insert advertisements published in the State, 21 are daily, 91 weekly, 1 every ten days, 2 bi-weekly, 1 every third week, 16 monthly, 1 bi-monthly, and 1 quarterly.

NEW YORK.

Population 5,082,871.....Rep. Plur. 21,033

Gbk. vote, 12,373.

STATE CAPITAL, ALBANY.

NEW YORK is bounded on the north and northwest by Lake Ontario and the provinces of Ontario and Quebec, east by Vermont, Massachusetts, Connecticut, and the Atlantic Ocean, south by the Atlantic Ocean, New Jersey, and Pennsylvania, and west and northwest by Pennsylvania and Lake Erie. Its greatest length from north to south is 312 miles; its greatest breadth 412 miles; land area, 47,620 square miles. The surface is exceedingly diversified. It has numerous ranges of mountains, chains of hills, many beautiful valleys, much undulating land, some broad plains, and numerous beautiful lakes. The greater portion of the soil is arable, much of it exceedingly fertile. The mountainous districts are mainly good grazing land, and the dairy products are enormous, notably in St. Lawrence County. Immense crops of cereals are grown in the valley lands; tobacco is raised in several counties, and corn generally throughout the State. In the neighborhood of the large cities, market-gardening is extensively carried on. The State is well wooded, and the timber varied and excellent. It abounds in building-stone, consisting of granite, white and colored marbles, of which those of Westchester County are the most important; Potsdam and Medina sandstones and gray and blue limestones; also in fine brick-clay. It has large quarries of slate and stone for flagging. A vast amount of salt is made, chiefly from the springs of Onondaga County. There are also illuminating gas springs in several counties. New York has no coal. In 1870 the State ranked first in the value of its manufactures. The industries cover almost the whole range of business, and are well distributed over the State. In 1874 it had in vessels of all classes a tonnage of over 1,700,000 tons, more than a third of the tonnage of the country. The fishing industry is relatively large and valuable.

There are 60 Counties in New York. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 382, of which the 59 designated by a dagger (†) are county-seats. Of the 1,414 papers which insert advertisements published in the State, 139 are daily, 3 tri-weekly, 21 semi-weekly, 893 weekly, 16 bi-weekly, 23 semi-monthly, 279 monthly, 4 bi-monthly, 35 quarterly, and 1 semi-annual.

PENNSYLVANIA.

Population 4,282,892.....Rep. Plur. 37,276

Gbk. vote, 20,668.

STATE CAPITAL, HARRISBURG.

PENNSYLVANIA is bounded north by New York and Lake Erie, east by New York and New Jersey, south by Delaware, Maryland, and West Virginia, and west by West Virginia and Ohio. Its greatest length from east to west is about 302 miles; its greatest breadth about 175 miles; mean length 280 miles; mean breadth 158 miles; land area, 44,985 square miles. The surface is exceedingly varied, chiefly level or slightly undulating in the southeast, hilly and mountainous in the interior, and generally rolling or broken in the west. A series of parallel ridges, members of the Appalachian system, each with a distinct name, traverse the State from northeast to southwest. The easternmost of these is the South Mountain, an extension of the Blue Ridge, and the westernmost and highest the Allegheny, from which the surface slopes generally toward Ohio. Nearly one fourth of the State is wooded, and a very large amount of lumber is manufactured, Williamsport and Lock Haven being the chief centres of this industry. The soil of the valleys and plains is generally fertile, and some of it exceedingly so. Lancaster County, and some of the counties bordering on the Ohio River, are the most productive. The State excels in dairy and market-garden produce and all the agricultural staples of the Northern States. The tobacco crop is exceeded only by that of Kentucky and Virginia, reaching in 1880 nearly 37,000,000 lbs., of which amount Lancaster County alone produced two-thirds, and York nearly 6,000,000 lbs. Its beds of anthracite and bituminous coal and iron-ore, and the great oil basin, are sources of immense wealth. Anthracite coal is found mainly in the counties of Carbon, Dauphin, Luzerne, and Schuylkill, to some extent in Columbia and Northumberland, and semi-anthracite in limited areas in Sullivan and Wyoming. Bedford, Bradford, Centre, Clearfield, Fulton, Lycoming, and Tioga counties contain fields of semi-bituminous coal, while the bituminous coal beds are located beyond the main Allegheny Ridge, every county west of it, with the exception of Erie, yielding more or less of this coal. Mercer supplies a good block coal for furnace use. The petroleum region is situated mainly in the counties of Venango, Butler, McKean, and Clarion. Salt springs abound in the same region, also natural gas wells, the gas from which is used for heating and lighting purposes. It is rich in minerals, slate, and building-stone of many kinds. There are many medicinal springs, the principal of which are at Bedford, Doubling Gap, Ephrata, Yellow Springs, and York. The southeastern corner of the State (bounded by a line running from Trenton, N. J., to Norristown, thence nearly to Lebanon, thence across the Susquehanna in a southwesterly direction to the Maryland line, east of Gettysburg), is rich in limestone and marble, of which great quantities are quarried for use in Philadelphia. This region also produces combined iron and chromium ores, hematite, magnetic iron, and corundum. Nickel is found at Lancaster, galena at Phoenixville, zinc at Friedensville and Bethlehem. A handsome black limestone is quarried at Williamsport, roofing-slates in the Lehigh and Delaware Valleys, Silurian limestone in the Cumberland Valley and at other points. In manufactures, Pennsylvania is second only to New York, and Philadelphia is one of the principal seats of foreign and coast-wise trade. The leading exports are grain, provisions, petroleum, tobacco, oil-cake, lumber, tallow, hides, leather, shoes, cotton goods, machinery, and coal. Erie and Pittsburgh are also great commercial centres. Kensington and Chester are the chief ship-building stations. Pittsburgh, Allegheny, Harrisburg, Reading, and Scranton are the chief seats of the iron manufactures.

There are 67 Counties in Pennsylvania. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 304 of which 67 designated by a dagger (†) are county-seats. Of the 1034 Papers which insert advertisements published in the State, 113 are daily, 3 tri-weekly, 5 semi-weekly, 725 weekly, 4 bi-weekly, 10 semi-monthly, 160 monthly, 4 bi-monthly, and 10 quarterly.

NEW JERSEY.

Population 1,131,116.....Dem. Plur. 2,010

Gbk. vote, 2,617.

STATE CAPITAL, TRENTON.

NEW JERSEY is bounded north and northeast by New York, east by New York and the Atlantic Ocean, south by the Atlantic Ocean and Delaware Bay, and west by Delaware and Pennsylvania. Its extreme length is 167 miles; its greatest breadth 59 miles, and its least 32 miles; land area, 7,455 square miles. The surface is mountainous in the northwest, hilly in the northeast and central parts, low and gently undulating in the south. The mountains, a part of the Appalachian system, are the Kittatinny or Blue, and the Highland Range. Between them lies the Kittatinny Valley, about 10 miles wide: soil productive but varied—the northern part adapted to grain and grass; the central part has been well fertilized, and yields abundant farm and market-garden products and fruit; the southern part is sandy and light. Its agricultural products generally, including market-garden produce, are very extensive. Large quantities of grapes and small fruits are grown in the south. Cranberries are one of the leading productions. It is celebrated for its marl deposits, peat, bog-iron ore, and glass-sand. It has become one of the leading States in the value of its manufactures, ranking seventh in this respect in 1870. The manufactures embrace a wide range of goods. Its iron-mines, quarries, and clay-banks are very valuable, and the fisheries (deep-sea, oyster, and fresh-water), a source of great profit. Iron-ore is found generally through the State. Clay for gas-retorts and fire-brick is found at Amboy, and valuable deposits of franklinite at Mine Hill and Stirling. In the northwestern portion of the State, excellent roofing-slates, building and flag-stones and rich hematites are abundant. It has a large coasting trade, and considerable ship building is carried on.

There are 21 Counties in New Jersey. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 99, of which 21 designated by a dagger (†) are county-seats. Of the 230 Papers which insert advertisements published in the State, 27 are daily, 1 tri-weekly, 4 semi-weekly, 180 weekly, 1 bi-weekly, 2 semi-monthly, 1 every three weeks, 12 monthly, 1 bi-monthly, and 1 quarterly.

DELAWARE.

Population 146,608.....Dem. Maj. 1,033

STATE CAPITAL, DOVER.

DELAWARE is bounded north by Pennsylvania, east by the Delaware River and Bay, and the Atlantic Ocean, south and west by Maryland. Its length from north to south is 96 miles, its breadth ranging from 9 to 12 miles in the north to about 36 miles in the south; land area 1,960 square miles. The surface in the north is finely diversified with hill and dale, but southward it is almost a dead level, with marshes and swampy tracts. The soil in the interior of the State is light and easily cultivated. The agricultural products are grain, corn, and market-garden produce; peach-growing is a prominent industry. Manufactures are various, and are carried on chiefly in Wilmington and its vicinity.

There are 3 Counties in Delaware. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 10, of which 3 designated by a dagger (†) are county-seats. Of the 29 papers which insert advertisements published in the State, 5 are daily, 21 weekly, and 3 monthly.

MARYLAND.

Population 934,943.....Dem. Maj. 15,191

(210,230 col'd.)

STATE CAPITAL, ANNAPOLIS.

MARYLAND is bounded north by Pennsylvania, east and southeast by Delaware and the Atlantic Ocean, west by West Virginia, and south and southwest by Virginia, West Virginia, and the District of Columbia. The Chesapeake Bay divides the greater part of it into two unequal parts, known as the Eastern and Western Shores. Its extreme length from east to west on its northern border is 198 miles, and its width, following the course of the Potomac, varies from 3 or 4 miles to about 120 miles; land area, 9,860 square miles. The surface of the Eastern Shore is mostly level, and in parts low and swampy, but towards the north rocky and broken. The Western Shore, between the Potomac River and Chesapeake Bay, presents mainly the same general features. The northwest is very mountainous: five or six ridges of the Alleghenies, principally the Blue and Laurel, traverse that section. In the extreme west are the beautiful elevated valleys named Glades. The soil of the Eastern Shore and the lower part of the Western is generally light and sandy, well adapted for peaches and market gardening; that of the central and northern parts very rich, yielding immense crops of tobacco, wheat, and corn. The mountain slopes are thickly wooded. The oyster fisheries are more extensive than in any other State. The manufactures are very numerous—canned goods (fruits, meats, and oysters) being one of the most important. Boots and shoes, bricks, cement, chemicals, clothing, cotton and woolen goods, cooperage, tobacco, flour, leather, lumber, machinery, and metallic wares are leading industries. Its commerce is confined principally to Baltimore, whose foreign trade is very important. Maryland coal is used extensively in all the Atlantic States. Fire clays are abundant; those of Mt. Savage have a wide reputation. Brown hematite is found in the Trenton limestone, and bog-ore on the Eastern Shore. There are numerous quarries of marble, granite, serpentine, and other building stone, limestone for burning, and roofing-slate. Kaolin is found in Anne Arundel County; magnesite near Baltimore, from which large quantities of magnesia, carbonate, and Epsom salts are manufactured. There are many other minerals, including alum, amber, barytes, breccia, cements, chromium, hone-stone, mill-stone, iron pyrites, ochres, etc., some of which are very plentiful. Especial attention is given to tobacco-growing in the lower counties of the Western Shore.

There are 23 Counties in Maryland. Newspapers are published in all. — Cities, towns, and villages in which papers are published number 50, of which 23 designated by a dagger (†) are county-seats. Of the 157 papers which insert advertisements published in the State, 13 are daily, 116 weekly, 1 bi-weekly, 7 semi-monthly, 15 monthly, 1 bi-monthly, and 4 quarterly.

VIRGINIA.

Population 1,512,565.....Dem. Maj. 43,956

Colored, 631,616.

STATE CAPITAL, RICHMOND.

VIRGINIA is bounded north by West Virginia and Maryland, east by Maryland and the Atlantic Ocean, south by North Carolina and Tennessee, and west by Kentucky and West Virginia. Its greatest length from east to west is about 440 miles, its greatest breadth 192 miles; land area, 40,125 square miles. The surface is divided into six great natural divisions, the Tidewater comprising the south and southeast; the Middle, an undulating plain, extending westward to the Coast Range; the Piedmont, from the Coast Range to the Blue Ridge Mountains, and from the Potomac River to North Carolina; the Blue Ridge, stretching across the State in a southwesterly direction; the Valley—a part of the great Appalachian Valley, reaching from Canada to Alabama—a broad belt of rolling country between the Blue Ridge and the Kittatinny or North Mountain; and the Appalachian, a mountainous region traversed by the Alleghenies. The soil in the Tidewater region is a light sandy loam, yielding large crops of vegetables and small fruits. The Valley Region has a rich fertile soil, well adapted for cereals. Much of the Mountain Region is uncultivated and chiefly forest land; but the parallel valleys are very fertile. The Piedmont, Blue Ridge, Valley, and Appalachian regions are noted for their grasses. The yield of tobacco is only equaled by that of Kentucky. Some cotton is grown in the Tidewater section; fruit grows all over the State. The eastern section is largely devoted to raising early vegetables for northern markets. Dairying, stock-raising, and wool-growing are important industries. The timber export is large. There are profitable fisheries of bass, shad, etc., and the oyster trade is very important. The manufacturing interests are comparatively small, but are increasing, the chief seats being Richmond, Alexandria, Danville, and Lynchburg. Virginia has excellent natural advantages for commerce, but it is only lately that she has begun to take a prominent part in foreign trade. There are beds of anthracite, semi-bituminous, and bituminous coal in the southwestern counties, not much developed; salt is an important product of this region. There are coal-bearing strata in other parts of the State, particularly near Richmond; the coal is bituminous, and generally of good quality. Virginia has vast beds of gypsum, and marl, abundant iron-ore, fine granite, marble, and other building stones; zinc, sulphur, kaolin, fire-clay, and many other minerals. It abounds in mineral springs of great reputation.

There are 100 Counties in Virginia. Newspapers are published in 65.—Cities, towns, and villages in which papers are published number 93, of which 55 designated by a dagger (†) are county-seats. Of the 202 papers which insert advertisements published in the State, 20 are daily, 4 tri-weekly, 8 semi-weekly, 138 weekly, 4 semi-monthly, 27 monthly and 1 quarterly.

WEST VIRGINIA.

Population 618,457.....Dem. Plur. 11,148

Colored, 25,886.

Gbk. vote, 9,079.

STATE CAPITAL, CHARLESTON.

WEST VIRGINIA is bounded north and east by Pennsylvania and Maryland, east and south by Virginia, and west by Kentucky and Ohio. Its greatest length from north to south is about 240 miles; greatest breadth, 160 miles; land area, 24,645 square miles. A large part of the surface is mountainous and hilly; about two-thirds is covered with forest. The soil of the ridges is fertile to the tops, and the summits of many mountains are flat, natural meadows or glades. The valley of the Great Kanawha is the finest grazing region of the State. Blue grass is indigenous; the lumber trade is important. Nearly the whole of the State lies within the Allegheny coal system, and large quantities of coal are exported, although comparatively few mines have been opened. It is generally bituminous. The Kanawha Valley is one of the great salt-producing regions of the United States. Petroleum is extensively produced, chiefly in Ritchie, Pleasants, Wood, and Wirt Counties. Limestone, sandstone, and grinding stone abound generally through the State. The minerals and mineral springs are inexhaustible. West Virginia is especially famous for wool. Other great staples are corn, wheat, oats, and tobacco. Manufactures are comparatively undeveloped, except in the towns along the Ohio River. The leading industries are iron in various forms, flour, salt, liquor, lumber, leather, and machinery.

There are 54 Counties in West Virginia. Newspapers are published in 48.—Cities, towns, and villages in which papers are published number 61, of which 45 designated by a dagger (†) are county-seats. Of the 113 papers which insert advertisements published in the State, 8 are daily, 1 semi-weekly, 96 weekly, 1 bi-weekly, 1 semi-monthly, and 6 monthly.

NORTH CAROLINA.

Population 1,399,750.....Dem. Maj. 8,326

Colored, 531,277.

STATE CAPITAL, RALEIGH.

NORTH CAROLINA is bounded north by Virginia, east and southeast by the Atlantic Ocean, south by South Carolina and Georgia, and west by Tennessee. Its extreme length from east to west is 490 miles; extreme breadth, 185 miles; land area, 48,580 square miles. The surface is very varied. For nearly 100 miles inland from the coast the country is level, marshy, and swampy; soil sandy but very fertile. It is estimated that there are nearly 3,000,000 acres of swamps in this region. Next is the middle section, with varied surface and fine soil. The surface then rises into small hills, increasing in altitude until they reach the mountainous region in the west. Some of the peaks in the Black Mountains and the Blue Ridge attain an elevation of from 5,000 to 6,000 feet. This region contains good grazing land, much hard timber; and stock-raising is largely carried on. In the coast region the river bottoms and reclaimed swamp lands are very fertile, and here rice, cotton, corn, honey, beeswax, apples, peaches, and pears abound. The Scuppernong and Catawba grapes are native here; cranberries are extensively produced. The pine region is mainly uncultivated, but a large trade is done in timber, tar, and turpentine. Cotton is raised chiefly in the southern counties. The middle section is adapted to the growth of cereals, tobacco, and cotton; sweet potatoes are a leading staple. The principal manufactures are flour, lumber, tar, turpentine, rosin, cotton and woolen goods, tobacco, zinc (smelted and rolled), carriages, boots and shoes. It exports coastwise and to foreign ports large amounts of lumber, cotton, tobacco, flour, and fish. The fisheries are very large and valuable. The State is very rich in minerals. Gold is mined to a considerable extent in Cabarrus, Mecklenburg, Lincoln, and Rowan Counties, and there is a branch of the United States Mint at Charlotte. Silver, lead, and zinc are found in association, particularly in Davidson County; silver ores mixed with lead or copper, principally in the interior counties; copper ores cover a wide field, and there is a very valuable mine in Ashe County; mica is found among the granites of Cleveland, Mitchell, and Yancey Counties; there is an abundance of corundum and many other metals, and even precious stones are found. Coal and iron are very abundant; the coal is mostly bituminous, and is contained in two fields, one in Stokes and Rockingham Counties, known as Dan River Field, the other in Chatham and Moore Counties, known as Deep River Field. The whole of the region from the navigable waters of the Roanoke and Cape Fear Rivers westward to Cherokee County contains rich beds of magnetic and hematite ores; the "Cranberry" mine, in Mitchell County, yields the purest magnetic ore yet found in the United States, producing a remarkably strong and tenacious iron.

There are 96 Counties in North Carolina. Newspapers are published in 63. — Cities, towns, and villages in which papers are published number 73, of which 56 designated by a dagger (†) are county-seats. Of the 147 papers which insert advertisements published in the State, 12 are daily, 2 semi-weekly, 117 weekly, 1 bi-weekly, 5 semi-monthly, 9 monthly, and 1 bi-monthly.

SOUTH CAROLINA.

Population 995,577.....Dem. Plur. 54,241

Colored, 604,832.

Gbk. vote, 566

STATE CAPITAL, COLUMBIA.

SOUTH CAROLINA is bounded north and northeast by North Carolina, southeast by the Atlantic Ocean, west and southwest by Georgia. Its greatest length from east to west is about 275 miles, and its greatest breadth about 210 miles; land area, 30,170 square miles. The surface presents nearly the same features as that of North Carolina. The coast for 100 miles inland is low and level, with sandy soil, numerous swamps, and extensive pine forests; then follows a tract of low sand-hills, the soil of which is moderately productive. The land rises abruptly on the western edge of this belt, and continues to rise until it terminates in the Blue Ridge, the highest peak of which, Table Mountain, is 4,000 feet above the sea. The swamps embrace over 1,000,000 acres, and the pine lands 6,000,000. The sea islands are mainly devoted to sea-island cotton and rice, and the palmetto grows on them; the tidal swamps to rice; inland swamps, when drained, to rice, cotton, corn and pease; the salt marshes to long cotton; the oak and pine and oak and hickory lands to corn and cotton; and the pine-barrens to fruits and vegetables. Rice, cotton, and corn thrive best in the central and southern counties. The northwestern region produces corn, wheat, barley, oats, tobacco, and many fruits. Stock-raising and wool-growing are carried on with profit. Figs and pomegranates grow in the lower counties, and the peach and grape thrive over the State generally; strawberries abundant. The manufactures are principally cotton goods, flour, lumber, machinery, tar, turpentine, carriages, and fertilizers. Commerce is mainly confined to Charleston, Georgetown, and Beaufort. Exports are chiefly rice, cotton, lumber, phosphate, naval stores, cotton-seed and its oil, oil-cake, fish, and spring vegetables. Considerable shad and oyster fishing. The mineral wealth, though large, has not been much developed. Considerable gold is found in the northwestern counties; there are large deposits of excellent iron-ore in Greenville, Pickens, Spartanburg, and Union Counties; manganese copper, lead, and bismuth are also found, mainly in the northwest; white and colored marbles and limestones, granites and cyanites, soapstones, flagging-stone, and buhr-stone abundant. Aiken County contains immense beds of the finest porcelain clay. A little coal is found in Chesterfield County. The most valuable mineral at the present day is, however, a bone phosphate marl, a fossil of very remote origin and one of the best of fertilizers, found in the lowlands and river beds near Charleston; on the Stono, Ashepoo and Edisto Rivers, and also near St. Helena Sound.

There are 34 Counties in South Carolina. Newspapers are published in all.— Cities, towns, and villages in which papers are published number 45, of which 32 designated by a dagger (†) are county-seats. Of the 86 papers which insert advertisements published in the State, 5 are daily, 3 tri-weekly, 1 semi-weekly, 73 weekly, and 4 monthly

GEORGIA.

Population 1,542,180.....Dem. Plur. 48,321

Colored, 725,123. Gbk. vote, 481.

STATE CAPITAL, ATLANTA.

GEORGIA is bounded north by Tennessee and North Carolina, northeast by South Carolina, southeast by the Atlantic Ocean, south by Florida, and west by Alabama. Its extreme length from north to south is 320 miles, extreme breadth 254 miles; land area, 58,980 square miles. The surface is varied; along the coast and Florida line it is low and swampy; the great Okefinokee Swamp is in the southeast. Back from the coast is a stretch of sandy land, mostly pine barrens, and yielding large amounts of timber and naval stores. A series of terraces bring the land in the middle of the State to about 575 feet above tidewater, from which elevation it rises toward the north more rapidly, until it becomes mountainous, being there crossed by spurs of the Appalachians. The soil of the islands is sandy, producing sea-island cotton; that of the mainland, rich alluvial, producing corn, cotton, and rice; the middle region is red loam, yielding good cotton, corn, tobacco, etc. In the north there is much fertile soil: grain, tobacco, fruits, and vegetables are largely grown, but not much cotton, which is mainly raised in the central, west-central, and southwestern regions. Sugar-cane is grown in the south, and considerable pork fattened, mainly for home consumption; sweet potatoes are largely produced; wool is prominent, but corn and cotton are the leading staples. In 1870 the manufacturing establishments numbered 3,836, employing nearly 18,000 hands. Among the leading industries are lumber, flour, boots and shoes, carriages, cotton and woolen goods, wool-carding and cloth-dressing, leather, saddlery, metallic wares, furniture, castings, machinery, farm implements, etc. The latest detailed information gives the number of cotton factories in the State at 38, with 123,233 spindles and 2,125 looms; 14 woolen factories, with 42,000 spindles and 135 looms, the most numerous and important of which are at Augusta and Columbus. 1,375 grain mills, 734 saw mills, 77 wagon and carriage shops, 13 iron furnaces and foundries, 11 kilns, 4 potteries, 63 tanneries, 2 rolling mills, 5 paper mills, 3 rice mills, 12 furniture factories, 6 turpentine distilleries, etc., and the number at the present day is probably much greater. Besides Augusta and Columbus there are cotton factories at Athens, Atlanta, Decatur, Macon, and West Point. Atlanta has large iron works. Albany, Dalton, Marietta, Rome, Thomasville are manufacturing towns. Darien, Brunswick, and St. Marys manufacture and export lumber. Minerals: bituminous coal in the northwestern portion; immense deposits of iron-ore in Bartow and Cherokee Counties; abundant fossiliferous iron-ore on the east side of Taylor's Ridge; copper-ore in Gilmer County; gold is most plentiful in Cherokee, Carroll, Cobb, and Lumpkin Counties; silver, lead, and many other minerals, granite, marble, gypsum, slate, and petroleum; excellent statuary marble in Cherokee County; hydraulic limestone in Bartow County. There are numerous mineral springs of which the Indian Springs of Forsyth County are the best known.

There are 137 Counties in Georgia. Newspapers are published in 101. — Cities, towns, and villages in which papers are published number 107, of which 93 designated by a dagger (†) are county-seats. Of the 202 papers which insert advertisements published in the State, 19 are daily, 1 tri-weekly, 3 semi-weekly, 158 weekly, 3 semi-monthly, and 18 monthly.

STATE CAPITAL, TALLAHASSEE.

FLORIDA is bounded north by Alabama and Georgia, east by the Atlantic Ocean, south and west by the Gulf of Mexico and Alabama. The peninsular portion of the State is about 375 miles long by an average breadth of 90 miles; the upper portion 360 miles from east to west by from 30 to 90 miles from north to south; land area, 54,240 square miles. Surface is diversified with numerous lakes, the largest, Okeechobee, being 40 miles long by about 30 miles broad. The largest portion of the southern part of the peninsula is occupied by the Everglades, an evergreen marsh or swamp, impassable in the rainy season, and resembling an immense lake dotted with innumerable islands of from half an acre to hundreds of acres in extent, the whole comprising over 2,000,000 acres. From the northern end of the swamp to Georgia is mostly a dead level, with occasional undulations and small hills. West of the neck of the peninsula the surface becomes a little more uneven; the central portion is the most fertile, but there are many pine-barrens there. There are numerous gentle eminences called hammocks, which are remarkably fertile, as are also the swamp-lands when ditched and drained. The soil of the east and west peninsula districts is generally sandy and poor. Sugar-cane is raised chiefly along the Gulf coast. Both long and short staple cotton and tobacco are grown, but corn and rice are the principal cereals. Oranges, lemons, limes, pineapples, olives, and grapes flourish luxuriantly; garden vegetables are largely produced. Cattle require little care, are not housed in winter, and large numbers are raised and shipped to Havana. Hogs fatten on the roots and mast of the forest. Sponge is found on many parts of the coast. Manufactures of pine-lumber, ship-timber, tar, rosin, turpentine, cotton-seed-oil and cake, palmetto hats and braids; salt is made by solar evaporation; cigars are manufactured at Key West in large quantities. There are considerable fisheries.

There are 39 Counties in Florida. Newspapers are published in 29.—Cities, towns, and villages in which papers are published number 44, of which 27 designated by a dagger (†) are county-seats. Of the 61 papers which insert advertisements published in the State, 3 are daily, 1 semi-weekly, and 57 weekly.

ALABAMA.

Population 1,262,505.....Dem. Plur. 34,509

Colored, 600,103.

Gbk. vote, 4,642.

STATE CAPITAL, MONTGOMERY.

ALABAMA is bounded north by Tennessee, east by Georgia and Florida, south by Florida and the Gulf of Mexico, and west by Mississippi. Its extreme length north to south is 336 miles, breadth varying from about 150 to 200 miles; land area, 51,540 square miles. The Alleghany range enters the State at the northeast, and extends towards the centre, finally losing itself in mere hills; then follows a tract of rolling prairies, interspersed with pine barrens and exceedingly rich alluvial bottoms, including the cane-brake region, one of the richest cotton producing districts in the world. From this to the Florida border and the Gulf the land is generally flat. This part is thinly settled, and is mostly covered with pine forests. North of this is the broad belt of rich black soil, a space of several miles in breadth, constituting the great cotton producing section of the State. The soil then becomes sandy and poor, but abundant water-power renders it capable of becoming a fine manufacturing district. The mineral region occupies the northeast part, while the northwest is a good agricultural and stock-raising country. Cotton is grown throughout the State, but mainly in the central belt alluded to; tobacco chiefly in the north; very fine wheat in the north and northeast; rice in the south; corn largely all over the State. Dairy products, fruits, wool, oats, and sweet potatoes are produced in considerable quantities. Manufactures have been unimportant until lately, when considerable increase has been manifested, but agriculture is by far the leading industry. The chief manufactures are flour, lumber, leather, cotton goods and cotton gins, thread and yarn, iron, and machinery. Commerce centres at Mobile. Cotton and lumber are the chief exports. Extensive beds of brown hematite of an excellent quality are found in Bibb, Cleburne, Jefferson, St. Clair, Shelby, and Talladega Counties. There are other extensive beds of ore. The coal fields contain thick fields of bituminous coal of several kinds; considerable gold has been mined; silver and copper are also found; potter's, porcelain and fire clays, hydraulic limestone, manganese and many other minerals exist in considerable quantities; there are various building-stones. The statuary granite and white marble of Coosa County and the variegated marbles of Talladega and adjacent counties are not surpassed by any in the country.

There are 66 Counties in Alabama. Newspapers are published in 60.—Cities, towns, and villages in which papers are published number 72, of which 56 designated by a dagger (†) are county-seats. Of the 122 papers which insert advertisements published in the State, 6 are daily, 106 weekly, 1 bi-weekly, 2 semi-monthly, and 7 monthly.

STATE CAPITAL, JACKSON.

MISSISSIPPI is bounded north by Tennessee, east by Alabama, south by the Gulf of Mexico and Louisiana, and west by the Mississippi River, which separates it from Louisiana and Arkansas. Its extreme length from north to south is 332 miles; average breadth, 142 miles; land area, 46,340 square miles. The surface is generally hilly or undulating, except in the Mississippi bottom, from Vicksburg to the Tennessee line, and between the Mississippi and Yazoo rivers, where it is low and swampy, subject to inundation and covered with a dense growth of timber, but with soil which, if reclaimed, would be exceedingly fruitful. Below Vicksburg the surface for some miles inland is hilly, and known as the "cane hills" or "bluffs," and with a generally productive soil. There is a very fertile prairie region in the northeast. The southern part is chiefly a level pine region, and furnishes good pasturage and large quantities of timber, tar, turpentine, etc. The soil of this tract is poor and sandy. Cotton and corn are the great staples. Wheat is grown in the north, and rice and sugar-cane in the south. Grazing is an important industry, much pork is fattened, and the clip of wool is large. Dairy products, sorghum, tobacco, and sweet potatoes are produced in considerable quantities. The manufactures are neither varied nor very extensive, lumber and grist-mill products being the most important. Its commerce is carried on principally through New Orleans and Mobile; coasting and river trade large. The State has no coal or iron of practical value. Its mineral deposits are confined mainly to fertilizers, soft limestone and clays. Tishomingo County has large beds of fine pipe and potter's clay; there is also some sandstone suitable for rough masonry.

There are 74 Counties in Mississippi. Newspapers are published in 64. — Cities, towns, and villages in which papers are published number 78, of which 60 designated by a dagger (†) are county-seats. Of the 127 papers which insert advertisements published in the State, 2 are daily, 5 tri-weekly, 115 weekly, 4 semi-monthly, and 1 monthly.

LOUISIANA.

Population 939,946.....Dem. Plur. 33,419

Colored, 483,655.

Gbk. vote, 488.

STATE CAPITAL, NEW ORLEANS.

LOUISIANA is bounded north by Arkansas and Mississippi, east by Mississippi and the Gulf of Mexico, south by the Gulf of Mexico, and west by Texas. Its extreme length from east to west is about 300 miles, and breadth 240 miles; land area, 45,420 square miles. Surface generally low and level. There are low hills in the north and northwest, from which the land slopes gradually to the Mississippi and the Gulf. Much of the land along the river is below the surface at the spring freshets, and is protected from overflow by the levees, which are built on both banks below Baton Rouge, and on the west bank throughout the State. Many of the principal rivers and bayous are protected in like manner. It is estimated that one fifth of the surface of the State is liable to more or less frequent inundation. The soil of the river-bottoms is exceedingly fertile, and yields large crops of cotton, sugar-cane, rice, etc. Its prairies are not generally productive, but afford good pasture in places. The hilly section yields good cotton crops, but is largely covered with pine barrens. The great staples are cotton, sugar, rice, and corn. The State produces nearly all the sugar made in the United States. The yield of rice is very large, and the quality excellent. Cattle-raising is an important interest. The manufacturing interests are not large. The leading industries are lumber, naval stores, castings, machinery, tobacco, clothing, flouring-mill products, cotton-seed oil, and ship building. Its commerce, carried on chiefly through New Orleans, is extensive and important. Iron-ores, ochre, gypsum, and marl are abundant; large deposits of sulphur in the southwest, and an immense amount of solid rock-salt on Petit Anse Island.

There are 58 Parishes in Louisiana. Newspapers are published in 54. — Cities, towns, and villages in which papers are published number 59, of which 51 designated by a dagger (†) are parish capitals. Of the 105 papers which insert advertisements published in the State, 10 are daily, 1 semi-weekly, 90 weekly, 1 bi-weekly, and 3 monthly.

TEXAS.

Population 1,591,749.....Dem. Plur. 98,383

Colored, 396,384.

Gbk. vote, 27,405.

STATE CAPITAL, AUSTIN.

TEXAS is bounded north by New Mexico, the Indian Territory, and Arkansas, east by the Indian Territory, Arkansas, and Louisiana, southeast by the Gulf of Mexico, southwest by Mexico, and west by New Mexico; greatest length about 825 miles; greatest breadth about 740 miles; land area, 262,290 square miles. From the Sabine River to the Trinity River is the great timber region, generally level and sandy in the south, rolling and fertile in the north. From the Trinity to the Colorado is prairie, timbered along streams, with an extensive forest in the north called the "Cross Timbers." Western Texas embraces the counties between the Colorado and Rio Grande; four-fifths of it is prairie; timber generally confined to banks of streams. Between the Colorado and the Brazos Rivers are the Comanche and Leon River Mountain ranges. In the north and northwest are the Church and Double Mountains, and the surface is generally broken until the Llano Estacado, or Staked Plain, is reached, when the surface is gently undulating, and vegetation scanty. Between the Pecos and Rio Grande are several ranges, sometimes attaining an elevation of 5,000 feet. The chief crops are cotton, corn, and wheat. The former two may be grown in nearly any part of the State, but especially in the eastern and central sections; the latter chiefly in the north and centre. Sea island cotton is grown on the coast. Sugar cane is raised chiefly on the Brazos and other rivers, near their mouths, and rice in the southeast. Oats, barley, tobacco, and sweet and white potatoes are grown to a moderate extent. Swine thrive on the abundant mast of the forests. The chief occupation westward is stock-raising and wool-growing. Figs and oranges thrive in the south. Manufacturing interests are increasing. There are immense deposits of copper along the line of the Texas Pacific Railroad; coal, timber, limestone, soapstone and iron are found in the same region. Argentiferous galena is found in large quantities in northwestern Texas; immense quantities of magnetic iron in Mason, Llano, and the western counties. There is a field of bituminous coal about 6,000 square miles in extent, and a field of anthracite in Brown, Coleman, Comanche, and Hamilton Counties. Salt is produced in large quantities from springs in El Paso, Lampasas, and Llano Counties; asphaltum is abundant. Large quantities of salt-petre are found in Blanco and Burnet Counties; marble and roofing-slate, grindstones, potter's and fire-clays, marl, and other fertilizers are found in great quantities.

There are 225 Counties in Texas. Newspapers are published in 133.—Cities, towns, and villages in which papers are published number 173, of which 117 designated by a dagger (†) are county-seats. Of the 312 papers which insert advertisements published in the State, 28 are daily, 2 tri-weekly, 4 semi-weekly, 257 weekly, 3 semi-monthly, 17 monthly, and 1 quarterly.

ARKANSAS.

Population 802,525.....Dem. Plur. 18,828

Colored, 210,666.

Gbk. vote, 4,079.

STATE CAPITAL, LITTLE ROCK.

ARKANSAS is bounded north by Missouri, east by Missouri, Tennessee, and Mississippi, south by Louisiana, southwest by Texas, and west by the Indian Territory; greatest length from north to south, 240 miles, and breadth from 170 to 250 miles; land area, 53,045 square miles. The eastern part is low and level, with dense forests and many swamps and lakes, and is frequently more or less inundated by the Mississippi, Arkansas, and other rivers. The surface rises toward the centre, where it is hilly and diversified with forests and rolling prairies. Further west are branches of the Ozark Mountains, comprising the Black Hills in the north, Cane Hills in the northwest, and the Ouachita Hills in the south. The Valley of the St. Francis, in the northeast, is nearly all swamp; the soil is very varied. The river bottoms are very fertile, and yield large crops of cotton, corn, sweet potatoes, tobacco, and fruit. The soil is less productive on the uplands, but in many places, especially north, produces good crops of wheat, oats, etc. Cotton is the chief staple; corn next. Hay is an important crop. The principal manufactures are flour and grist-mill products, cotton-gins, leather, wool-carding, and lumber. Coal, argentiferous galena, zinc, copper, and iron, marble, grindstone, granite, and kaolin are among the minerals. Good coal is mined in Crawford, Conway, Franklin, Johnson, Perry, Pope, Pulaski, Sebastian, Scott, Washington, White, and Yell Counties. Silver is found in connection with galena in Pulaski and Sevier Counties, and with lead in Benton, Carroll, Independence, Izard, Lawrence, Madison, Marion, Newton, Randolph, Searcy, and Washington Counties; excellent marble, especially in Madison County. Slate for all purposes is quarried in Pike, Pulaski, Polk, and Sevier Counties; Grant and Hot Springs Counties have extensive quarries of Arkansas hone or oil-stone. Among the mineral springs, the "Hot Springs of Arkansas," at Hot Springs, Garland County, are the most renowned.

There are 75 Counties in Arkansas. Newspapers are published in 62.—Cities, towns and villages in which papers are published number 84, of which 56 designated by a dagger (†) are county-seats. Of the 134 papers which insert advertisements published in the State, 9 are daily, 120 weekly, 1 semi-monthly, and 4 monthly.

KENTUCKY.

Population 1,648,690.....Dem. Plur. 43,449

Colored, 271,451.

Gbk. vote, 11,498.

STATE CAPITAL, FRANKFORT.

KENTUCKY is bounded north by Ohio and Indiana, northwest by Illinois, east by West Virginia and Virginia, south by Tennessee, and west by Missouri; greatest length from east to west, 350 miles; greatest breadth, 178 miles; land area, 40,000 square miles. The surface in the east and southeast is mountainous, being broken by numerous parallel ranges of the Alleghany system, with deep valleys. Northwest of this section is the famous Blue Grass Region, with a gently undulating upland surface, with deep valleys at the rivers. Between the Green and Cumberland Rivers the surface is level and known as the "Barrens," with occasional low round-topped hills, which are covered with oaks. The western part is generally level, varied by slight undulations. The soil is generally fertile, that portion between Lexington and the Ohio River especially so, being commonly known as the "Garden of Kentucky." The chief products are tobacco, corn, wheat, oats, rye, barley, potatoes, and hemp. Kentucky has acquired a world-wide fame for its thoroughbred horses and short-horn cattle. The wool clip is very large, and immense numbers of swine are raised. Dairy products are very extensive; also sorghum-molasses, maple-sugar, honey, and wax; some cotton is raised in the southwest, near the Tennessee, Cumberland, and Mississippi rivers. The manufacturing interests are varied and important, and are carried on chiefly in the towns on the Ohio River; the most extensive industry is the smelting and working of iron. Whisky is an important product of the central counties. Salt is made in large quantities from the springs of Clay and other counties. Coal and iron deposits are the most valuable minerals of this State; it has excellent building-stone; silver-ore is found near Cumberland Falls.

There are 117 Counties in Kentucky. Newspapers are published in 79.—Cities, towns, and villages in which papers are published number 91, of which 73 designated by a dagger (†) are county-seats. Of the 189 papers which insert advertisements published in the State, 12 are daily, 2 tri-weekly, 10 semi-weekly, 144 weekly, 5 semi-monthly, and 16 monthly.

TENNESSEE.

Population 1,542,359.....Dem. Plur. 20,514
 Colored, 408,151. Gbk. vote, 5,916.

STATE CAPITAL, NASHVILLE.

TENNESSEE is bounded north by Kentucky and Virginia; southeast by North Carolina; south by Georgia, Alabama, and Mississippi; west by Arkansas and Missouri; greatest length from east to west 432 miles, breadth 109 miles; land area, 41,750 square miles. The State is popularly divided into East, Middle, and West Tennessee. East Tennessee comprises the eastern mountain border, the beautiful East Tennessee Valley, and about half of the Cumberland Mountain plateau. Middle Tennessee reaches from about the center of the plateau to the Tennessee River, and is a region of fertile terraces, including the vast elliptical basin of nearly 5,000 square miles, known as the Garden of Kentucky. West Tennessee extends from the Tennessee River to the Mississippi, and is somewhat broken in the east, succeeded by a rolling plain descending to the latter river. The Mississippi bottom is a low, flat, alluvial plain, covered with forests and abounding with lakes and swamps. West Tennessee is extremely fertile, and produces corn and cotton in large quantities. Middle Tennessee is generally fertile, giving excellent grain, tobacco, and much cotton, especially toward the south. East Tennessee valley lands are fertile, producing corn, cotton, and winter-wheat; potatoes, oats, hay, and hemp are extensively produced; great numbers of stock are raised, and the wool-clip is large and excellent. Tennessee is rich in marble of various kinds, limestone and other building-stone; valuable copper mines exist in Polk County; coal and iron-ore are very abundant. Iron mining and smelting is becoming very extensive, and much iron-ore is exported to the iron-working towns on the Ohio River. There were 40 cotton mills in operation in 1875. The lumbering interest is very great. Wool-carding and cloth-dressing are carried on extensively. Flouring and grist-mill products are very large. Union County contains zinc and lead mines. Colored marbles are found in immense quantities in East and West Tennessee; roofing-slates in East Tennessee; hydraulic limestone in East, Middle and West Tennessee; there are also building limestone, sandstone, and granite, fire and potter's clay.

There are 96 Counties in Tennessee. Newspapers are published in 75.—Cities, towns and villages in which papers are published number 87, of which 69 designated by a dagger (†) are county-seats. Of the 179 papers which insert advertisements published in the State, 10 are daily, 1 semi-weekly, 137 weekly 5 semi-monthly, 22 monthly and 4 quarterly.

OHIO.

Population 3,198,062.....Rep. Plur. 34,227
Gbk. vote, 6,466.

STATE CAPITAL, COLUMBUS.

OHIO is bounded north by Michigan and Lake Erie, east by Pennsylvania and West Virginia, south by West Virginia and Kentucky, and west by Indiana; greatest length from east to west 225 miles; greatest breadth 200 miles; land area, 40,700 square miles. The general character of the surface is that of a plateau from about 800 to 1,000 feet above the sea. The most prominent feature is the great divide which separates the drainage of Lake Erie from that of the Ohio River. This passes diagonally across the State from Trumbull County in the northeast to Mercer and Darke Counties in the west. Its average height is about 600 feet above the lake; and from it the surface slopes gradually northward toward the lake and southward toward the River. The rivers and streams have excavated deep valleys, which give to the surface its distinctive undulating or rolling character. The soil is universally fertile; and Ohio holds a leading position in every branch of agriculture. The uplands are well suited to wheat, the southern slope of the water-shed to grain generally, the northern slope for grazing and dairying, and the northeast section or Western Reserve especially so. The bottom lands of the Miami, Muskingum, and Scioto rivers are very rich in corn; the Western Reserve and Miami regions are famous for apples. Flax and linseed are staple products, and tobacco is largely grown in most of the southern counties. The fishing interests of Lake Erie are important. The manufactures of the State are very numerous and valuable. Iron, pork-packing, farm implements, clothing, flouring and grist mill products, lumber, malt and distilled liquors being among the most important. Coal underlies a greater part of the State; iron-ore is abundant, especially in the south; salt is very largely produced from springs; petroleum is an important product, also lime and cement. Good grindstones and building-stones are obtained at Amherst, Berea (Berea grit), Buena Vista, and Independence. There are excellent qualities of limestone and sandstone for building, especially at Massillon and Dayton. Marl deposits abound in the Maumee Valley and other points. There are good pottery and fire-clays, the fire-bricks of Mineral Point being among the best in the United States. Cleveland, Massillon, Youngstown, and the towns on the Ohio River are the chief seats of the iron manufacture, which includes pig, forged, and rolled; iron castings and sheet iron works, rails, Bessemer steel rails, etc.

There are 88 Counties in Ohio. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 280, of which 88 designated by a dagger (†) are county-seats. Of the 772 papers which insert advertisements published in the State, 64 are daily, 3 tri-weekly, 13 semi-weekly, 590 weekly, 3 bi-weekly, 10 semi-monthly, 2 every three weeks, 80 monthly, 1 bi-monthly, and 6 quarterly.

INDIANA.

Population 1,978,301.....Rep. Plur. 6,642

Gbk. vote, 12,986.

STATE CAPITAL, INDIANAPOLIS.

INDIANA is bounded north by Michigan and Lake Michigan, east by Ohio, south by Kentucky, and west by Illinois. Its extreme length north and south is 276 miles; average breadth 140 miles; land area, 35,910 square miles. About two thirds of the surface is undulating or level prairie; near the Ohio and other streams the surface is hilly and often abrupt and rugged. In the extreme northwest there is a sandy tract, with considerable marsh-land. The northeast abounds in oak-openings and prairie land, interspersed with many small lakes. The soil is generally fertile, much of it exceedingly so; the richest is found along the Wabash, White, and White Water Rivers. There is abundance of coal of good quality. The iron manufacture is extensive, Indiana coal being particularly suited to its manufacture, but the ores used come mainly from the Lake Superior region, Missouri, and Tennessee. Indiana has some bog-ore and local deposits of better grades which have been worked to some extent. There are some salt-springs, good sandstone, limestone, fire-brick, potter's clays, and kaolin. Indiana ranks high as a grain-producing and stock-raising State. Corn, wheat, oats, tobacco, and potatoes are raised in large quantities. Butter, wool, hay, maple-sugar, and sorghum-molasses also, are important products; timber is largely exported. Manufactures are numerous and extensive, the chief industries being flouring and grist-mill products, lumber, woolen goods, furniture, carriages and wagons, iron and iron-ware, machinery, agricultural implements, pork-packing, liquors, metallic wares, leather, boots, shoes, and clothing.

There are 92 Counties in Indiana. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 192, of which 92 designated by a dagger (†) are county-seats. Of the 509 papers which insert advertisements published in the State, 56 are daily, 2 tri-weekly, 409 weekly, 7 semi-monthly, 32 monthly, 1 bi-monthly, and 2 quarterly.

ILLINOIS.

Population 3,077,871Rep. Plur. 40,716

Gbk. vote, 26,358.

STATE CAPITAL, SPRINGFIELD.

ILLINOIS is bounded north by Wisconsin, northeast by Lake Michigan, east by Indiana, southeast and south by Kentucky, and west by Missouri and Iowa; extreme length north and south 385 miles; extreme breadth 218 miles; land area, 56,000 square miles. The surface is mostly level table-land, inclining gently toward the south, with bluffs along the principal rivers. A small tract in the northwest, around Galena, is somewhat broken, and a low mountain ridge extends across the southern end from Grand Tower, on the Mississippi River, to Shawneetown, on the Ohio, about 850 feet above sea-level. This is a great fruit region. The prairies are sometimes level, but generally undulating. More than two-thirds of the State is a productive bituminous coal-field. The iron-ore is good only when mixed with Michigan and Missouri ores. Lead and zinc are mined extensively in the northwest. Copper-ore, gypsum, and marble are found in various places. Limestone and freestone abound. The prairie soils are deep and fertile; that of the river bottoms is often inexhaustible. A tract called the American Bottom, extending along the Mississippi River a length of ninety miles by about five in breadth, has an alluvial soil about twenty-five feet in depth. Illinois is unexcelled as an agricultural State, and is among the first in manufactures. Spring and winter wheat, corn, and other cereals, dairy produce, wool, and hay, are leading products. The industrial pursuits embrace a wide range of articles, and the seats of manufacture are distributed generally throughout the State. Fishing interests center chiefly at Chicago.

There are 102 Counties in Illinois. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 376, of which 102 designated by a dagger (†) are county-seats. Of the 953 papers which insert advertisements published in the State, 85 are daily, 3 tri-weekly, 16 semi-weekly, 715 weekly, 1 bi-weekly, 20 semi-monthly, 100 monthly, 1 bi-monthly, and 12 quarterly.

MICHIGAN.

Population 1,636,937.....Rep. Plur. 53,890

Gbk. vote, 34,795.

STATE CAPITAL, LANSING.

MICHIGAN is bounded north by Lake Superior, east by Lakes Huron, St. Clair, and Erie, and their connecting rivers, south by Ohio and Indiana, and west by Lake Michigan; land area, 57,430 square miles. It consists of two peninsulas, of which the southern is the principal seat of wealth and population. It is a very level region, abounding in lakes and streams, with very extensive forests of pine and other timber in the north, oak-openings or natural parks in the south, and prairies in the southwest. The soil contains sufficient sand to make it easily tilled, and few sections excel this part of the State as a farming region. In the west and southwest is the great fruit-belt. Winter wheat, oats, and potatoes are abundant and of excellent quality; corn and other cereals are largely grown. Dairy products are very valuable. Wool is raised in very large quantities; live-stock is plentiful. Peppermint is raised extensively in the southwest, and grapes in the south. The surface of the northern peninsula is generally rough and mountainous, with a severe climate and poor soil; but its mineral wealth is very great, especially in copper, iron and silver. Large quantities of iron-ore are mined and shipped to Pennsylvania, Ohio, Indiana, and Illinois to be smelted either alone or with the inferior ores found in those States. Marquette, Ishpeming, Negannee, and Escanaba are the the points of shipment. By far the most important copper mines of the country are in this State. There is a large quantity of coal, used chiefly for local and railroad purposes. The salt-producing territory covers about 8,000 square miles, and the value of the product in 1880 was more than double that of New York State: it is procured from artesian wells, and the Saginaw River is the chief centre of manufacture. Michigan ranks first among the States in the value and extent of its lumber product. Gypsum, fire-clay, and glass-sand are also found. Manufactures are important and varied in extent. Among the leading are iron, lumber, salt, wooden-ware, furniture, farm implements, leather, cotton and woolen goods, machinery, castings, and hollow-ware.

There are 79 Counties in Michigan. Newspapers are published in 76. — Cities, towns, and villages in which papers are published number 256, of which 72 designated by a dagger (†) are county-seats. Of the 505 papers which insert advertisements published in the States, 41 are daily, 3 tri-weekly, 5 semi-weekly, 422 weekly, 2 bi-weekly, 6 semi-monthly, 24 monthly, 1 bi-monthly, and 1 quarterly.

WISCONSIN.

Population 1,315,497.....Rep. Plur. 29,763

Gbk. vote, 7,980.

STATE CAPITAL, MADISON.

WISCONSIN is bounded north by Lake Superior, northeast by Michigan, east by Lake Michigan, south by Illinois, and west by Iowa and Minnesota. Its greatest length from north to south is 300 miles; greatest breadth, 260 miles; land area, 54,450 square miles. The surface is generally an elevated plain, with high bluffs along the rivers and lakes, and elsewhere gently undulating, diversified with prairie, woodlands, and numerous lakes. The State ranks high in agricultural products. The forest region in the north is but thinly settled, has a rigorous climate, and the soil is poor. Wheat, corn, rye, oats, barley, potatoes, dairy products, and maple-sugar are all raised in large quantities: hops are exceedingly prolific; fruit-growing is an important industry. Large numbers of horses are bred; sheep are numerous, and the wool clip large and valuable. Copper-ore is worked at several points; galena limestone, lead, and zinc in the southwest, chiefly near Mineral Point. One of the best hydraulic cements comes from the neighborhood of Milwaukee. The lakes and streams abound with fish, especially trout and grayling. Manufactures are thriving and numerous, lumber and wood-work of all kinds holding a very prominent position. Leather, boots and shoes, saddlery, metallic wares, bricks and lime are important branches of manufacture.

There are 65 Counties in Wisconsin. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 167, of which 64 designated by a dagger (†) are county-seats. Of the 370 papers which insert advertisements published in the State, 25 are daily, 1 tri-weekly, 1 semi-weekly, 316 weekly, 2 bi-weekly, 6 semi-monthly, 18 monthly, and 1 quarterly.

MISSOURI.

Population 2,168,380.....Dem. Plur. 55,042.

Colored, 145,350.

Gbk. vote, 35,045.

STATE CAPITAL, JEFFERSON CITY.

MISSOURI is bounded north by Iowa, east by Illinois, Kentucky, and Tennessee, south by Arkansas, west by Indian Territory, Kansas, and Nebraska; length, north to south, 277 miles; average breadth, about 244 miles, ranging from 208 miles in the north to 312 miles in the south; land area 68,735 square miles. The Missouri River divides the State into two distinct parts. The surface north of the river is generally nearly level, while that south of it is undulating, becoming rougher and somewhat mountainous as it approaches the Ozark Mountains. There are also here open, treeless plains, an extension of those in Kansas, and in the southeast, bordering on the Mississippi River, is an extensive marshy tract, called the 'Sunk Country,' the result of the earthquake of 1811-12. It contains every variety of soil. Corn, wheat, oats, and tobacco are the staple products, but barley, rye, hay, fruit, white and sweet potatoes, dairy and market-garden products, wool, cattle, and pork are raised largely in excess of home needs. Sorghum and castor-oil beans are largely produced. Cotton, hemp, and flax are cultivated to some degree in the southern counties; so are grapes, and much wine is made. The principal live-stock are sheep and swine. Iron and lead ore are mined and manufactured in very large quantities, and the supply is inexhaustible. Many other minerals abound; also marble, limestone, glass-sand, kaolin, fire-clay, etc. Beside iron and lead, there are important manufactures in many branches of trade.

There are 114 Counties in Missouri. Newspapers are published in all. — Cities, towns, and villages in which papers are published number 234, of which 112 designated by a dagger (†) are county-seats. Of the 567 papers which insert advertisements published in the State, 44 are daily, 2 tri-weekly, 2 semi-weekly, 452 weekly, 9 semi-monthly, 52 monthly, 4 bi-monthly, and 2 quarterly.

IOWA.

Population 1,624,615.....Rep. Plur. 78,059

Gbk. vote, 82,827.

STATE CAPITAL, DES MOINES.

IOWA is bounded north by Minnesota, east by Wisconsin and Illinois, south by Missouri, and west by Nebraska and Dakota. Its greatest length from east to west is 300 miles, and breadth 208 miles; land area, 55,475 square miles. The surface is generally rolling prairie, with no mountains nor even high hills, but with frequent bluffs along streams; and in places near large rivers it presents a broken appearance, caused by erosion from torrents. The southern part is the most level, beautifully diversified with prairies, groves, and the numerous affluents of the two great rivers. In the northeast the surface is more elevated, with numerous low hills with tops covered with oaks, and abounding in lead and other ore; but the distinguishing feature of Iowa is its beautiful diversified prairies, which are everywhere fertile and easily tilled, and having few stones or stumps, are especially adapted for the use of agricultural machinery. The valleys of the Red Cedar, Iowa, and Des Moines rivers contain the richest soils; northward of these the soil becomes less fertile, but still productive and remunerative. Building-stone is abundant; coal and lead are very extensively worked. Iron-ore and other minerals are found. The cereals generally, dairy and market-garden products, wool, linseed, sorghum, and live-stock of all kinds are very largely produced. Grapes grow well in the south, and fruit-culture is increasing. The manufacturing interests are rapidly developing, the leading branches being flour, lumber, wood-working, carriages, woolen goods, boots and shoes, pork-packing, saddlery, furniture, malt liquors, and farm implements.

There are 99 Counties in Iowa. Newspapers are published in all.—Cities, towns, and villages in which papers are published number 306, of which 95 designated by a dagger (†) are county-seats. Of the 643 papers which insert advertisements published in the State, 41 are daily, 1 tri-weekly, 9 semi-weekly, 548 weekly, 1 bi-weekly, 7 semi-monthly, 34 monthly, and 2 bi-monthly.

MINNESOTA.

Population 780,773.....Rep. Plur. 40,588

Gbk. vote, 3,267.

STATE CAPITAL, ST. PAUL.

MINNESOTA is bounded north by British America, east by Wisconsin and Lake Superior, south by Iowa, and west by Dakota. Its extreme length from north to south is 380 miles; breadth varies from 183 miles in the center to 262 on the south line, and about 330 on the north border; land area, 79,205 square miles. The surface is generally an undulating plain, diversified with rolling prairies, dotted with lakes and groves, with frequent timber belts. The northeast is generally rugged and hilly, with immense forests and much marsh-land. The Red River Valley is a dead level. The southeast is a beautiful rolling prairie region, while the surface rises from the undulating prairies of the south and southwest to the Hauteur des Terres or Heights of Land in the northwest. It is thought that the northeast may develop valuable mineral resources, but the yield of minerals is at present unimportant. The soil is fertile, about two thirds of it being adapted to the cultivation of cereals and general farm produce. Very large quantities of spring wheat are raised even as far as the Manitoba line, while corn grows well all over the State. Oats, barley, hops, flaxseed, and hay are leading products. Wool-growing is remunerative in the southwest. Maple-sugar is an important product. Cattle, horses, and swine are largely exported, and pork-packing is a valuable industry. Manufactures are rapidly increasing in number and value. The leading branches are flour and grist mill products, lumber and woodenware, carriages, furniture, and cooperage, while boots and shoes, brick, leather, lime, saddlery, and woolen goods are also extensively manufactured.

There are 80 Counties in Minnesota. Newspapers are published in 74.—Cities, towns, and villages in which papers are published number 137, of which 70 designated by a dagger (†) are county-seats. Of the 277 papers which insert advertisements published in the State, 20 are daily, 3 semi-weekly, 236 weekly, 2 semi-monthly and 16 monthly.

KANSAS.

Population 998,098Rep. Plur. 61,731
Colored, 48,107. Gbk. vote, 19,710.

STATE CAPITAL, TOPEKA.

KANSAS is bounded north by Nebraska, east by Missouri, south by the Indian Territory, and west by Colorado. Its length from east to west is 410 miles, and from north to south 210 miles; land area, 81,700 square miles. The surface is chiefly undulating in the east, while the western part has a rolling and varied surface, with every requisite for grazing. There are no mountains, very few lakes, and those small and shallow; no marshes but salt marshes, and these are valuable: probably only five per cent. of the area is forest, and this distributed mainly along streams and in occasional groves and small tracts. The western half, however, is very scantily supplied with timber, but there is an abundance of coal, which is used for domestic purposes, but not for export, and several varieties of good building-stone. The bottom and table lands are chiefly a rich black loam, and highly productive. Winter and spring wheat, corn, rye, oats, and potatoes are the chief products, while broom-corn, sorghum, flax, hemp, castor-beans, tobacco, and hay are also largely produced. Cattle-raising is a prominent industry, and sheep farming is becoming frequent in the western part. Dairy products are increasing rapidly, and progress is also being made in fruit-growing and wine-making. Manufactures are being developed, and the number of establishments is rapidly increasing, but at present the chief industries are agriculture, stock-raising, and fruit-culture.

There are 105 Counties in Kansas. Newspapers are published in 82. — Cities, towns, and villages in which papers are published number 204, of which 79 designated by a dagger (†) are county-seats. Of the 371 papers which insert advertisements published in the State, 19 are daily, 1 semi-weekly, 331 weekly, 1 semi-monthly, 17 monthly, 1 bi-monthly and 1 quarterly.

NEBRASKA.

Population 452,402.....Rep. Plur. 26,456

Gbk. vote, 3,853.

STATE CAPITAL, LINCOLN.

NEBRASKA is bounded north by Dakota, east by Iowa and Missouri, south by Kansas and Colorado, and west by Colorado and Wyoming Territory. Its extent from north to south is about 210 miles; greatest length about 420 miles; land area, 76,185 square miles. The surface is generally a vast gently undulating plain, with a gradual ascent toward the mountains; the river bottoms are level. There are some bluffs along the Missouri River, some hills in the northwest, which is also partly occupied by the Mauvais Terres or Bad Lands. The Missouri is the only navigable river. East of the Bad Lands and south of the Niobrara is a tract of sand hills which affords some pasturage. Timber is scarce. There is little coal, and that poor, but peat abounds. Brick and potter's clay plentiful, and there are extensive saline deposits; good building-stone abundant. The eastern half of the State is a rich agricultural region, and the west is mainly adapted to grazing; the bottom lands are very rich. The leading products are wheat, corn, barley, oats, sorghum, flax, and hemp; vegetables, small fruits, and grapes are raised extensively. More than 150 species of wild grasses have been classified, which afford excellent pasturage to large numbers of cattle and sheep. There is some manufacturing of various articles, chiefly needed for home consumption.

There are 71 Counties in Nebraska. Newspapers are published in 60. — Cities, towns, and villages in which papers are published number 129, of which 56 designated by a dagger (†) are county-seats. Of the 227 papers which insert advertisements published in the State, 13 are daily, 1 tri-weekly, 203 weekly, 5 semi-monthly, and 5 monthly.

COLORADO.

Population 194,327.....Rep. Plur. 2,803
Gbk. vote, 1,435.

STATE CAPITAL, DENVER.

COLORADO is bounded north by Nebraska and Wyoming Territory, east by Nebraska and Kansas, south by the Indian Territory and New Mexico, and west by Utah. Average length from east to west 330 miles, breadth, 280 miles; land area, 103,645 square miles. The surface consists of three divisions—the mountains and parks, the foot-hills, and the plains. It is intersected near the center by the Sierra Madre Range of the Rocky Mountains, including the highest peaks, among which are Pike's and Long's Peaks, Mts. Torrey, Lincoln, Gray, Yale, Harvard, the Spanish Peaks, etc. The mountains enclose the wonderful valleys or basins known as parks, many of which are small, but others larger than some entire States. These parks are well timbered, and abound with beautiful scenery, being diversified with low hills and ridges, which contain the sources of all the great rivers that rise in the State. The eastern part of Colorado is an immense plain, well adapted to stock-raising. Agriculture is not carried on to any great extent, as extensive irrigation is in most cases necessary to render the soil productive. Where this is resorted to, the yield is very good. Cattle raising and sheep farming are the chief agricultural pursuits. Lumbering is an important industry, but the mining of gold, silver, and other metals is the chief source of wealth.

There are 38 Counties in Colorado. Newspapers are published in 35.—Cities, towns, and villages in which papers are published number 65, of which 27 designated by a dagger (†) are county-seats. Of the 143 papers which insert advertisements published in the State, 24 are daily, 113 weekly, 1 semi-monthly, 9 monthly, and 1 bi-monthly.

NEVADA.

Population 62,266.....Dem. Maj. 879

Chinese, 5,416.

STATE CAPITAL CARSON CITY.

NEVADA is bounded north by Oregon and Idaho, east by Utah and Arizona, and southwest and west by California. Extreme length from north to south, 455 miles in the eastern, and 210 in the western boundary; greatest breadth, 320 miles, decreasing to 310 miles in the north and to a point in the south; land area, 109,740 square miles. Surface generally is a table-land about 4,000 feet above the sea, traversed by nearly parallel mountain ranges, between which are valleys varying in width from 5 to 20 miles, in some cases narrow canyons, and in others broad deserts, covered with sage-brush and other scanty herbage. The soil when irrigated is fertile, and produces spring wheat, barley, oats, potatoes, butter, hay, wool, etc. There is much good pasturage, and cattle fatten readily upon it. Cotton and sub-tropical fruits do well in the south. It has for years been the leading State in the production of the precious metals. The milling and smelting of ore is the leading manufacturing pursuit. Lumber sawing, once important, is declining, owing to the rapid disappearance of the forests.

There are 15 Counties in Nevada. Newspapers are published in 13.—Cities, towns, and villages in which papers are published number 20, of which 12 designated by a dagger (†) are county-seats. CALIFORNIA.

Population 864,694.....**Dem. Plur. 78**
 Chinese, 75,132. Gbk. vote 3,392.

STATE CAPITAL, SACRAMENTO CITY.

CALIFORNIA is bounded north by Oregon, east by Nevada and Arizona, south by Lower California, and west by the Pacific Ocean. A line drawn through its center, following the curves of the eastern and western borders, would measure about 770 miles. Its greatest breadth is about 330 miles; least breadth, 150 miles; average breadth, 230 miles; land area, 155,980 square miles. It is the largest State in the Union except Texas. The surface is traversed by two great ranges, the Sierra Nevada in the east and the Coast Range in the west, while between them is the beautiful and fertile valley of the rivers Sacramento and San Joaquin. The Yosemite and other valleys are on the western slope of the Sierra Nevadas, and the eastern slope teems with minerals. The north is an elevated mountain region, with a rugged surface and poor soil. The soil of a large part of the State is very deep and rich, and the yield of agricultural products generally is very great. The wheat crop sometimes amounts to over 13,000,000 bushels, and the wool-clip to 24,000,000 pounds. As many as 5,000,000 gallons of wine and 150,000 gallons of brandy have been made in a single season. Dried fruits are extensively produced; oranges, lemons, and other tropical fruits, and honey, are raised in the south, and tobacco, corn, barley, and hops in various parts of the State. Indeed, California is famous for her wheat, wool, vineyard produce, and agricultural products generally, scarcely less than for her yield of the precious metals. Manufacturing interests are growing rapidly, the principal being lumber, flour, woolens, wine, brandy, tobacco, cigars, machinery, and metallic wares. There is considerable fishing and coasting-trade.

There are 52 Counties in California. Newspapers are published in all. — Cities, towns, and villages in which papers are published number 120, of which 51 designated by a dagger (†) are county-seats. Of the 357 papers which insert advertisements published in the State, 57 are daily, 2 tri-weekly, 12 semi-weekly, 254 weekly, 2 bi-weekly, 5 semi-monthly, 24 monthly, and 1 quarterly.

STATE CAPITAL, SALEM.

OREGON is bounded north by Washington Territory, east by Idaho, south by Nevada and California, and west by the Pacific Ocean; average length from east to west, about 360 miles; average breadth, about 260 miles; land area, 94,560 square miles. It is divided unequally by the Cascade Mountains. East of this range the surface is generally undulating table-land, with high cone-like hills and deep canyons. Between the Cascade and Coast Ranges is the Willamette Valley, 40 miles wide by 140 miles long, and exceedingly fertile; from the Coast Range westward the surface is mountainous, hilly, and broken. This section is suited for wool-growing, stock-raising, and the growth of winter wheat, barley, oats, and hay. The eastern portion does better as a stock-raising region, but good wheat is grown there. In the valley, wheat, hops, tobacco, wool, flax, fruit, linseed, dairy products, and potatoes are raised in large quantities. Corn does not thrive, as the summers are too cool. Manufactures are lumber—the large Douglas spruce affording the best masts and spars in the world; leather, boots and shoes, saddlery, milling and smelting of ores, carriages, furniture, liquors, linseed-oil, etc. The packing of beef and pork, and canning of salmon are successfully carried on. Gold and silver are produced, but not in very large amounts; copper and iron-ore are abundant; potter's clay, glass-sand, granite, marble, etc., are plentiful.

There are 24 Counties in Oregon. Newspapers are published in 22.—Cities, towns, and villages in which papers are published number 34, of which 21 designated by a dagger (†) are county-seats. Of the 78 papers which insert advertisements published in the State, 8 are daily, 2 semi-weekly, 61 weekly, 1 semi-monthly, and 6 monthly.

ARIZONA.

Population 40,440.....Dem. Maj. 489 (Congressional.)

Chinese, 1,680.

TERRITORIAL CAPITAL, PRESCOTT.

ARIZONA is bounded north by Utah and Nevada, south by New Mexico, and west by California and Nevada; land area, 112,920 square miles. It lies entirely within the Valley of the Colorado. The streams generally flow through deeply eroded chasms. The soil is very fertile when irrigated, even on the alkaline plains; and the mountain lands are well adapted to stock-raising and wool-growing. Wheat, barley, and corn appear to be the principal crops; but pastoral occupations are better suited to the country, and more profitable than strictly agricultural pursuits. The chief wealth of the Territory, however, lies in its mineral deposits. Gold, silver, lead, copper, iron, cinnabar, salt, borax, etc., abound, and the mining and working of gold and silver ores is at present the leading industry.

There are 10 Counties in Arizona. Newspapers are published in all. — Cities, towns, and villages in which papers are published number 11, of which 10 designated by a dagger (†) are county-seats. Of the 30 papers which insert advertisements published in the Territory, 9 are daily, and 21 weekly.

DAKOTA.

Population 135,177Rep. Maj. 9,456 (Congressional).

TERRITORIAL CAPITAL, YANKTON.

DAKOTA is bounded north by Manitoba, east by Minnesota and Iowa, south by Nebraska, and west by Wyoming and Montana; land area, 147,700 square miles. It is intersected by the Missouri River, which is here navigable. Most of the eastern part is dry, rolling prairie, with many lakes and streams. The southwest contains large tracts of the Bad Lands, while to the north and west of this region are the Black Hills. Some of the highlands and river bottoms are well wooded, but the Territory as a whole is rather deficient in timber. The soil is exceedingly varied; that of the Bad Lands and some high land is inarable, but the Missouri River bottoms are exceedingly fertile. The northeast or Pembina country is a fine wheat section, as are also the prairie lands along the line of the Northern Pacific Railroad and the smaller river bottoms. Corn and other cereals, potatoes, tobacco, etc., grow well in the south. A great part of the Territory affords every requisite for successful stock-raising. Gold and silver are found in the Black Hills. There are no manufactures of importance.

There are 68 Counties in Dakota. Newspapers are published in 52.—Cities, towns, and villages in which papers are published number 108, of which 29 designated by a dagger (†) are county-seats. Of the 181 papers which insert advertisements published in the Territory, 22 are daily, 1 tri-weekly, 1 semi-weekly, 152 weekly, and 5 monthly.

IDAHO.

Population 32,610.....Dem. Plur. 1,514 (Congressional).
Chinese, 3,379.

TERRITORIAL CAPITAL, BOISE CITY.

IDAHO is bounded north by British Columbia, east by Montana and Wyoming, south by Utah, and west by Oregon and Washington; land area, 84,290 square miles. The surface is chiefly mountainous, but there are also large tracts of prairie and fertile valleys. In the southeast is a volcanic region, abounding in geysers and saline springs. It is generally better adapted for grazing than for agriculture. Corn is not profitably raised, owing to the shortness of the summer. Barley, wheat, oats, potatoes, dairy products and wool are the staples. There are vast tracts covered with sage-grass, on which cattle fatten readily. Many of these plains, if irrigated, would make excellent wheat-growing districts. Gold and silver are plentiful in all parts of the territory, and are largely produced.

There are 14 Counties in Idaho. Newspapers are published in 9.—Cities, towns, and villages in which papers are published number 13, of which 7 designated by a dagger (†) are county-seats. Of the 22 papers which insert advertisements published in the Territory, 4 are daily, 1 tri-weekly, 2 semi-weekly, and 15 weekly.

MONTANA.

Population 39,159.....**Dem. Maj. 1,428** (Congressional).

Chinese, 1,765.

TERRITORIAL CAPITAL, VIRGINIA CITY.

MONTANA is bounded north by British America, east by Dakota, south by Wyoming and Idaho, and west by Idaho; land area, 145,310 square miles. Surface generally mountainous, especially in the west. Along the three forks of the Missouri River, as well as elsewhere through the Territory, there is much undulating prairie, with a fertile soil. The Missouri River is navigable to Fort Benton; the Yellowstone is also navigable. Perhaps nowhere else are such advantages offered to the stock-raiser and wool-grower as are here found. Very little hay or winter foddering is needed, the stock feeding on the rich grasses and ranging all winter in the sheltered valleys. Of agricultural staples, spring wheat, potatoes, butter, barley, oats, and vegetables are the most prominent. The chief minerals are gold and silver, of which large quantities are obtained. Leading manufacturing interests are lumber-sawing, quartz-milling and stamping, flour, etc.

There are 13 Counties in Montana. Newspapers are published in 12. — Cities, towns, and villages in which papers are published number 12, of which 11 designated by a dagger (†) are county-seats. Of the 28 papers which insert advertisements published in the Territory, 9 are daily, 1 semi-weekly, and 18 weekly.

NEW MEXICO.

Population 119,565.....Rep. Maj. 1,273 (Congressional).

TERRITORIAL CAPITAL, SANTA FE.

NEW MEXICO is bounded north by Colorado; east by the Indian Territory and Texas, south by Texas and Mexico, and west by Arizona; land area, 122,460 square miles. Its general surface is a region of high plateaus, traversed by mountain ranges with isolated peaks. The valleys are generally nearly level, and their soil fertile when irrigated. In the east is a part of the barren "Llano Estacado" or "Staked Plain." Stock-raising and wool-growing are the leading occupations, the bunch-grass affording rich pasturage, and neither hand-feeding nor shelter is ever necessary for the herds and flocks. Agriculture is successful only when irrigation is resorted to, and wheat, corn, beans, and onions are the chief crops. Of fruits, the apple, peach, melon, fig, apricot, pomegranate, and especially grapes, flourish. Gold, silver, copper, iron, and lead exist, and all are worked to some extent. Manufactures are confined principally to grain, quartz, and lumber milling, the making of blankets by the Navajo Indians, and coarse pottery by the Pueblos.

There are 12 Counties in New Mexico. Newspapers are published in 9.—Cities, towns, and villages in which papers are published number 17, of which 5 designated by a dagger (†) are county-seats. Of the 28 papers which insert advertisements published in the Territory, 5 are daily, 1 semi-weekly, 21 weekly, and 1 bi-weekly.

UTAH.

Population 143,963.....Mormon Maj. 17,203 (Congressional).

TERRITORIAL CAPITAL, SALT LAKE CITY.

UTAH is bounded north by Idaho and Wyoming, east by Wyoming and Colorado, south by Arizona and west by Nevada; land area, 82,190 square miles. The surface is very mountainous, interspersed with arid plains, valleys, and basins; much of it is utterly sterile. Irrigation is nearly everywhere necessary but if a perfect system were adopted, much of the soil now worthless would produce good crops, as it contains most if not all of the elements of fertility. Wheat, oats, barley, corn, potatoes, dairy produce, hay, and wool are the chief products. Cattle-raising is a profitable industry, and is often successfully carried on where farming is impracticable. The chief wealth of the territory, however, is in its minerals. Gold and silver are largely produced, as are also lead, iron, copper, coal, and salt. Manufactures are chiefly those of goods needed for home consumption, but of late extensive works for the mining and smelting of ores have been established.

There are 23 Counties in Utah. Newspapers are published in 7.—Cities, towns, and villages in which papers are published number 8, of which 6 designated by a dagger (†) are county-seats. Of the 29 papers which insert advertisements published in the Territory, 6 are daily, 5 semi-weekly, 9 weekly, 2 semi-monthly, and 7 monthly.

WASHINGTON.

Population 75,116.....Rep. Maj. 1,797 (Congressional).

(Chinese, 3,186.)

TERRITORIAL CAPITAL, OLYMPIA.

WASHINGTON is bounded north by British Columbia, east by Idaho, south by Oregon and west by the Pacific Ocean; land area, 66,880 square miles. It is divided by the Cascade Mountains into two distinct sections. The western is a heavily timbered country, rugged and broken, with a few fertile prairies. The eastern has extensive plains, although it has also some broken surface; timber, as a rule, much less abundant. This section is admirably adapted to stock-raising, the soil of its prairies well suited for agriculture; but the chief agricultural region, however, is in the western section, although corn does not thrive so well there, because the summers are too cool. Wheat, barley, oats, hay, and butter are the chief crops; a little gold and silver are mined; salt abounds on the Spokane Plain, and there is good coal. The chief article of export is lumber; some ship-building is carried on. There is considerable fishing, especially salmon, the canning and salting of which is a prominent industry.

There are 26 Counties in Washington. Newspapers are published in 15.—Cities, towns, and villages in which papers are published number 20, of which 14 designated by a dagger (†) are county-seats. Of the 44 papers which insert advertisements published in the Territory, 8 are daily and 36 weekly.

WYOMING.

Population 20,789.....Dem. Maj. 147 (Congressional).

Chinese 214.

TERRITORIAL CAPITAL, CHEYENNE CITY.

WYOMING is bounded north by Montana, east by Dakota and Nebraska, south by Colorado and Utah, and west by Utah, Idaho, and Montana; land area, 97,575 square miles. Its surface is broken by mountain ranges, deep river canyons, flat-topped hills or buttes, the latter a feature of South Wyoming, and which rise from valley or plain like walled cities or mounds. There are large elevated plateaus or parks, of which the principal is the Great Yellowstone or National Park. Stock-raising, sheep-husbandry, and coal-mining are the leading pursuits. Irrigation is needed in a large part of the country to make the soil productive. Gold and silver are plentiful. There are vast beds of iron-ore and plenty of good coal. Gypsum, salt, soda, sulphur, copper, and other minerals are found. In manufactures, the sawing of lumber and railroad ties, milling of quartz, and railroad repair and machine shops in the towns on the line of the Union Pacific Railroad, occupy the leading place.

There are 7 Counties in Wyoming. Newspapers are published in 5, at the county-seats designated by a dagger (†). Of the 10 papers published in the Territory, 3 are daily, and 7 weekly.

ONTARIO.

Population 1,923,228.

PROVINCIAL CAPITAL, TORONTO.

ONTARIO is bounded north and northeast by Quebec, southeast, south-southwest, and west by the St. Lawrence River, the Great Lakes, and Kewatin District, northwest and north by Hudson's Bay and the Northwest Territories; length from southeast to northwest about 750 miles; breadth from northeast to southwest, 500 miles; area about 107,780 square miles. Surface is mostly undulating, traversed by the Laurentian Hills and Blue Mountains, but except in the neighborhood of Lake Superior and Georgian Bay they nowhere exceed a few hundred feet in height. The agricultural resources are very great. Three fourths of the present area of habitation is fertile, while an immense region beyond is capable of cultivation; very large crops of cereals are raised. The apple orchards of the southwest are very productive, and small fruits and vegetables are prolific. Its mineral treasures are exceedingly rich and varied; iron, copper, lead, and silver are very abundant; some gold has been found between Georgian Bay and the Ottawa River; petroleum, salt, rock-salt, and peat beds also exist. Manufactures are important, and cover a wide range of articles.

Newspapers are published in 44 Counties of this Province.—Cities, towns, and villages in which papers are published number 171, of which 35 designated by a dagger (†) are county-seats. Of the 389 papers which insert advertisements published in the Province, 37 are daily, 3 semi-weekly, 296 weekly, 2 bi weekly, 5 semi-monthly, 45 monthly and 1 quarterly.

QUEBEC.

Population 1,359,027.

PROVINCIAL CAPITAL, QUEBEC.

QUEBEC is bounded north by Labrador and Hudson Bay; east by Labrador and the Gulf of St. Lawrence; south by New Brunswick, Maine, New Hampshire, and New York; southwest by Ottawa and Ontario rivers. Length from east to west 700 to 1,000 miles, breadth about 300 miles; area about 193,355 square miles. Surface south of the St. Lawrence generally hilly, northern part generally mountainous and rocky; the greater part of the surface is covered with forests. Soil in many districts is rich, and cereals grow well. Oats, potatoes, and hay are the chief crops; wheat, barley, rye, buckwheat, flax, peas, and beans; corn grows well only in the southwest; hops and apples are also raised. Copper is found in large quantities in the east; iron almost everywhere; gold chiefly on the banks of the Chaudiere River. Lumber is a valuable article of export; manufactures are of considerable value, and varied in kind. Ship-building is carried on in Quebec, and the fisheries are valuable.

Newspapers are published in 23 Counties of this Province.—Cities, towns, and villages in which papers are published number 27, of which 15 designated by a dagger (†) are county-seats. Of the 113 papers which insert advertisements published in the Province, 20 are daily, 5 tri-weekly, 5 semi-weekly 59 weekly, 1 semi-monthly, 21 monthly, 1 bi-monthly, and 1 quarterly.

NEW BRUNSWICK.

Population 321,233.

PROVINCIAL CAPITAL, FREDERICTON.

NEW BRUNSWICK is bounded north by Quebec, east by the Gulf of St. Lawrence, south by the Bay of Fundy and part of Nova Scotia, and west by Maine. Greatest length from north to south 230 miles; breadth 190 miles; area about 27,322 square miles. Surface generally flat or undulating; for about twelve miles inland from the Gulf of St. Lawrence and Northumberland Strait the surface is low and marshy. It has extensive forests. Lumbering is the chief occupation; agricultural products are small, and do not supply the home demand. Ship-building is extensively carried on. The salmon fisheries are very prolific. Manufactures are chiefly sawed lumber and wooden wares, cotton and woolen goods, paper castings, machinery, locomotives, &c. Chief exports—lumber, fish, iron, coal, gypsum, hay, etc.

Newspapers are published in 7 Counties of this Province. — Cities, towns, and villages in which papers are published number 12, of which 1 designated by a dagger (†) is a county-seat. Of the 34 papers which insert advertisements published in the Province, 6 are daily, 1 tri-weekly, 2 semi-weekly, 22 weekly, and 3 monthly.

PROVINCIAL CAPITAL, HALIFAX.

NOVA SCOTIA consists of a very narrow peninsula called Nova Scotia proper, and of the island of Cape Breton. It is bounded north by Prince Edward Island and the Gulf of St. Lawrence; northeast, southeast, south, and southwest by the Atlantic Ocean; northwest by the Bay of Fundy and New Brunswick. Greatest length from northeast to southwest 350 miles; greatest breadth about 120 miles; area about 21,731 square miles. The Cobequid Range runs through the interior, the soil on both sides of which is very fertile; also in the beautiful valley of the Annapolis River. Agricultural productions are very extensive; wheat, rye, oats, barley, buckwheat, corn, vegetables, and fruit grow abundantly. The minerals are gold and iron, the latter inexhaustible and of a fine quality. Manganese, gypsum, and roofing-slate abound. Manufactures are numerous, and include coarse cloths, flannels, blankets, carpets, boots and shoes, saddlery, furniture, and farm implements. Ship-building is important. The fisheries are very abundant, those of Newfoundland alone, perhaps, exceeding them in value.

Newspapers are published in 14 Counties of this Province. — Cities, towns, and villages in which papers are published number 21, of which 9 designated by a dagger (†) are county-seats. Of the 47 papers which insert advertisements published in the Province, 5 are daily, 3 tri-weekly, 1 semi-weekly, 34 weekly, 1 semi-monthly, and 3 monthly.

NEWFOUNDLAND.

Population 161,436.

CAPITAL, ST. JOHN'S.

NEWFOUNDLAND is in the Atlantic Ocean, at the mouth of the Gulf of St. Lawrence; bounded north and northeast by Labrador (Belle Isle Straits intervening); Cape Breton is off its southwest point; east by the Atlantic Ocean, and west by the Gulf of St. Lawrence. Its extreme length is 419 miles; extreme breadth 300 miles. Surface generally rugged, with numerous lakes and rivers; not much timber, except along the streams and on the western side of the island. Soil is fertile near many of the lakes and rivers, and in many places farming is profitable. Wheat grows well; so do potatoes and green crops generally; apples and small fruits are profitable. The timber lands are unsettled, and lumbering is not carried on. The fisheries, both on the Grand Banks and in-shore, are very extensive, and valuable. The seal fishery employs many vessels and steamers. Principal exports are fish and fish-oils, seal-oil and skins.

There are 12 papers which insert advertisements published in Newfoundland, 2 daily, 2 tri-weekly, 2 semi-weekly, 5 weekly, and 1 bi-weekly.

DAILY EVENING POST

SAN FRANCISCO, CAL.

It has the largest circulation of any Evening Paper published in America outside of New York, and is the most popular Evening Journal published on the Pacific Coast.

As a medium for advertisers it surpasses all others.

Its circulation is more than double that of any other evening paper in California.

THE DAILY POST is delivered by carriers at 15 cents a week. By mail, postage free: one year, \$6.00; six months, \$3.00; three months, \$1.50.

THE WEEKLY POST, enlarged, \$2.00 a year, postage free.

N. W. AYER & SON, Newspaper Advertising Agents,
Times Building, Philadelphia.

FARMERS' REVIEW

Guaranteed Circulation, 25,000 Weekly.

THE FARMERS' REVIEW is pre-eminently the paper of the Business Farmer. Why? Because it is the only paper which helps him to dispose of his crop profitably. Its readers are money-making farmers. No advertiser who wants to reach the best Farmers of the Northwest can feel that he has done so if his advertisement has not appeared in its columns.

IF YOU HAVE NOT SEEN THE FARMERS' REVIEW, SEND FOR A COPY.

The character of a paper is the best index of the character of its readers.

THE FARMERS' REVIEW

Proves its Circulation by a Certificate from the Chicago Postmaster, of Postage Paid.

CERTIFICATE.

CHICAGO POST-OFFICE, CHICAGO, ILL., March 31st, 1883.

To the Proprietors of the Farmers' Review:

This is to certify that the FARMERS' REVIEW paid postage for the six months ending March 31, 1883, on second-class matter, as follows: On 63,719 lbs. @ 2 cts., \$1,274.38, as the same appears by the records of this office.

◇ CHICAGO GROCER ◇

CHICAGO GROCER COMPANY, PUBLISHERS,
CHICAGO, ILLINOIS.

PUBLISHED WEEKLY IN THE INTERESTS OF THE GROCERY AND PROVISION TRADES.

It is the recognized champion of honest goods, honest qualities and honest labels and brands.

Its editorials embrace all subjects in the province of the trade, and wield an important influence.

Its market reports are exceptionally complete, comprehensive and accurate, and hence are in extensive demand.

Its local influence and standing is attested by its having organized the Chicago Retail Grocers' Association, of which influential body it is now the official paper.

We, the undersigned Wholesale Grocers of the City of Chicago, believe that THE CHICAGO GROCER, a weekly newspaper published in the interests of the grocery and provision trades, is an ably conducted, independent grocery journal, and wields an important influence toward correcting evils now existing in the trade:

"My son, deal with men who advertise."—BEN. FRANKLIN.

We learn from the Frank Siddalls Soap Co., of Philadelphia, that during the past three months they have obtained four thousand eight hundred and sixty-five new customers, from their advertisement in the WITNESS alone, and their business has increased immensely. Further than this, every day brings them a hundred and twenty or more new customers, who have been influenced by the advertisements in the WITNESS.—*N. Y. Witness*, Dec. 1, 1881.

ED. WITNESS: "We have had better results from advertising in the WITNESS than any paper we have ever advertised in New York."
CARTER MEDICINE CO., BRENT GOOD, Secretary.

To the Publishers of the *N. Y. Weekly Witness*:

M. J. PAILLARD & Co., MUSICAL BOXES,
680 Broadway, New York, Jan. 27, 1883.

GENTLEMEN:—Our advertisement for Music Boxes having been inserted for one month last Fall in all the leading religious weekly papers throughout the United States, we are pleased to acknowledge that we have had more immediate and satisfactory returns from the one in the WITNESS than from any other two or three combined papers on the list. Wishing you continued success, we remain, truly yours,

M. J. PAILLARD & CO.

To Publishers *New York Witness*:

B. K. BLISS & SONS' SEED AND HORTICULTURAL WAREHOUSE,
New York, Jan. 29, 1883.

GENTLEMEN:—We hand you herewith our order for advertising for the season, to which we ask your usual care and attention. We have advertised in the WITNESS for several years, and consider it one of the very best advertising mediums in the country.

Respectfully,
B. K. BLISS & SONS.

MATTAPAN, Mass., Jan. 25, 1883.

I have several advertisements I will insert in your extra edition. I have used your paper twice, and find it the best I have used so far. I will not speak one word of untruth when I say that I have had upwards of 1,500 letters from a 3-line advertisement in your December 28th issue (280,000), and also others that do not mention your valuable paper.

C. C. WEEKS, Publisher "The Call."

R. & J. BECK, MANUFACTURERS AND IMPORTERS OF MICROSCOPES,
OPTICAL AND PHYSICAL INSTRUMENTS,
Philadelphia and London.

New York Witness:

DEAR SIR:—It affords us pleasure to say that our advertisement in the WITNESS has been one of the most profitable and satisfactory of any we have ever inserted in any paper, not alone for the number of applications it has brought for price-lists, but for their quality, the majority of them being for actual purchase.

Yours truly,

R. & J. BECK, 1016 Chestnut St., Phila., Feb. 6, 1883.

SMITHTOWN, L. I., May 22, 1883.

This is to certify that I inserted an 8-line advertisement in the *N. Y. WITNESS* last December, from which I received upwards of 400 answers. I certainly never received half that number of answers from a like advertisement inserted in any other paper. I consider the WITNESS one of the best (if not the best) advertising medium known.

ESTABLISHED 1783

Chronicle and Constitutionalist

PUBLISHED DAILY, TRI-WEEKLY AND WEEKLY.

The Oldest Newspaper in the Southern States.

TO BUSINESS MEN.

Augusta, in Georgia, has a population of 40,000, and is the manufacturing centre of the State, furnishing employment to over five thousand hands in the various branches of manufacture.

Augusta is also the financial and commercial centre for supplying the wants of more than five hundred thousand of the most prosperous and enterprising people in the entire South.

Augusta is situated on the Savannah River, the head of navigation, a line of light draught steamers plying between the city and the sea, and is also a great Railway centre—the Georgia, the Macon & Augusta, the Central, the Port Royal, the South Carolina, and the Charlotte, Columbia & Augusta Railroads, with daily trains entering the city, bringing the citizens of the surrounding country in close connection. The Augusta & Knoxville Railroad has recently opened another section of valuable territory with this city, thus increasing the commercial importance of Augusta.

THE CHRONICLE AND CONSTITUTIONALIST

Represents the enterprise of the most prosperous people in the South—a population with as many wants as the entire population of Connecticut—and wants that are every day increasing. It is the only newspaper of influence circulating from Augusta to Atlanta; from Augusta to Savannah; from Augusta to Macon; from Augusta to Charleston; from Augusta to Port Royal; from Augusta to Columbia, and from Augusta throughout Georgia and South Carolina, and is the recognized channel for every form of business communication in this section.

TO BUSINESS MEN AND MANUFACTURERS, who make goods that are in demand in the South, THE CHRONICLE AND CONSTITUTIONALIST offers a first-class audience—that appreciates a business statement, and an audience that is daily growing more numerous and prosperous, and one of especial value to dealers in Grocers' Sundries, Hardware of various descriptions, such as Safes, Scales, Mechanics' Tools, Cutlery, Builders' Supplies, and all descriptions of Labor Saving, Agricultural and Mill Machinery, Fertilizers, Cotton Machinery, Dry Goods, Notions, Clothing, Boots, Shoes, Hats, etc.

We invite correspondence from manufacturers and merchants in the North, who understand the requirements of the people of the South, in full confidence that they will be well repaid for their outlay in any advertising done in the columns of the CHRONICLE AND CONSTITUTIONALIST.

AS FOLLOWS:

FARM and FIRESIDE | SOUTHERN EDITION

Headquarters, Springfield, Ohio.

Better known as the
LOUISVILLE FARM AND FIRESIDE,

91,000 Copies | 62,000 Copies

EXPLANATORY:

The farmers and planters of the South raise a class of farm products almost entirely different from those of their brethren in the North; and while the enormous circulation of FARM AND FIRESIDE, which is greater than any other Agricultural Journal ever attained, is a proof that FARM AND FIRESIDE is the most popular Agricultural Journal ever published, yet we found it impossible with one paper to do justice to all sections of our great and growing country; therefore we divided the subscription list of FARM AND FIRESIDE into two sections. Those subscribers living south of the Ohio river now receive the Southern Edition of FARM AND FIRESIDE. Those in the Northern States receive the old edition of FARM AND FIRESIDE. The latter paper still retains all of its many features which have made it so popular; while the Southern Edition of FARM AND FIRESIDE has an entirely different corps of Correspondents and Editors, who are familiar with all the varied industries and products of the Southern and South-western States, so that the Southern Edition is a Journal especially adapted to the Southern and South-western States, where we push its circulation, and it is the most valuable advertising medium in the United States to those desiring to reach Southern trade.

ADVERTISING RATES LOW IN EITHER PAPER.

A Liberal Reduction made when Advertisements are inserted in both Papers.

Each Copy is printed on good paper, nicely folded, pages size of *Harper's Weekly*, pasted and trimmed like *Scientific American*, opens like a book, and is preserved by Subscribers.

 **EVERY ADVERTISEMENT CAN BE SEEN.**

Advertisements must reach us by Saturday to insure insertion in the next issue.

The publisher of THE SATURDAY EXPRESS holds it to be good policy to make his space valuable to advertisers. In no other way can a sound and honest advertising business be built up.

He calls attention to these points which recommend the EXPRESS:

1. While other newspapers charge a cent or more a line for each thousand circulation, THE EXPRESS charges only about one-half a cent a line.
2. The circulation of THE EXPRESS is guaranteed, and we will verify it at any time by the oath of the publisher, the statement of the paper dealer and printer, or the receipts for postage.
3. THE EXPRESS is well printed from good plain type, on clear white paper. It is printed on large cylinder presses, which bring out the lines of a fine cut with distinctness.

**OUR CIRCULATION, AND
HOW WE GET IT.**

**A Cheap and Popular Paper Going Regularly
to the Best Farmers in the United States.**

**A NATIONAL CIRCULATION INCREASING
AT THE RATE OF 1,500 A WEEK.**

TO ADVERTISERS.

The attention of shrewd advertisers is called to the **AMERICAN FARMER**, a new agricultural journal, which is rapidly gaining a national circulation, and which is invaluable to every manufacturer and dealer wishing to bring his stock to the attention of the producers of the country.

OUR SUBSCRIBERS.

Believing that the better class of agriculturists of the country take their county paper and pay for it in advance, we have endeavored to reach that class by placing the subscription price of our paper so low that the enterprising publishers of the best county papers can make money by offering the **AMERICAN FARMER** as a premium to their subscribers who pay in advance. So popular has this scheme become with the country publishers that the following sample advertisement is running in nearly three thousand county papers and returns from it are reaching us by every mail:

FREE.

AMERICAN FARMER.

The Farmers' Friend and Helpmate.

All of our subscribers who will pay their subscription accounts to this paper in full to date, and one year in advance, will be presented with one year's subscription to the "**AMERICAN FARMER**," a sixteen page agricultural magazine, published by E. A. K. Hackett, at Fort Wayne, Indiana, and which is rapidly taking rank as one of the leading agricultural publications of the country. It is devoted exclusively to the interests of the Farmer, Stock Breeder, Dairyman, Gardener, and their Household, and every species of industry connected with that great portion of the people of the world, the Farmer. The subscription price of this valuable magazine is only \$1.00 per

year, but for the purpose of giving our readers a rare treat and doubling our circulation, we send it to you **FREE**. Farmers cannot well get along without it. It puts new ideas into their minds. It teaches them how to farm with profit to themselves. It makes the home happy, the young folks cheerful, the growler contented, the downcast happy and the demagogue honest. As it costs you nothing, suppose you try it one year.

We estimate that the above plan will bring us 100,000 subscribers during the year 1883. At the rate our list is now increasing we will far exceed that number. In addition to this we have already

OVER 2,000 AGENTS

at work raising clubs in different parts of the country, and it is our aim to secure one agent in each neighborhood in the United States. We do not give our agents chromos or premiums of any kind, but allow them a commission of 50 per cent. on the amount collected. On these terms our agents work hard and serve us well.

The editorial department is in charge of agricultural writers of ability who keep this department up to a high standard.

The proprietor of the **AMERICAN FARMER** is not a manufacturer or dealer in agricultural goods of any kind, consequently he is not prejudiced in favor of any particular machine or any special breed of cattle, horses, sheep or hogs. Our motto shall be "equal and exact justice to all," ever mindful of the best interest of the farmer. Our advertising columns are open to all manufacturers and breeders to present their claims and merits, but we give no editorial endorsement of any article *for pay*.

ADVERTISING RATES.

We do not desire more than three pages of advertising. Extravagantly worded advertisements, or those in which the advertiser offers more than can reasonably be given, are not desired at any price and will be rigidly excluded. Our aim is to protect our readers against fraudulent advertisers and thereby add to the value of legitimate advertising. Our rates will always be as low as our circulation will warrant, but for the present we cannot make rates that will hold good for any length of time. We cordially invite correspondence from advertisers wishing to profit by our circulation, and the rates ruling at the time application is made will be given.

A statement of the circulation each month will be furnished all advertisers.

We respectfully solicit the business of all legitimate advertisers. Address,

E. A. K. HACKETT,

Publisher **AMERICAN FARMER**, Fort Wayne, Indiana.

STREET & SMITH'S

New York Weekly

FOR 1883.

SPECIMEN COPIES SENT FREE.

The New York WEEKLY is undoubtedly

THE BEST LITERARY PAPER PUBLISHED.

It is universally appreciated, as its immense circulation affords incontestable proof.

THE NEW YORK WEEKLY

is in every sense an entertaining FAMILY PAPER, and in each household where a copy is taken *every member of the family reads it*, and the contents are discussed and criticised while the readers are seated around the cheerful fireside.

The great success and unexampled prosperity of

THE NEW YORK WEEKLY

is due to the excellence of its stories, its numerous entertaining features, and its fresh and varied attractions; but not the least among its recommendations is the fact that *unusual care is exercised in revising the contents*, that all objectionable words and phrases may be avoided.

Heads of families are aware that *we never permit in our columns any word or expression likely to offend even the most fastidious guardian of youth.*

The NEW YORK WEEKLY contains the BEST STORIES, the Finest Poems, the most entertaining Sketches, as well as a choice variety of extremely interesting matter, and is therefore popularly conceded to be

THE BEST STORY AND SKETCH PAPER.

The **New York Weekly** regularly presents, in the "LADIES' WORK-BOX," plain and sensible suggestions regarding the making of garments and the choice of materials. This department is invaluable to every frugal housewife.

The **New York Weekly** also publishes DOMESTIC RECIPES, tested and approved by experts.

The **New York Weekly**, each week, presents a number of fresh and sparkling humorous anecdotes, in the column of "PLEASANT PARAGRAPHS."

The **New York Weekly** is constantly presenting the works of *new contributors*.

NOW IS THE TIME TO SUBSCRIBE FOR

The New York Weekly

The **New York Weekly** will be sent to any address in the United States (postage free) **3 months for 75 cents; 4 months, \$1; 6 months, \$1.50; 1 year, \$3.**

Those sending **\$20** for a club of eight, all sent at one time, will be entitled to a ninth copy FREE. Getters up of clubs can afterward add single copies at **\$2.50** each.

THE WORCESTER EVENING GAZETTE

WORCESTER, MASSACHUSETTS.

Established as a daily in 1843.

The only Evening Newspaper in Central Massachusetts
in full membership with the Associated Press.

The early editions are distributed on the afternoon of their publication in over forty towns along the five railroads radiating from the city. The later editions have a circulation among all classes in a city of 75,000 inhabitants. The GAZETTE is sold both to newsboys and subscribers, the daily edition varying from 6,200 to 7,500 copies. The GAZETTE has generally supported Republican principles, but has independent opinions on all subjects, and is nobody's organ. Also, published at the same office, **THE ÆGIS AND GAZETTE**, a weekly paper of news and valuable miscellaneous reading.

TO MEDICAL ADVERTISERS.

THE NEW YORK MEDICAL JOURNAL

One of the ablest and best mediums to reach the Medical Profession. A weekly review of medicine.

EDITED BY FRANK P. FOSTER, M. D.,

Physician for Diseases of Women to the Out-Patient Department of the New York Hospital;
Fellow of the New York Obstetrical Society, etc., etc.

D. APPLETON & Co., PUBLISHERS.

The JOURNAL circulates in every State of the Union, and is the organ of the best thought of the Profession, its list of contributors embracing the leading minds in all departments of medicine. The Medical Profession of the United States have universally indorsed it as one of the very best medical periodicals published in the world. The same testimony is given by the leading medical professors and publications of the old world. It is also recognized by our own Government, being the official organ of the Medical Department of the Army and Navy of the United States. It therefore becomes one of the very best mediums for advertising all articles pertaining to the Medical Profession, and in no better way can advertisements be placed before all those interested in medical practice. Our rates are as low as consistent with circulation. Correspondence solicited, and all information furnished.

THE POPULAR SCIENCE MONTHLY

CONDUCTED BY E. L. & W. J. YOUMANS. D. APPLETON & Co., PUBLISHERS.

Established in May, 1872, has reached a large circulation, and is steadily increasing. The character of the circulation must of necessity be the very best, worth more to advertisers than a circulation of four times the number in a magazine of a miscellaneous character.

THE POPULAR SCIENCE MONTHLY was established to raise the standard of popular reading in this country. Magazines are more and more taking the place of books; first-class minds are devoting themselves with increasing readiness to the work of popular instruction, and when their sterling contributions upon the most important subjects could find no place in our widely circulated periodicals it became necessary to have a magazine that would give expression to advancing scientific thought for the benefit of the more intelligent classes of the community. In the efficient performance of this service THE POPULAR SCIENCE MONTHLY is now generally recognized as without a competitor. Its object is best explained, perhaps, in the following paragraph by its editors:

"The standard at which we have aimed and to which we have worked will be kept up and improved upon by increasing experience. Our articles will be, first of all, instructive and valuable, but no pains will be spared to make them also entertaining and attractive. While we will not cater to frivolity, we shall do all in our power to make the pages of the MONTHLY agreeable as well as useful."

THE CAPE COD ITEM

YARMOUTHPORT, MASS.

GEORGE OTIS, PUBLISHER.

We wish to call your attention to THE CAPE COD ITEM as a valuable local advertising medium. The ITEM claims superiority as an advertising medium on the following grounds:

1st. It has a paid circulation larger than any four Cape Cod papers combined.

2d. It goes to every post office on Cape Cod—which no other Cape paper does.

3d. It has a local correspondent at every one of the sixty-four post-offices on the Cape.

4th. By its minuteness in giving local affairs, every one likes to read it.

5th. Only a limited space is granted to advertisers; that is, not over three pages out of eight, hence advertisements have a fair show.

6th. It is the only Cape paper using first-class, all-rag paper.

7th. It is not mixed up in the discussions of politics and religion, hence everybody takes it, reads it, likes it.

8th. It is the only paper this side of Boston folded by machinery.

9th. There are only two local papers published in Massachusetts, outside of the cities, that have a larger paid-in-advance circulation than the ITEM.

10th. It is distinctly THE ONLY Cape Cod paper that covers the territory it professes to represent.

11th. Every man's paper is stopped when his time is up—we run on a strict cash basis, hence every subscriber is a cash customer, and one all advertisers love to see.

THE CAPE COD ITEM is admitted by all who have made use of its columns to have amply repaid their investment. The publisher has aimed and succeeded in making it one of the finest county papers, in a local or typographical view, published. If you desire to reach the people of the Cape and vicinity the ITEM is the only paper that fills the bill in this respect.

It goes to subscribers in every state and territory in the Union and largely in Canada, and is sold by newsdealers everywhere. The WEEKLY FREE PRESS is conceded by the leading advertisers and agents to be one of the best advertising mediums of the country.

THE ENGLISH EDITION of the WEEKLY FREE PRESS, began in London, England, July, 1881, has met with most pronounced success and is sold at every news stall in England, Ireland and Scotland, and also at the Kiosks in Paris, France. Advertisers wishing to reach the public of Great Britain will find this an excellent medium.

THE HOUSEHOLD is a weekly supplement devoted to topics of a domestic nature. Contributions are mainly from lady readers of THE FREE PRESS and are all original. This supplement accompanies all editions weekly and is a valuable medium for advertisers of household, toilet and kindred articles.

FORT WORTH, TEXAS.

LOVING PUBLISHING COMPANY, Proprietors.

THE TEXAS LIVE STOCK JOURNAL is edited by a practical "cowman" and is the only paper published in the world devoted EXCLUSIVELY to the interests of live stock on the range. It is unique in style and matter; it is indispensable to the ranchman, and has a large circulation from the Yellowstone to the Gulf of Mexico. The JOURNAL is a 12-page, 84-column paper, and its five pages of cattle-brands is a remarkable feature, such brands being inserted by cattle owners to facilitate the recovery of estrayed stock which "drift" with the storms of winter from north to south; and this explains why the JOURNAL circulates so largely in all sections of the Union where live stock on the range is a feature. Subscription \$3.00 a year.

TEXAS WOOL GROWER

CIRCULATION 8,000.

FORT WORTH, TEXAS.

LOVING PUBLISHING COMPANY, Proprietors.

THE TEXAS WOOL GROWER is edited by practical wool growers and is a paper devoted exclusively to the interests of the sheep and wool growers of the United States and goes to every sheep ranch in Texas, with a rapidly growing circulation in other sheep-growing regions of the Union. The success of the WOOL GROWER has been phenomenal, but when the vast field occupied by it is considered it will be seen that there is practically no limit to the circulation which the paper will attain. Each week the WOOL GROWER publishes the names of twenty-five to seventy-five new subscribers, and in its issue of January 4th printed eighty-four new names. The proprietors confidently expect to print an edition of 20,000 by January 1st, 1884. Its circulation extends now from Vermont to Mexico. The WOOL GROWER is an 8-page, 40-column paper. Subscription \$2.00 a year.

LOVING PUBLISHING COMPANY, Proprietors.

THE DAILY GAZETTE, (8-pages, 56 columns) successor to the *Daily Democrat-Advance*, is the only morning Daily west of the Trinity river in North Texas, and goes to every town and village in this section.

The DAILY GAZETTE enjoys exceptional railroad advantages over all other dailies in Texas, reaching nearly every portion of North, Central and West Texas ahead of any other paper in the State, which added to the fact that no paper in Texas enjoys a wider reputation for enterprise, accounts for its remarkable increase in circulation. Subscription, \$10.00 a year.

PRINTED EVERY DAY IN THE YEAR.

THE WEEKLY GAZETTE succeeds the *Weekly Democrat-Advance*; is a 10-page, 70-column paper and has an extensive circulation in all parts of a country that is receiving more accessions to its population in a given time than any other section of the Union. Published in a section that raises cotton, wheat, corn, oats, etc., in equal abundance, the WEEKLY GAZETTE is the medium to reach the farmers of North and West Texas, whose numbers are being increased with the arrival of every railroad train. The Sun.

A MILLION A WEEK!

TO THE BUSINESS PUBLIC.—The subjoined table shows the total circulation of the several editions of THE SUN for 1882, as compared with the corresponding figures of the preceding year:

1882.		1881.	
DAILY.....	44,678,656	DAILY.....	39,701,161
SUNDAY.....	7,414,114	SUNDAY.....	7,087,604
WEEKLY.....	3,433,260	WEEKLY.....	3,498,154
Total.....	55,526,030	Total.....	50,286,919

Five million more SUNS were bought and read in 1882 than in 1881. The average circulation of the several editions during the whole of the past year was:

DAILY.....	143,200
SUNDAY.....	141,810
WEEKLY.....	66,216

THE SUN has advertising space to sell. From its compact form an advertisement in THE SUN is more readily seen than in the blanket sheets, hence a few lines in its columns will serve to attract the widest attention. A five-line advertisement in THE SUN, costing only \$2.00 reaches over half a million readers. This is unquestionably the cheapest and most efficient mode of attaining publicity and procuring customers anywhere obtainable.

ADVERTISING RATES.

In Daily and Sunday Editions the price of advertising is 40 cents per agate line. Large type 80 cents. Reading Notices \$1.50 on third page, and \$2.50 on first and second pages, per agate line.

In Weekly Edition the price is 50 cents per line of agate space, without extra charge for large type. For preferred positions 75 cents to \$2.00 per line.

THE LARGEST CIRCULATION.

The Leading Ladies' Magazine.

THE BEST. THE CHEAPEST.

Domestic Monthly

THE CHEAPEST GOOD MAGAZINE PUBLISHED.

THE DOMESTIC MONTHLY is a beautifully illustrated magazine of 60 pages devoted to FASHION AND GOOD LITERATURE. It is now in its XIXth Volume, making it one of the oldest magazines in this country. It has a LARGER CIRCULATION than any other fashion magazine.

The Subscription Price is only ONE DOLLAR a year, with One Dollar's worth of Domestic Paper Patterns as a Premium to every Subscriber.

ITS FASHION NOTES AND ARTICLES are furnished by London, Paris, and Berlin *special* correspondents, and illustrated by a corps of artists whose work is acknowledged to be the best of the kind in America. Articles appear every month upon all the departments of the costume, and every lady who would be well dressed should subscribe to the DOMESTIC MONTHLY. Among others there are articles every month upon WRAPS, STREET COSTUMES, HOUSE COSTUMES, MILLINERY, EVENING COSTUMES, CARRIAGE COSTUMES, UNDERWEAR, SHOES AND STOCKINGS, COIFFURE, LINGERIE, DOMESTIC ART, ETC., ETC., and especial attention is given to Misses' and Children's costumes, a department which is celebrated for its merit and from the fact that it is a subject almost untouched by the other fashion journals.

THE LITERARY DEPARTMENT.

THE LITERARY CONTENTS of the DOMESTIC MONTHLY are wholly original and written especially for it by many prominent authors. Everything is pure and elevated in tone, and in its excellence compares most favorably with the contents of the purely literary magazines. Serial and short stories and poems appear in every issue, and there are abundant EDITORIAL DEPARTMENTS which treat of noteworthy movements in social, literary and artistic circles. Among notable contributors may be mentioned JUSTIN MCCARTHY, PAUL H. HAYNE, ROSE TERRY COOKE, MARY CECIL HAY, HELEN CAMPBELL, LOUISE STOCKTON, MARY ANGE DEVERE, JOEL BENTON, CARLOTTA PERRY, ETC., and many others. A very attractive feature of the magazine is the Household Department, edited by MRS. HENRY WARD BEECHER. In every department the DOMESTIC is as complete as art, money and enterprise can make it, and its large circulation enables it to give, at a small price, what smaller magazines strive to equal at double, triple, or quadruple the price of the DOMESTIC.

As it has the largest circulation of any Ladies' Magazine its value to advertisers who wish to reach this class of the community is easily seen.

Almost every newspaper in the country has favorably noticed the DOMESTIC. We give below a few:

The literary contents of the DOMESTIC MONTHLY are always attractive. Some of our most popular writers of fiction contribute to its pages. Its general excellence places it, without question, among the best of our ladies' magazines.—*Home Journal, New York.*

Some of the best writers of the period contribute to its pages. The review of Fashion is always excellent.—*Weekly Witness, New York.*

The cheapest good magazine published.—*Boston Daily Globe.*

The best ladies' magazine published.—*The Occident, Chicago, Ill.*

Filled with the latest and most completely described and illustrated fashion notes.—*Burlington Hawkeye, Iowa.*

One of the daintiest of our magazines; always filled with valuable matter.—*Daily World, Nashville, Tenn.*

We cannot see how any lady can do without it.—*Bradford (Pa.) Republican*

It is one of the most elegant of our American Magazines.—*Globe, Portland, Me.*

Of all the magazines which treat of fashion, there is not one which for completeness of detail, both in description and illustration, can compare with the DOMESTIC MONTHLY.—*Journal, Lowell, Mass.*

Pure and elevated in tone.—*Musical Herald, Boston, Mass.*
An excellent family magazine.—*Seenska Amerikanaren, Chicago, Ill.*

No magazine for ladies gives as complete and reliable information concerning current and coming styles as does the DOMESTIC.—*Wilkesbarre (Pa.) Free Press.*

If one would be sure of what are to be the most elegant and stylish modes, she should take the DOMESTIC MONTHLY regularly.—*East Orange (N. J.) Gazette.*

Better than any \$2.00 magazine published.—*Mayville (N. Y.) Sentinel.*

THE BEST PAPER FOR AGRICULTURAL ADVERTISEMENTS.

LARGEST CIRCULATION AMONG THE BEST PEOPLE.

Advertisers will find it profitable to be represented in the columns of the several issues of THE NEW YORK TRIBUNE. The Weekly is the favorite paper of the substantial and intelligent country population of the United States. It goes into the farm house in every State and Territory of the country. It is a well known fact that more TRIBUNE readers own their own houses in towns and farms in the country than those of any other paper. Owing to its large and prosperous constituency, advertisements in the TRIBUNE yield the best returns. Testimonials on this point are without number. As a newspaper the paper is held by readers of a quarter of a century, the best, purest and most valuable in the United States. It covers the whole field of interesting current news, reporting at any rate everything that is fit to be talked about at the family fireside, and doing it in a bright, wholesome and readable way. The paper is fearless and honest. Its present prosperity enables it to spend money abundantly, and it always has the best and latest information of whatever is going on of any account in this big and busy world. The paper is especially active in obtaining for its readers just what they want to know and what will be of solid value to them. Dr. Townsend of the Ohio University, says that it contains more that a man wants to know and less that one doesn't want to know than any other paper with which he is acquainted. THE TRIBUNE is not a local paper, but is printed for the continent, and for all trades and classes of men. It is read in the farm house, the workshop, the business office, the home, the mines, the school and the railway car, and its pages contain something of immediate interest and value for all who glance at them. THE TRIBUNE is the steadfast champion of Republican principles and of Protection to Agriculture and Industry. In this age every one must have a New York paper. In addition to the local paper for current news, men and women need the vast variety of special matter which only a great metropolitan paper can afford to collect and print.

THE SEMI-WEEKLY TRIBUNE

has nearly all the news of the Daily, and is, in some respects, the best, as well as the cheapest paper sent out from THE TRIBUNE office. It is now delivered east of the Alleghanies on the day of publication; to subscribers west, nearly to the plains, on the day after. It contains all the literary, agricultural and domestic and miscellany, and all the special articles prepared for the Weekly. It has besides most of its editorial articles not strictly local in their application. It is printed in sixteen page form. It is measurably the most successful semi-weekly in the country, having now, as it has had for years, more than four times the circulation of any other semi-weekly issued in New York. It is especially adapted to a large class of intelligent people, who require also the literary and special information which is only found in the columns of a metropolitan paper.

THE WEEKLY TRIBUNE

has the largest circulation of its class in the United States. Each week it contains a summary of all the news of the world condensed into such shape that busy men have time to read and enjoy. It contains the letters giving the best news from foreign lands, and from time to time others describing the resources, attractions and pursuits of different portions of the United States. It has a strong agricultural department, and good market reports, which are the official standard for the Dairymen's Association, and pages especially written for the benefit of the ladies of the families of its readers, giving accurate instructions in knitting, crochet and kindred subjects. It also prints every year several good novels and stories. THE WEEKLY TRIBUNE is, in fact, the best and cheapest paper in the country. A strong point of the paper is that it is printed in large, plain type.

THE WEEKLY TRIBUNE.—A single copy, one year, \$2.00; five copies, one year, \$1.50 each; ten copies, one year, \$1.00 each.

THE SEMI-WEEKLY TRIBUNE.—Single copy, one year, \$3.00; five copies, one year, \$2.50 each; ten copies, one year, \$2.00 each.

THE DAILY TRIBUNE, including the Sunday edition, is \$12.00 per year, \$3.00 for three months, \$1.20 for one month. Without the Sunday edition, \$10.00 per year, \$2.50 for three months, \$1.00 for one month. The Sunday edition alone is \$2.00 per year.

Remit by draft or money order. If the cash is sent it should always be by registered letter.

WESTERN TOBACCO JOURNAL

CINCINNATI, OHIO.

THE ONLY REPRESENTATIVE TOBACCO TRADE PAPER
IN THE SOUTH AND WEST.

PUBLISHED EVERY MONDAY.

*SUBSCRIPTION, \$2.00 PER YEAR. SAMPLE COPIES FREE.
SEND FOR ONE.*

Its market reports are from four to seven days earlier, and its reading and statistical matter of the Tobacco Trade of a better and more reliable selection than any other Tobacco Trade paper.

The WESTERN TOBACCO JOURNAL is no experiment. It is now in its *ninth year* and has an established circulation and reputation. Tobacco Manufacturers, Leaf Tobacco Dealers or Brokers, Cigar Manufacturers or any of the dependent interests of the Tobacco Trade, would find its advertising columns a profitable investment.

TO THE CIGAR MANUFACTURER.

The TOBACCO JOURNAL is indispensable. It gives weekly reports of all the Seed Leaf Markets of the United States, keeping you posted on the ruling prices, stocks and growing crops. It publishes all the rules governing the Cigar Trade issued by the Tobacco Department of the Internal Revenue service. It will keep you posted on all matters pertaining to the agitation of the Cigar tax.

TO THE TOBACCO MANUFACTURER.

It is the best paper of its character published for the Manufacturer. It is located in the leading Tobacco market (White Burley) of the United States. Its market reports are from reliable sources, and from four days to a week earlier than given by any other paper.

TO THE TOBACCO GROWER.

Of all the different classes of Tobacco men, none will find the WESTERN TOBACCO JOURNAL of more value to them. All intelligent and progressive Tobacco Growers should subscribe for it, as its many articles on the Culture and Curing of Tobacco, from time to time, are worth many times its price.

It keeps you posted as to the wants and supply of the Tobacco Trade, the ruling price of your commodity, the wants of the markets at home and of Europe. Besides its Tobacco reading matter it contains a large amount of family reading and business articles from the leading commercial papers.

THE COMMONWEALTH.

TOPEKA, KANSAS.

DAILY AND WEEKLY.

Is the leading paper in Kansas, and is the only Kansas daily having a general circulation in Kansas, and the only Kansas daily having any circulation outside of Kansas.

It reaches its readers from twelve to twenty-four hours in advance of all other Kansas papers and all Kansas City, Mo., papers.

It is published at the capital of the State, and has facilities for getting news that other papers cannot get.

Its low rates (Daily \$8.00 per year, and Weekly \$1.00 per year), with its other advantages, have enabled it to reach a circulation double that of any other paper in the State, and thrice that of most of them, viz: 5,500 for the Daily, and 7,000 for the Weekly.

Eastern advertisers will find it the best advertising medium in the State, and its advertising rates are lower than those of any other paper in Kansas when our circulation is considered. Advertisers should address our Eastern Office: A. F. RICHARDSON, Manager, Room 65, Tribune Building, New York City.

For all other business address, THE COMMONWEALTH CO.,

“AMERIKA”

DAILY, WEEKLY AND SUNDAY
GERMAN JOURNAL.

ST. LOUIS, MISSOURI.

The “AMERIKA” is the **RECOGNIZED** and **ONLY** Daily Catholic German Journal in the **United States**, with a **guaranteed** larger circulation than **any other** German Journal of any class in the Western States. The special telegrams and communications of the “AMERIKA” from the headquarters of the Catholic hierarchy in all parts of the globe, together with sufficient capital (incorporated, \$300,000), able management and enterprise, have achieved a success unprecedented in the history of German newspapers of this country. The guaranteed circulation of the “AMERIKA” is as follows:

Guaranteed Circulation:

DAILY EDITION (Four pages),	-	-	-	7,800
SUNDAY “ (Twelve pages),	-	-	-	14,200
WEEKLY “ (Ten pages),	-	-	-	29,900

OFFICIAL FACTS.

The “AMERIKA” has paid in late years, and is now paying, more postage for its Daily, Sunday and Weekly editions than any daily or weekly German newspaper in St. Louis or the Mississippi Valley—all papers paying alike at the rate of two cents per pound. To this fact the records of the Post-Office Department will testify.

The Weekly edition circulates principally in the States of Illinois, Indiana, Iowa, Missouri, Wisconsin and Ohio.

Objectionable Advertising matter not accepted.

Daily and Weekly Bee

SACRAMENTO, CALIFORNIA.

JAMES McCLATCHY & CO., Proprietors and Publishers.

The attention of all who may be in any way benefited by advertising in a first-class, widely circulated paper is called to the fact that the DAILY BEE represents the richest district in California, and the only section where anything like average crops are assured each year, embracing the grain, wine and mining interests. This includes the counties of Butte, Yuba, Sutter, Tehama, Lake, Colusa, Shasta, Yolo, Solano, Napa, Placer, Nevada, El Dorado, Amador, San Joaquin, Calaveras and Sacramento, and is the peculiar field of the DAILY BEE, as railroad facilities enable us to reach all points within this region ahead of all competitors. The BEE has agencies in nearly every town in Central and Northern California and Western Nevada. Its circulation doubled in the country during 1880, and is constantly increasing. Its circulation in Sacramento is double that of any other paper, it having been published at the Capital continuously for 27 years. The WEEKLY BEE is one of the best family newspapers published on the coast. It is a handsome eight-page paper, containing sixty-four columns of reading matter, and contains the life of the DAILY BEE, now noted all over California as the spiciest, ablest, most brilliant and the most independent journal published on the Pacific Coast. Daily, \$6 a year. Weekly, \$2.

N. W. AYER & SON, Newspaper Advertising Agents, Times Building, Philadelphia.

MANCHESTER, N. H.

Manchester is a large, live, and growing city. According to the census of 1880 it contained 32,458 inhabitants, and was in population the first in the State, the seventh in New England, and the fifty-fourth in the Union. Since that time two new mills, employing nearly 1,500 operatives, have been started, and her population in June, 1882, was 36,503. The city is in wealth, business, and population more than one-tenth of the entire State. She pays one-ninth of the State tax, is the fourth city of the Union in the value of her cotton and woolen manufactures, and the third in New England in growth during the last decade. She makes over 200 miles of cloth per day, can build fifteen locomotives a month and fifty steam fire-engines a year, and an endless variety of other products of skill and industry. Her corporations run nearly 400,000 spindles, employ 11,000 operatives, and pay in monthly wages over \$400,000.

ITS TWO LEADING PAPERS:

The Daily Mirror and American

Has been for thirty-three years the leading, most widely circulated, and most influential daily in Manchester. It has grown with the city from small beginnings to great strength and stability. It is read in nearly every intelligent and well-to-do family in the city and vicinity, and is the one paper which reflects at once the best opinions and the enterprise, courage, and thrift of the best classes. Within the last two years it has been enlarged 57 per cent and otherwise greatly improved. It has three editions daily, advertisers getting the benefit of all of them, and as an advertising medium is worth all others that circulate here.

The Weekly Mirror and Farmer

Is an eight-page weekly of 56 columns, 22 inches long, pasted, folded, and trimmed by machinery, issued every Thursday morning. It has long stood at the head of the list of New Hampshire journals in circulation and influence, and a recent enlargement of 25 per cent., with other costly improvements, puts it far in advance of any rival in the Eastern States.

Its Agricultural Department is filled by the best-known and ablest writers in the farming profession, and commands the confidence and support of the best agriculturists of all classes and parties. Its circulation is larger than that of any other farm paper published in New England, with one exception.

No advertiser can reach the best patronage of Maine, New Hampshire, Vermont, and Northern Massachusetts, through any other source.

Advertisements in MIRROR AND FARMER, 14 cents an agate line, each insertion; four insertions, 50 cents a line. Liberal discount on large orders. Circulation 17,280, and at present rate of increase will reach more than 20,000 before the close of 1883.

Daily advertisements per square of 7 agate lines, 1 day, all editions, 75 cts.; 1 week, \$2.25; one year, \$20.

No double-column advertisements inserted in Daily unless equal to two half columns. Special position, special price.

No extra charge for unobjectionable cuts, but they must be of solid metal. No discount from rates. Don't send offers under price. Specimen copies sent free.

COMMERCIAL BULLETIN.

PRICE CURRENT and SHIPPING LIST.
NEW ORLEANS, LA.

THE ONLY STRICTLY COMMERCIAL PAPER PUBLISHED IN NEW ORLEANS.

It gives full and accurate reports of all the business transactions of each day, and contains Tables of Imports, Exports, and Stocks, which are not published in any other sheet in the city.

AS AN ADVERTISING MEDIUM for all those who wish to bring their business promptly and conspicuously before importers, city and COUNTRY MERCHANTS and dealers, PLANTERS, mechanics, consumers, traders, and the people generally, the COMMERCIAL BULLETIN PRICE CURRENT AND SHIPPING LIST is unsurpassed. Its circulation covers a wider extent of territory than most daily newspapers; every number being read carefully by the business community, thus making it one of the BEST AND MOST USEFUL ADVERTISING SHEETS in New Orleans.

It has by far the most extended and best circulation of any commercial paper in the South and West, and is a recognized authority throughout the United States. It is sent to subscribers in nearly every county and town in the great Mississippi Valley and in the Gulf States, besides having a general circulation in every State in the Union. Advertisers will consult their interests by a liberal use of the columns of the COMMERCIAL BULLETIN. Independent of our subscription list, which embraces the first merchants and financiers of the American and European cities, THE LARGE NUMBERS FORWARDED BY NEW ORLEANS FACTORS TO THEIR CORRESPONDENTS THROUGHOUT THE COTTON AND SUGAR REGIONS, THE GULF STATES AND THE WEST, enable its patrons to make known their business to purchasers who can scarcely be approached in any other way.

CIRCULATION.

The circulation of the ENQUIRER is larger than that of any Western journal.

It is exceeded by only four papers in these United States, viz: the N. Y. Herald, the N. Y. Sun, the Philadelphia Ledger and the Boston Herald.

In the publication of its Daily and Weekly editions, the ENQUIRER uses a larger number of pounds of paper than any newspaper on the continent save the New York Herald.

THE NEW "WORLD."

The entire World newspaper property has been purchased by the undersigned, and will, from this day on, be under different management—different in men, measures, and methods—different in purpose, policy, and principle—different in objects and interests—different in sympathies and convictions—different in head and heart.

Performance is better than promise. Exuberant assurances are cheap. I make none. I simply refer the public to the new WORLD itself, which henceforth shall be the daily evidence of its own growing improvement with forty-eight daily witnesses in its forty-eight columns.

There is room in this great and growing city for a journal that is not only cheap but bright, not only bright but large, not only large but truly Democratic—dedicated to the cause of the people rather than that of purse-potentates—devoted more to the news of the New than the Old World—that will expose all fraud and sham, fight all public evils and abuses—that will serve and battle for the people with earnest sincerity.

In that cause and for that end solely the new WORLD is hereby enlisted, and committed to the attention of the intelligent public.

ADVANCE

FALL RIVER, MASSACHUSETTS.

GEORGE SALISBURY, Publisher and Editor.

PRICE: FOUR CENTS A COPY, OR TWO DOLLARS A YEAR.

THE ADVANCE is published every Saturday, is a bright, live, chatty, and humorous paper, and is a great favorite with the reading public. Though only established in March, 1879, it has already become the most popular and best read paper in the district. It is a family paper, a home paper, and a business man's paper, and has already won a circulation second to none in the city, and a popularity greater than that of any of its local contemporaries. As an advertising medium it has no equal in the district, reaching every class of readers, and being appreciated by all.

AMERICAN MANUFACTURER

—AND—

IRON WORLD

Published Weekly by the

NATIONAL IRON AND STEEL PUBLISHING COMPANY,

55 NINTH STREET, PITTSBURGH, PA.

Specially devoted to the Iron, Steel, Hardware, Coal, Glass and Petroleum interests of the United States, and being published at the largest center of the industries mentioned, it enjoys unusual advantages for fully and intelligently representing them. Its circulation is not only large, but wide. It goes to over one thousand post offices, which are distributed throughout every state in the Union, nearly every territory, the Dominion of Canada, and largely throughout the balance of the civilized world. Its readers are almost wholly manufacturers or dealers in Iron, Steel, Hardware, Coal, Coke, Glass, Lead, Copper, &c., and consequently it is unexcelled as a medium through which to reach these classes of the business community.

Subscription (Postage Prepaid), \$4.25 per year.

Sample copies sent free to any address.

THE IPSWICH CHRONICLE

I. J. POTTER, Publisher.

Is the only paper published in Ipswich, which is one of the oldest towns of Massachusetts, and has a population of about 4,000. Ipswich is the business centre and trading resort of the people of the five neighboring towns of Rowley, Topsfield, Wenham, Hamilton and Essex, with a population of upwards of 1,000 each. The total population residing permanently within a circle of six miles of THE CHRONICLE office is therefore about 8,000; and it is among this most intelligent portion of the old Bay State that THE CHRONICLE principally circulates. Nothing more need be said of the probable value of an advertisement in its columns.

N. W. AYER & SON, Newspaper Advertising Agents, Times Building, Philadelphia.

(TRI-WEEKLY)

The Fredericton Weekly Capital

(WEEKLY EDITION)

Published at FREDERICTON, NEW BRUNSWICK, CANADA,
(The seat of Government of the Province.)

H. A. CROPLEY, PUBLISHER AND PROPRIETOR.

THE EVENING CAPITAL has the largest circulation in Fredericton and surrounding villages and settlements. It is read by almost every one in the city and suburbs, and is unquestionably the very best advertising medium in the city. A leading Toronto paper has called it "the Model Tri-Weekly in Canada."
THE WEEKLY CAPITAL is made up especially for the country and for foreign circulation. Its low price (only \$1.00 a year), the large and varied amount of reading matter which it furnishes, its strong local flavor, its raciness, and its vigorous political tone, have commanded for it the largest circulation, by all odds, in Western New Brunswick. It is the favorite paper among farmers and country storekeepers, lumbermen and the like in the St. John River counties. Its value to advertisers, therefore, must be as manifest and plain as the towering cupola on the new Parliament House in Fredericton.

Missionary Herald

BOSTON, MASSACHUSETTS.

This is the Oldest Monthly Magazine in the United States, and is one of the Largest in Mail Circulation.

Its Subscription Lists include Every State and Territory in the United States.

It also includes Canada and the other British Provinces in North America; Mexico; the West Indies; South America; most of the countries in Europe; the Sandwich Islands and Micronesia; Australia; South Africa; and the cities of Turkey, India, China, and Japan.

Although the publishers of a magazine are not regarded as responsible for statements contained in advertisements, yet such has been the standing of THE MISSIONARY HERALD for more than half a century that nothing will be intentionally admitted, even upon an advertising page, which is not of intrinsic value. By limiting advertisements to works of high merit, it is hoped to make the pages of special value, both to advertising patrons and to the many thousand readers.

Advertisements are not admitted unless of such character as to be believed to be above question, and from parties so reliable that the readers will be safe in ordering from any distance. Advertisements of articles offered at less price than the same of good quality could be manufactured, agencies which promise improbable income from trifling investments, etc., etc., are neither solicited nor admitted.

There is no better evidence of the value of the advertising pages than the fact that advertising patrons use them continuously, month after month, and year after year.

Advertisements intended for a given number must be received before the tenth of the previous month.

Advertising Rates—Payable Monthly.

One page, one month	\$75.00	One-quarter page, one month	\$25.00
One-half page, one month	45.00	One-eighth page, one month	15.00

On first advertising page facing reading matter; on last page next the cover, and on third cover page, the charge is twenty per cent. higher, or

One page, one month	\$90.00	One-quarter page, one month	\$30.00
One-half page, one month	54.00	One-eighth page, one month	18.00

THE FREE PRESS

DAILY AND WEEKLY.

RECENTLY ENLARGED, IMPROVED AND REDUCED IN PRICE—NOW THE LARGEST AND MOST ENTERPRISING VERMONT NEWSPAPER.

The FREE PRESS is the only Daily, and has the only Weekly of large circulation and high standing in the largest and richest city in Vermont. Both papers are read by the intelligent citizens of the State. No paper in the world has a finer constituency. No advertisement that fails to include the FREE PRESS can accomplish *its full purpose* in Vermont.

SAMPLE PRESS OPINIONS:

"The leading newspaper of Vermont by an overwhelming majority."—*Plattsburgh (N. Y.) Telegram.*

"The best daily in the State."—*St. Johnsbury (Vt.) Index.*

"Largest and best of the daily papers published this side of the large cities."—*Barre (Vt.) Enterprise.*

Three necessities for a good advertising medium are *LOCATION, CIRCULATION, CHARACTER.*

LOCATION OF THE "FREE PRESS."

Burlington is the chief business center in Vermont; the most important port on Lake Champlain; the metropolis of the rich Champlain Valley; the commercial and political center of the State; the Capital in all but name.

CIRCULATION OF THE "FREE PRESS."

The FREE PRESS is the most widely read and most frequently quoted paper in Vermont. Its circulation is among the very largest in the State.

CHARACTER OF THE "FREE PRESS."

"The FREE PRESS has been printed 56 years, and has a character and standing among its constituents second to no paper in the world. Its uniform fairness, fearlessness, and high tone have earned for it the respect and good will of readers of all classes, and make it a welcome visitor in the most refined households in the State.

A pure, high-toned paper in every respect. Guaranteed circulation for 1882—23,000 copies per week.

OUR LITTLE GRANGERS

A farm paper for farmers' children. An eight-page monthly Supplement to THE AMERICAN GRANGE BULLETIN, and going FREE TO ALL ITS SUBSCRIBERS. The children's paper has, in addition, an independent circulation of about 2,500 copies. No better advertising medium can be found than these two popular

FARMER'S PAPERS

Only selected advertisements solicited or accepted. No "Bitters" or quack nostrums of any kind wanted at any price. We guarantee to protect our readers against all humbug advertisements, hence an advertisement with us is worth far more than when mixed up in a paper with all sorts of trash. We send out 3,000 to 5,000 (at special seasons 10,000) "Sample Copies" per week, to all parts of the country. We have the names of the officers of all the Granges in the United States and Canada (lists alone of 82,000 names), besides those of farmers' clubs and other societies. All these receive "Sample Copies" several times during a year. We guarantee to place a yearly advertisement into at least 100,000 DIFFERENT FARMERS' HOMES.

PRICE OF BOTH PAPERS COMBINED, \$1.60 PER YEAR. "OUR LITTLE GRANGERS" ALONE, 50c. PER YEAR.

Advertising rates for "AMERICAN GRANGE BULLETIN," 15 cents per line or \$1.80 per inch; 3 mos., \$1.50 per inch; 6 mos. or yearly, \$1.25 per inch. Rates for CHILDREN'S PAPER, \$2.00 per inch; 1 year (12 inches), \$1.75 per inch.

MILAN, MISSOURI.

D. M. PUTERBAUGH, Editor.

Is an 8-page paper, 6-column quarto and measures 30x44 inches. It is the largest paper in the county. It was started in February, 1875, and hence has now attained its ninth year. It has a large and increasing circulation and is read by the very best citizens of the community. On account of its persistent war with the worst elements of society, it has acquired a reputation for truth and reliability that makes it an excellent advertising medium. While it is Republican in politics it largely throws off the shackles of party bias and follows out its highest convictions of duty. It is published at the junction of two railroads, and at the county-seat of Sullivan, a town of over 1,500 inhabitants. Liberal terms to advertisers. Correspondence solicited.

THE SCOTT BANNER

THE BANNER COMPANY, Publishers. ESTILLVILLE, VIRGINIA.

Advantages offered to Advertisers.

THE SCOTT BANNER, a weekly newspaper, published at Estillville, is the ONLY PAPER published in SCOTT COUNTY, VIRGINIA, which county, according to the Census of 1880, contains a population of 17,233, being next to Washington, the

LARGEST AND WEALTHIEST COUNTY IN SOUTH-WEST VIRGINIA.

THE BANNER has a circulation of near 1,000 in this and adjoining counties in Virginia and Tennessee. There are about sixty mercantile firms in this county alone, besides divers mills and manufacturing establishments, and many mechanics and professional men. Large quantities of goods and wares and raw material are purchased every day.

MILLIONS

of feet of Walnut, Pine, Poplar Ash, and other lumber are being exported down the different streams that drain the county, bringing a large return in money. The crops are very fine.

THOUSANDS

of Dollars worth of Wheat, Corn and Oats are annually marketed, together with large numbers of Horses, Cattle, Sheep and Hogs. Money is plentiful, and every kind of business prosperous. The South Atlantic & Ohio R. R. passes through this county for a distance of more than forty miles, and is being built at a cost of about One Million Dollars—a large part of which will be spent here—stimulating business and business enterprises to an unprecedented extent.

THE BANNER is read by at least Five Thousand persons every week, and by reason of the above advantages, will afford to advertisers the most promising field for a return for their investments that can be had.

THE COMMERCIAL GAZETTE

CINCINNATI, OHIO.

This paper stands in the front rank of American newspapers. The consolidation of the COMMERCIAL and GAZETTE—the two leading papers of the Ohio Valley, and both of national reputation and influence; with a very large circulation among the intelligent and enterprising classes, renders it the most valuable medium for advertising in the West. The COMMERCIAL GAZETTE is the only Republican paper published in Cincinnati. Experienced advertisers understand that the character of the subscribers to a newspaper is a very important element in its value as an advertising medium; they know, also, that not only is circulation essential, but circulation among those who have means to buy the goods advertised. The COMMERCIAL GAZETTE has three editions: daily, weekly and semi-weekly. The DAILY is issued every day and is supplied to agents and carriers in all the cities and towns in the Mississippi Valley, by the early morning express. The WEEKLY edition is the most widely circulated family and agricultural paper in the West, and has over 3,000 club agents in the United States.

Address, THE INTER OCEAN, 85 Madison Street, Chicago, Illinois.

N. W. AYER & SON, Newspaper Advertising Agents, Times Building Philadelphia.

THE INTER OCEAN

THE INTER OCEAN, the youngest of the three leading morning papers of Chicago, is one of the most enterprising and most influential. It was established a little more than eleven years ago by the Hon. J. Young Scammon, the first number having been issued March 25, 1872. It was thrown into competition and rivalry with journals of twenty and twenty-five years' standing, but its distinctive political character as an uncompromising Republican paper, its fairness and fearlessness in discussing public questions, its promptness in grappling with new issues then coming to the front, and its enterprise and spirit in news-gathering, made it more popular and more successful than new ventures of the kind usually are. Before the end of the exciting campaign of 1872, THE INTER OCEAN had struck its gait, had made its mark, and was recognized as a power in politics.

In 1873 the Hon. F. W. Palmer, of Des Moines, Iowa, bought a large interest in the paper, and became editor-in-chief.

During the period of financial depression that succeeded, THE INTER OCEAN was one of the few papers that steadily increased its circulation. This was true of all editions, but the increase in the weekly was unprecedented in the history of Northwestern papers.

Mr. Palmer continued as editor-in-chief until October, 1875, when the old company was compelled, under the pressure of heavy indebtedness, to sell the paper to a new organization, the present Inter Ocean Publishing Company. By this transfer Wm. Penn Nixon, who since May, 1872, had been business manager, was made the controlling spirit of the institution. Under his supervision the paper was put on a firm footing by the infusion of new capital, the introduction of new and improved machinery, and the reorganization of all departments. New Bullock presses took the place of the old eight cylinder Hoe, and under the direction of Mr. Walter Scott, then superintendent of the machinery department, machines for folding, cutting, and pasting were for the first time in this country made to work satisfactorily in connection with perfecting presses. Improvements quite as noticeable were made in other departments, and when in 1880 the establishment was moved to the new building on Madison street, THE INTER OCEAN was recognized as being in outfit, arrangement and organization one of the most complete newspaper offices in the United States.

In the work of reorganization Mr. Nixon had the benefit of a large experience and the advantage of experiments made in certain directions by other publishers in Chicago, and he profited by both. In the new Inter Ocean Building, editorial rooms, business offices, mailing, composing and press rooms are models in their way, and are probably the most accessible, convenient, and compact in the city. In every department a simplicity and thoroughness of organization prevails, the main object being to bring the whole working force into closer relations and more direct sympathy with the management than is secured in the method usually followed in large establishments. The same system is extended to agents, correspondents, and solicitors throughout the several States.

To this thorough organization, and the constancy with which the paper has maintained its political integrity, THE INTER OCEAN is indebted for its growing influence, rapidly increasing circulation, and noticeable prosperity. The aggregate circulation of the several editions is probably larger than that of any other political paper in the country. THE WEEKLY INTER OCEAN has a circulation of over ninety thousand copies; and a significant fact is that the postage on THE INTER OCEAN for last year was \$18,434, with one exception the largest amount paid by any newspaper in the United States, and an increase of nearly \$5,000 on the amount paid by THE INTER OCEAN two years ago. Both as to the relative standing of the paper and as to the ratio of increase in circulation, these simple facts speak louder than columns of mere words.

In addition to its correspondence bureaus in New York, Boston, London, Paris, and other news centers, THE INTER OCEAN is one of the two or three papers in the United States having a special telegraph line from its office to Washington. This wire extends from the night editor's room in Chicago to the office of the correspondent in Washington, and communication being instantaneous and not subject to interruption, the Washington office is, to all intents and purposes, as much under the eyes of the editor as are the departments in the home office. The advantage of this arrangement has been illustrated on several occasions, and the experiment, one of the first to be tried in this country, has proved in every way satisfactory to the originators.

In its editorial conduct THE INTER OCEAN has always been noted for earnestness, consistency, and boldness. It strikes hard, but fights always on open ground, and with disposition to treat even enemies fairly. In the South, where it would be supposed the radical Republicanism of the paper would provoke determined and settled hostility, a common remark is: "We like THE INTER OCEAN because we always know where to find it." Much in the same spirit it is spoken of by political opponents at home, which is but another way of saying that the editorials have no uncertain sound.

Of late years THE INTER OCEAN has given special attention to local affairs, and has led in several remarkable crusades against demoralizing agencies and influence in the city. All these things—thoroughness in organization, enterprise in news-gathering, an even-tempered aggressiveness in discussion, readiness to grapple with new questions, fair mindedness towards opponents, unaffected interest in moral and economic questions, quickness of perception as to the needs and demands of the growing Northwest, and an unswerving loyalty to the dominant, progressive and most intelligent sentiment of the Republican party—have contributed to make THE INTER OCEAN what it is, a thoroughly representative and successful Chicago paper.

The cut on this leaf shows the Madison street front of the INTER OCEAN Building. The press-rooms are in the basement, and extend from the street to the alley in the rear. In connection with them are the packing-rooms of the mail and express departments. On the first floor are the counting-room, the office of the general manager, and the office of the superintendent of circulation in the city. On the second floor is the mailing department proper, or the rooms devoted to the correspondence and subscriptions of the weekly and semi-weekly. The editorial rooms *en suite*, the library, and the city editor's and reporters' rooms are on the third floor, and the night editor's, telegraph editors', operators', proof-readers', and composing rooms on the fourth floor. The new location has been of great advantage to the paper in local business, and it now has a patronage that is both complimentary and profitable.

THE JOURNAL AND MESSENGER is the organ of the Baptists of Ohio, Indiana, West Virginia, Iowa, Kansas, Nebraska, Wisconsin and Minnesota; the most intelligent and enterprising of whom are its readers, and it has, with one exception, a larger circulation than any other Baptist paper west of New York.

It presents the VERY BEST MEDIUM FOR ADVERTISERS.

ADVERTISING RATES, 16 cents per agate line. Discounts, 10 per cent. for four insertions; twenty per cent. for thirteen insertions; 40 per cent. for twenty-six insertions; 10 per cent. for fifty lines or more; reading notices 20 per cent. extra.

Among the many recommendations of this paper as an advertising medium, the following from Messrs. E. C. ATKINS & Co., entirely unsolicited, tells the result of experience:

INDIANAPOLIS, INDIANA.
"EDITOR JOURNAL AND MESSENGER.—Dear Sir: As a matter of simple justice due your valuable paper, we wish to say to you that we are well satisfied with our advertisement in your paper. In our experience in this line, we have never had as many direct inquiries and orders, knowingly, as to one single card, as we have had during the past few years in answer to this card in the JOURNAL AND MESSENGER. Yours truly,
E. C. ATKINS & Co."

The Western Catholic

153 & 155 MONROE STREET, ROOM 22, CHICAGO, ILLINOIS.

THE LEADING CATHOLIC JOURNAL OF THE WEST.

PUBLISHED EVERY SATURDAY.

SUBSCRIPTION, \$2.50 PER ANNUM.

ESTABLISHED 1868.

THE WESTERN CATHOLIC, as its name implies, is Catholic in religion; in politics independent, but always ready to oppose abuses in church or state when the interests of our religion and country demand it. In its advocacy of the cause of Ireland it ranks among the foremost Irish-American journals of the day. Its editorials are extensively copied by many of the ablest journals of this country and Ireland. It is essentially a family paper and, as such, a valuable advertising medium, every line of it being carefully read. The appearance of any advertisement in its columns is a guarantee of its genuineness, as no spurious or "snide" ads. are inserted at any price.

THE SUMTERVILLE TIMES

SUMTERVILLE, FLORIDA. JOHN F. SHECUT, Editor.

Subscription, \$2.00. More information of Florida than can be obtained elsewhere at any price. Official organ of Sumter, and the only paper published at County-seat. An 8-page, 56-column weekly paper. Contains more reading matter than any other paper in Florida. Every issue live with local and State news.

THE SUMTERVILLE TIMES will contain, during the year, a series of biographical sketches of Florida's great men. Our Members of Congress, Governor Bloxham and Cabinet, Supreme Court Judges and Clerk, Circuit Court Judges and S. A.'s, Members of General Assembly, Editorial Fraternity of Florida, Railroad Magistrates, and other Representative Men of Florida. We have no need to go outside of our noble state for great minds, as every county will furnish its "Men of the Hour," men of as much note and distinction in their humble spheres as any other State in the Union can boast of.

THE SUMTERVILLE TIMES will also contain, in each issue, a succinct—but at the same time complete—history of one or more of the SUPERB ORANGE GROVES of this grand and glorious land of golden fruits and gorgeous flowers. The marvelous profits derived from its culture—in fact a detailed statement of how the groves of this earthly paradise have been brought to their present state of perfection, from the setting out of the young seedlings. These descriptive articles will be written by the owners of the groves themselves if practicable to obtain them, and this alone will make THE TIMES worth ten times the subscription price. The State press extols THE TIMES in the highest terms.

A \$10,000 ORANGE GROVE FOR \$2.

\$10,000 GIVEN AWAY TO SUBSCRIBERS.

THE SUMTERVILLE TIMES offers the GRANDEST PREMIUMS ever given by a newspaper. Every subscriber gets a ticket free. For particulars send for copy of TIMES, circulars, etc., to JOHN F. SHECUT, Publisher.

THE RUSTIC

LEBANON, MISSOURI.

THE RUSTIC is a weekly Democratic newspaper, published in Lebanon, Mo., the home of the celebrated Richard P. Bland, who gained a world-wide fame as the originator and champion of the "Silver Bill." THE RUSTIC is Mr. Bland's home organ, and circulates extensively in all the counties comprising the Eleventh Congressional District. It is the best advertising medium in Southwest or Central Missouri.

Rates of advertising are very liberal and will be made known on application.

The advertiser who desires to exchange his wares for advertising need not correspond with us, and he who wants part money and part advertising for his goods, if he desires us to be moral and finally rest to heaven, must keep his propositions entirely out of our sight. We deal only, and intend to deal only with cash advertisers.

Advertisements must take their regular course in the paper. We have no printer skillful enough to put all ads. at top of column and next to reading matter. We cannot afford to deal with advertisers so exacting.

All advertisers who mean business can address JOHN W. ARMSTRONG & Co, Pubs. Rustic, Lebanon, Mo.

THE HAMILTON TIMES

HAMILTON, HAMILTON CO., TEXAS.

PUBLISHED EVERY FRIDAY AT THE COUNTY SEAT,

By H. L. WOOD.

The official journal of Hamilton County. Publishes all the "ESTRAYS AND BRANDS" of the adjoining counties once every month, making it eagerly sought for, and gives it a larger circulation in a radius of fifty miles from Hamilton than any other paper, including the towns of Hamilton, Hico, Duffau, Alexander, Dublin, Carlton, Gentry's Mill, Pottsville, Jonesboro, Langford's Cove, Center City and Indian Gap.

The Times is a six-column, eight-page paper, and gives more reading matter than any other paper in Northwest Texas, and is very popular with all classes, by reason of the stock features and adjoining county news it gives. The business of the paper is being extended very rapidly, and there is not a better advertising medium in this section. Hamilton County is one of the finest counties in Texas: well watered, healthy, and suited to agriculture, grazing and wool-growing. There were raised in 1882, 50,000 sheep, 60,000 cattle and horses, and 10,000 bales of cotton, besides wheat, oats, corn, etc. A new railroad will be built through the county by 1884, and immigration is pouring in rapidly. None but reliable and legitimate advertisements solicited. Rates made known on application. Sample copies free.

THE UNION was established in 1868. Until 1871, it was published only once a week, when the daily edition was begun.

THE DAILY UNION is published every morning, except Monday. THE WEEKLY UNION is published every Thursday.

THE SAN DIEGO UNION is the oldest of the thirty newspapers published in Southern California. Of the 354 papers published in the State, 283 have been started since it began publication. It is more than five years older than 181 of the journals of California, and more than ten years the senior of 142 of them.

THE UNION has a larger bona fide circulation than any other newspaper published in Southern California. Its weekly edition circulates very largely abroad. Both daily and weekly editions circulate extensively through Southern California, Arizona, New Mexico, and contiguous territory.

THE UNION has subscribers in thirty-five of the thirty-eight States, and in six of the eight Territories; in British Columbia, Canada, England, Scotland, France, Germany, Switzerland, Italy, the Sandwich Islands, China, Japan, and the Australian Colonies.

The wide circulation, influential position, and representative character of the paper are undisputed.

Persons wishing accurate information respecting this part of California should take THE UNION.

All printed at home; patent bowels played out.

SAMPLE COPIES SENT ON APPLICATION. CIRCULATION INCREASING RAPIDLY.

FINEST JOB OFFICE IN SOUTHERN DAKOTA.

Huron is three years old and the third largest city in Dakota, south of the 46th parallel of latitude. It has 2,500 inhabitants; five meeting houses; a \$9,000 school house; two national and four private banks; U. S. Land Office; five distinct lines of railway; one east, another west, another north and two south; the U. S. Surveyor-General's office for Dakota is located here; so is a Signal Service Station.

Huron is growing very rapidly. Its people are of the best class. None of its city or county officers have ever defaulted. The Langtry don't visit us. Nor Freddie. We have no dudes nor dudesses. No man has ever killed his wife here. No tornado damaged us. A man is a man if he is willing to toil.
"Catch on?"

If you would know all about Huron and Dakota, subscribe for

"The richest advertising field in America is the rapidly developing Northwest."

Daily Minnesota Tribune

Every morning except Monday, at 65 cents a month. CIRCULATION 11,250.

Farmers' Union and Weekly Tribune

Every Thursday, at \$1.15 a year. CIRCULATION 11,000.

PUBLISHED BY THE MINNESOTA TRIBUNE CO., MINNEAPOLIS, MINN.

THE Northwest stands to-day unprecedented in history for rapid and substantial development, adding annually thousands of miles to its railroad lines, and tens of thousands of thrifty farmers and enterprising business men to its population. Buildings are being erected, homes furnished, stores stocked and mills and factories of all kinds built. The settlement of the country requires agricultural and other implements of every description, building material, stock, seeds, and innumerable supplies. There is scarcely a manufactured article which is not in demand, and in larger quantities than in any other portion of the Union.

Minneapolis is the natural center of this vast and wealthy region, whose seventeen tributary lines of railroads empty their golden treasures into her lap in exchange for the materials for developing and sustaining that extensive empire. It is as well the news center and distributing point, the out-going trains carrying the Daily and Weekly TRIBUNE to every settled portion of the Northwest. The present population of Minneapolis is over 80,000, much the largest in the Northwest.

THE DAILY TRIBUNE is a handsomely printed, eight page metropolitan newspaper, with its leaves cut and pasted, so that every page is desirable for advertising. It contains full Associated Press dispatches and copious special telegrams, giving every day a fresh and complete record of the world's news. It is the newspaper representative and exponent of Minneapolis—the only morning paper in this city of 80,000 people, the leading Republican daily northwest of Chicago, and has a general circulation throughout the whole of Minnesota and adjacent portions of Iowa, Wisconsin, Dakota, Montana, and Manitoba—a region embracing an unusually intelligent and thrifty population exceeding 3,500,000.

THE DAILY TRIBUNE has more subscribers in Minneapolis and St. Paul combined than any other morning paper. It has more subscribers in Minneapolis alone than any other morning paper has in St. Paul and Minneapolis combined, and more subscribers in Minneapolis than all other daily papers combined.

Judicious advertisers do not ignore such a constituency, or neglect to employ the best means of reaching it. THE FARMERS' UNION AND WEEKLY TRIBUNE is similar to the daily in form and make up. It is the leading Farm and Family journal of the Northwest, and is quoted as authority throughout that section. Its various departments are all in charge of competent and experienced editors who unite in making it a journal of exceptional value to all, as is evidenced by its rapidly increasing circulation and influence.

THE TRIBUNE Company sustains the pleasantest relations with advertisers, and pays prompt and careful attention to all correspondence, whether containing orders, inquiries or requests. All responsible advertising agents can make contracts for the TRIBUNE, or schedules and estimates may be obtained direct from the publication office. Address all communications to

THE CENTRAL BAPTIST

WM. H. WILLIAMS, EDITOR AND PROPRIETOR.

1109 OLIVE ST., SAINT LOUIS, MO.

Is one of the leading, most popular and most enterprising Religious and Family Newspapers in the Country. Its claims as an advertising medium are:

1. **ITS AGE.**—It has been established eighteen years.
2. **ITS CIRCULATION.**—It has a larger actual paid up subscription list than any other Baptist paper west of the Mississippi River, and it is rapidly increasing.
3. **THE PEOPLE AMONG WHOM IT CIRCULATES.**—It is located in the Metropolis of the great and prosperous West, and circulates among people in Missouri and adjoining states who have abundant means. In Missouri alone there are over 90,000 Baptists.
4. **ITS CARE IN ADVERTISING.**—Absolutely no frauds or shams will be advertised in its columns—it rejects hundreds of dollars' worth of such advertising every year.
5. **THE APPEARANCE OF THE PAPER.**—Advertisers are partial to a paper which appeals to good taste. **THE CENTRAL BAPTIST** is a large 8-page weekly, printed on first-class paper, in excellent style, and with new type. Every advertisement is thus made to show to the best advantage.

Write by postal card or letter, for our terms on any specified amount of advertising. A copy of the paper will accompany our answer. We refer to N. W. AYER & SON, Advertising Agents, Times Building, Philadelphia.

The Best Judges

Are those who have investigated and rendered their judgments after a fair trial. See the following opinions, which are selected for the variety of business represented.

Opinions.

Messrs. W. S. KIMBALL & CO., Rochester, N. Y., Tobacconists, proprietors of the "Vanity Fair" brand, say:

"Since the insertion of our advertisement we have received letters of inquiry and orders from almost every *Fort and Military Barracks* of the *United States*, and cannot afford to discontinue it."

W. L. HAYDEN, Esq., Music and Musical Instruments, Boston, Mass., in renewing his yearly advertisement for the fourth time, writes:

"I have a large army trade that I can trace directly to your JOURNAL, so please consider me a permanent advertiser."

Messrs. TIFFANY & CO., Jewelers, New York, say:

"The number of orders received by us that particularly refer to our specialties advertised by you, clearly demonstrates the superiority of the ARMY AND NAVY JOURNAL for communication with the Army and Navy."

"The President of the New England Mutual Life Insurance Co. has a very high opinion of the ARMY AND NAVY JOURNAL as an advertising medium, judging by practical results."—Signed, E. A. GIBBENS, Boston, July 26, 1877.

"Our advertisement in the ARMY AND NAVY JOURNAL paid us better than any other two papers."—S. B. JEROME & CO., Proprietors Thirty Hours' Clock, New Haven, Conn.

"We have found the JOURNAL one of the best mediums for advertising."—HENRY A. DREER, Seedsman and Florist, Philadelphia.

"We have been more than satisfied with the business we have received as a result of our advertisement in your sheet, and have no doubt that the money we may pay you in the future will be returned to us with interest."—BENT & BUSH, Military Goods Furnishers, Boston, Mass., Dec. 7, 1869. [Messrs. Bent & Bush have advertised largely every week in every year since 1869, as well as before that time.]

The well-known Advertising Agent, H. P. HUBBARD, of New Haven, Conn., under date of April 3, 1877, writes: "Please continue advertisement of A. M. Platt, Cigar Manufacturer. He is right in persistently following up a good medium when he finds it. That is my pet theory of advertising. The JOURNAL is the only paper that pays him."

EDWARD D. BASSFORD, China, Glass and Housefurnishing Goods, New York, says: "We have at different times advertised in most all of the first-class papers published in New York. We are certain none of them has paid us *half* the return for the money spent that the ARMY AND NAVY JOURNAL has."

"Of all the mediums we have tried, none has paid so well as the ARMY AND NAVY JOURNAL."—A. ALFORD, for E. REMINGTON & SONS, Manufacturers of Breech-Loading Guns, Rifles, Pistols, Ammunition, etc., New York.

"We have advertised in your paper now a number of years, and do not hesitate to pronounce it a first-class medium in reaching the attention of the officers of the U. S. Army and Navy."—JOHN EARLE & CO., Merchant and Military Tailors, Boston, Mass.

"As a medium for advertising it is second to none."—F. J. HEIBERGER, Civilian and Military Tailor, Washington, D. C.

THE AMERICAN

PUBLISHED EVERY MORNING AT

NASHVILLE, TENN.

*The only member of the Western Associated Press in Nashville, and
 the only paper issued Every Day.*

Subscription, per annum: Daily, \$12.00. Daily except Sunday, \$10.60. Weekly, \$1.00.

THE AMERICAN, published in Nashville, the Capital of Tennessee, is the result of a consolidation of the two oldest journals of the State, the *Republican Banner* and *The Union and American*, files of which date back to 1812.

The consolidation was effected Sept., 1875, and gave to *The American* the large subscription lists of both its predecessors, which it has steadily increased from date of consolidation to a circulation never before attained by any paper in this section. The publishers now confidently claim the best newspaper published in the South, reaching with its several editions of the Daily and Weekly every village, country town, and small post office in Tennessee; while it is spread broadcast throughout the populous counties of Southern Kentucky, Northern Georgia, Alabama, Mississippi, and going extensively with its regular mails, into Arkansas, Louisiana and Texas. *The American* is a member of the Western Associated Press, giving to every issue the full volume of Associated Press dispatches from all parts of the world, simultaneously with the leading Western journals. It is the leading Daily published at the capital of a State rich in native resources and commerce—the centering point of six important Railway through lines, and within an hour by rail of half a dozen thriving, populous county-seats. It is on sale at all news-stands in this section of the South, and is a welcome visitor at the fireside, in the workshops and business houses all over Tennessee and adjoining states.

To Advertisers.

The rates of advertising in *The American* enabling you to address this large and intelligent constituency, are reasonable. Sample copies mailed free and terms of advertising furnished on application. Address,

Points for Advertisers

- I. *Everybody likes to look at pictures.* Frank Leslie's Publications are full of pictures; therefore *everybody sees them* and the advertisements which they contain.
- II. *Illustrated papers are rarely destroyed.* In many cases they are preserved and bound; therefore your advertisement *has a permanent value*, and does protracted service.
- III. *Frank Leslie's publications are sold everywhere,* and are on file in hotels, reading-rooms, clubs, etc., in every civilized country; therefore your advertisement has a *circulation far greater* than the number of copies printed.
- IV. *Frank Leslie's publications are weeklies and monthlies.* None of them are glanced through for the news of the morning, and then thrown aside; *they are read.*
- V. *Frank Leslie's publications use the best type, paper and ink which can be obtained;* therefore your advertisement in them is *printed clearly, handsomely and distinctly.*
- VI. *Frank Leslie's publications reach the better classes,*—those *who have taste and the means to gratify it;* therefore advertisers who wish to find actual purchasers will secure them by addressing Frank Leslie's readers.
- VII. *Frank Leslie's publications measure advertisements in nonpareil—*a clear gain of 10 per cent. to the advertiser over the ordinary agate measurement.
- VIII. *Frank Leslie's publications will design and engrave for the advertiser, at trifling cost, illustrations which will double the value of the advertisement.* Illustrations once used are invariably continued by successful advertisers.
- IX. *Frank Leslie's publications pay the advertiser.*
The repeated and continuous patronage of many of the largest advertisers, to whom we are permitted to refer, proves this. Did it not pay them, they would not continue it.

Specimen Copies of any of the Publications and estimates will be furnished at any time to any desirous of informing themselves with a view to advertising.

Dubuque National Demokrat

DUBUQUE, IOWA.

F. A. GNIFFKE, Publisher.

Is the Oldest German paper in Northern Iowa and only local and non-Sectarian one in Dubuque.

Every Thursday. Official paper of the city and county of Dubuque. Both city and county of Dubuque contain by far the largest population of the State, more than one third of which consists of German-Americans; and the NATIONAL DEMOKRAT having been for the greater part of the last 26 years (during which it was published and edited by its original founder) the only organ of the latter class, has found its way into the great majority of German-American families in city and county, without regard to their politics or religion. As an advertising medium among this class and in this particular locality, as well as in adjoining counties, it stands second to none.

Advertisements inserted at reasonable rates.

The Quincy Herald

QUINCY, ILL.

CHARLES J. HYNES, Proprietor.

This old-established reliable Daily and Weekly Journal has long been known as the most widely circulated newspaper in Western Illinois as well as in Northern Missouri. Its circulation by far exceeds that of all the other papers in Quincy combined. Advertisers are cautioned against allowing Advertising Agents (who may be interested elsewhere because they can make cheaper arrangements in other and less widely circulated papers) to omit THE QUINCY HERALD from their lists, as made up for use. It is to your interest to insert your notices where they will do the most good, and that is unquestionably in THE HERALD, so far as this section of territory is concerned.

Terms reasonable. Correspondence solicited. Specimen copies sent on receipt of postal card.

THE Practical Farmer

A WEEKLY AGRICULTURAL, LIVE STOCK, AND FAMILY JOURNAL.

FOUNDED BY PASCHALL MORRIS, 1855.

An established character and influence, the result of over a quarter of a century's assiduous and painstaking labor.

With a reading constituency of the most wealthy and enterprising of the rural population, approximating 75,000 weekly, it reaches that class so eagerly sought after by advertisers—people with money.

THE GRAPHIC

120,000

THE GRAPHIC IS THE ONLY ILLUSTRATED DAILY IN THE WORLD.

Its illustrations of current events are ever prompt and accurate. The reading matter of THE GRAPHIC is remarkably brilliant and widely copied. Its financial and market reports are unequalled. The policy of THE GRAPHIC has always been able and sound. The readers of THE GRAPHIC are the most intelligent and thoughtful people. Its popularity has steadily increased from the start. Its largest single issue of a regular edition since the beginning of the present year has exceeded

120,000 COPIES.

THE WEEKLY GRAPHIC

Has an average of forty-eight columns of pictures and type matter, including the cream of the matter from THE DAILY GRAPHIC, a Weekly Review of the News, an Agricultural Department, Information for the Household, Regular Fashion Reports, etc., etc. Its design is to be A FAMILY FAVORITE, and it will ignore politics, the better to carry out the design. There will be no better weekly in the world during 1883 than THE WEEKLY GRAPHIC. Its pictures will be devoted to live matters; its literature will be of the very best character; its information for the FAMILY and FARM will be varied and useful and it will so condense the news of the week that its readers will be kept thoroughly informed. Send for sample copy.

The United Presbyterian

A FIRST-CLASS RELIGIOUS AND FAMILY NEWSPAPER.

CHOICE MEDIUM FOR RELIABLE ADVERTISERS.

POINTS FOR ADVERTISERS:

THE UNITED PRESBYTERIAN'S circulation largely exceeds that of any other religious paper published in Pittsburgh.

It is the leading paper of the United Presbyterian Church, which has a membership of 85,000.

The principal part of its circulation is in Western Pennsylvania and Eastern Ohio.

Its readers are among the most thrifty of our citizens.

It is essentially a HOME PAPER; is taken to the home and read carefully—not glanced over and then thrown away.

The character of the paper and the care taken to exclude improper advertising, commend what appears in its pages to favorable attention.

Its rates are low for a paper of its high character and large circulation.

IMPORTANT TO ADVERTISERS!

FACTS AND FIGURES RELATIVE TO THE GREAT CIRCULATION OF THE

TOLEDO WEEKLY BLADE

(NABBY'S PAPER.)

CIRCULATION, 88,600.

The statement set forth below speaks more in favor of the great value of the BLADE as an advertising medium, than could be uttered by the tongues of a hundred solicitors, or volumes of printed matter. We transcribe the facts and figures, literally, from the books and records of our business of the past four years, and will at all times be pleased to verify each and every item to advertisers who may find it convenient to call at our office. We challenge comparison with any other large weekly of this country, both as to the circulation and advertising rates. It cannot be disputed that we give larger and more general circulation for less money than any paper or combination of papers in the United States.

THE MECHANICAL NEWS

An Illustrated Journal of Industrial Progress.

SIXTEEN PAGES. PUBLISHED TWICE A MONTH.

JAMES LEFFEL & CO., Publishers.

THE MECHANICAL NEWS is now in its thirteenth volume, and has become firmly established in popular favor, its circulation extending not only throughout the United States, but to all quarters of the globe. Its subscription price is \$1.00 a year, strictly in advance. No other journal published gives, at so low a cost to the reader, so large a variety of valuable matter and choice illustrations relating to mechanical and industrial interests. Every number contains from thirty to forty engravings, and the yearly volume comprises (with the occasional supplements) 400 pages, embellished with more than 800 illustrations, including many full-page plates by our own artists. The character and extent of its circulation renders THE MECHANICAL NEWS a most desirable medium for advertisers, especially manufacturers or dealers in machinery and tools, of whatever description. Advertising rates will be furnished on application to the publishers. Specimen copies of the paper, or of our illustrated Premium List, sent free to any address. Direct all subscriptions or communications to

Commercial Bulletin, Price Current and Shipping List

(ISSUED SINCE 1832.)

Is the only strictly Commercial Paper published semi-weekly in New Orleans.

It gives full and accurate reports of all the business transactions of each day, and contains Tables of Imports, Exports and Stocks, which are not published in any other sheet in the city.

AS AN ADVERTISING MEDIUM

For all those who wish to bring their business promptly and conspicuously before importers, city and country merchants and dealers, planters, mechanics, consumers, traders, and the people generally, the COMMERCIAL BULLETIN, PRICE CURRENT AND SHIPPING LIST is unsurpassed. Its circulation covers a wider extent of territory than most daily newspapers; every number being read carefully by the business community, and filed away for future reference, thus making it one of the best and most useful advertising sheets in New Orleans.

It has by far the most extended and best circulation of any commercial paper in the South-west, and is a recognized authority throughout the United States. It is sent to subscribers in nearly every county and town in the great Mississippi Valley and in the Gulf States, besides having a general circulation in every State in the Union. Advertisers will consult their interests by a liberal use of the columns of the COMMERCIAL BULLETIN, PRICE CURRENT AND SHIPPING LIST. Independent of its subscription list, which embraces the first merchants and financial centers of the American and European cities, the large numbers forwarded by New Orleans factors to their correspondents throughout the cotton and sugar regions, the Gulf States and the West, enable our patrons to make known their business to purchasers who can scarcely be approached in any other way.

When taking in consideration the valuable fund of information contained in the COMMERCIAL BULLETIN AND PRICE CURRENT, it will be readily understood why it is so generally called for.

Confining itself strictly to commercial and agricultural matters, its whole time and attention is directed to the advancement of those interests, and neither labor nor expense is spared in making it a valuable commercial paper. As a medium for advertising, it presents itself forcibly to the public for their patronage. Circulating, as it does, throughout the whole South and West, and the proprietors interesting themselves to that extent as to make each and every advertisement so palpably profitable as to lead to a steady patronage from the public.

Advertisements and subscriptions are solicited at the office of the

◆Saturday Night◆

IMMENSELY POPULAR.

THE LEADING FAMILY PAPER IN THE UNITED STATES.

The hold which this beautiful illustrated weekly retains upon the people's confidence seems astonishing, but it is due entirely to the real worth of its varied contents. The value of the Stories is not measured by the enormous sum of money they cost, but by the eagerness of the people who read them.

IT TAKES TEN TONS OF PAPER EVERY WEEK TO PRINT IT.

That is over 20,000 pounds. And ten times twenty thousand people anxiously await its weekly coming.

The advance agent of one of the best patronized traveling shows in America, in speaking of the wide-spread popularity of this family paper, said that "wherever he found three trees growing, there he found SATURDAY NIGHT." He meant to say that all the people, all over the land, in every town and every village, love their favorite paper, and that their liking for it was deep-rooted and permanent, not superficial and temporary, changing as the seasons change, and dying with the year.

WHEREVER IT COMES, IT COMES TO STAY.

Every weekly issue of the SATURDAY NIGHT contains a quality and quantity of literary material satisfying to every member of the family, young and old.

Its Stories are of standard excellence. The most gifted authors seek SATURDAY NIGHT as the channel by which they may gain reputation.

"GOLDEN DAYS"

FOR BOYS AND GIRLS.

The BRIGHTEST and BEST of all the JUVENILE PUBLICATIONS.

A Specimen Copy will be Sent Free to any address.

GOLDEN DAYS is a sixteen-page weekly, filled with stories, sketches of adventure, instructive matter, and Everything that can interest, entertain and benefit Boys and Girls.

The leading scientists, clergymen and educators are engaged upon GOLDEN DAYS. Its illustrations are profuse and in the highest style of art. Rev. D. P. KIDDER, D.D., will give each week a lucid and scholarly exposition of the International Sunday School Lesson of the succeeding week. *Puzzledom* will perplex and delight the ingenious boys and girls, as it has in the past. The *Letter Box* will continue to dispense useful information, and to answer the queries and publish the Notices of Exchange of our young friends. In short, GOLDEN DAYS will stop at no expense to deserve, in a higher degree than ever before, the title that the discriminating public have bestowed upon it—that of the "Prince of Juveniles."

DAILY. SUNDAY. WEEKLY.

WHEELING REGISTER

WHEELING, W. VA. (PRINTED EVERY DAY IN THE YEAR.)

Has a larger circulation by several thousand than any other newspaper in the two Virginias or Eastern Ohio.

THE DAILY REGISTER

Is a 32-column folio, is printed on beautiful minion and nonpareil type, and a Hoe four-cylinder rotary press. In politics it is independently and progressively Democratic, but it is as a local and State newspaper that it claims precedence. Its steady circulation is between 4,000 and 5,000 copies.

"A most brilliant success in journalism is the WHEELING REGISTER, of our own State. It has steadily grown in interest and popularity until it has become one of the most attractive and widely circulated newspapers of the day. Its recent mammoth ten-page edition was a marvel of enterprise, and gave a grand exhibit of the business affairs of the Nail City."—*West Virginia Good Templar*.

"As an enterprising, interesting newspaper, the WHEELING REGISTER is equal to the best, and surpassed by few papers in the United States."—*Mountain (W. Va.) Herald*.

"It is really the only daily newspaper in the State."—*Clarksburg Telegram (Rep.)*

"THE REGISTER deserves credit for its enterprise."—*Wheeling Daily Intelligencer (Rep.)*

"The WHEELING SUNDAY REGISTER of April 29th, with its ten pages and mammoth edition, demonstrates two facts—the rapid growth of Wheeling in the past few years in commerce and manufactures, and the even pace the REGISTER newspaper has kept with the growth and importance of the city. The SUNDAY REGISTER, of the date mentioned, in solid matter, under appropriate heads, and embracing several pages of the paper, presented its hundred thousand readers with a reflex of the business of West Virginia's fast growing metropolis, that is a worthy tribute to the enterprise of the REGISTER, and a compliment to the city of Wheeling and the State of West Virginia."—*Ceredo (W. Va.) Enterprise*.

"The exhibit is certainly a good one for the chief city of our State, and the enterprise of the REGISTER in giving it publicity is on a par with its proverbial progressive spirit, and speaks well for Messrs. Baker & Co., who deserve and are receiving a broad and liberal support."—*Charlestown Spirit of Jefferson*.

"It is by far the model paper of West Virginia. Its issue of Sunday was 20,000 copies. We know that the people of Wheeling know when they have a good thing, and show their support by liberal advertising, which always pays."—*Charleston (W. Va.) Leader*.

THE SUNDAY REGISTERContains 64 broad columns of matter, each column over two feet in length. The SUNDAY REGISTER has a *bona fide* circulation of over 10,000 copies, some Sundays the sales reaching nearly 15,000 copies.**THE WEEKLY REGISTER**

Is the same size as the Sunday edition, and the circulation is equally as large, but entirely among farmers and village people.

[Stamp Division, Aug. 2, 1882, P. O. Dept.]

To the HON. A. D. HAZEN,
Third Ass't Postmaster General.

The average weekly circulation for the first quarter of the fiscal year was about 18,000; for the last quarter of the fiscal year the average weekly circulation was 27,500, showing an increase for the year of nearly 10,000 circulation, and an average weekly circulation for the year of 22,567 copies.

Advertisers will not fail to see the value of such a circulation as an advertising medium, and should not delay to avail themselves of its advantages. Our advertising rates are proportioned to our circulation, and we will take pleasure in giving you estimates on any space and time you may favor us by inquiring for.

We are making special efforts to increase our circulation, and to this end are sending out each week from 2,000 to 10,000 sample copies of the paper, and as we send our sample copies each week to different addresses, your advertisement would reach many more readers than under ordinary circumstances; this will be of great value to you, and should not be overlooked.

PLEASE OBSERVE!

It will cost you nothing to get our figures on your advertisement, and without doubt would be profitable to you. For estimates address,

THE SANITARY ENGINEER,

conducted by HENRY C. MEYER, is published every Thursday, at 140 William Street, New York. Its opinions upon all technical subjects are either prepared or revised by specialists.

"A large and flourishing weekly journal, covering the whole field of Sanitary Science and recognized as a leading authority upon the subject."—*The Nation*.

"It is gratifying to see that the public, as well as specialists, are enough interested in Sanitary matters to give substantial support to a periodically endeavoring to impart much needed and vital instruction."—*N. Y. Times*.

"Standard authority on matters pertaining to its specialty."—*Am. Machinist*.

"It is a journal with a mission—that of raising the low standard of Sanitary Engineering which exists in the United States. Its large editorial staff includes the names of some of the best known and most practical writers in America on health subjects, and no pains or expense is spared in making the paper useful to the fullest extent."—*Engineering, London*.

"The leading journal of the kind published in the United States."—*Troy Times, Dec. 11, 1882*.

"The recognized American authority on all departments of Sanitary Engineering."—*Cincinnati Gazette*.

"It has never cut its advertising rates to the amount of five cents, nor paid a commission to advertising agents who divide with their clients.

"Its rates are higher than papers that solicit the same class of advertising, but they are considered cheaper by those who have tried it as a medium, because it is a paper that is carefully read by a discriminating and intelligent class of readers, among which are architects, civil and sanitary engineers, chemists, gas and electric light companies, plumbers, gas and steam fitters, heating engineers, physicians, contractors and intelligent householders generally."

Sold by Newsdealers, 7 cents a copy.

"MILWAUKEE SENTINEL"

DAILY. SUNDAY. WEEKLY.

ESTABLISHED 1837.

The Great Daily of Wisconsin. A Paper with a National Reputation.

THE SENTINEL is an eight-page paper, of seven columns to a page; the SUNDAY SENTINEL contains twelve pages of equal size. It is printed upon the Walter Scott Improved Press, from stereotype plates, printing, cutting, pasting and folding the copies. Glance at any of our recent issues, and see what we are producing.

Our special wires from Washington and from New York City, and also from Chicago, and our own news bureaus established in those cities, afford us unsurpassed facilities for furnishing the people of Wisconsin with everything of interest. In addition, our membership of the Associated Press secures us all the news of that organization. We have also special telegraphic correspondents in all the important Wisconsin towns.

TO ADVERTISERS—An honest statement of the actual number of copies we are printing, and any evidence to substantiate the same which any advertiser may desire, will always be cheerfully given.

"FOSTER'S MUSICAL JOURNAL, a very successful department."—*Cleveland Leader.*

FOSTER'S MUSICAL JOURNAL

PUBLISHED MONTHLY AT GENEVA, OHIO, U. S. A.

By STANDARD PUBLISHING HOUSE, Publishers of Sheet Music and Music Books.

Most wonderful terms to composers—A new idea.

FOSTER'S MUSICAL JOURNAL now entering upon the fifth year of unprecedented favor, is the only musical periodical that contains the latest productions of the best authors and composers. We claim for it three advantages, viz:

1st.—It reaches only the better class of people.

2nd.—It is the first cheap monthly to combine, with a large circulation, merit and respectability.

3rd.—It is not read alone by one family, but passes around an entire neighborhood of musicians, and is then preserved as a repository of sheet music.

The present circulation of the JOURNAL (February, 1883) is 8,000 copies. Thus, we believe that this publication answers the two requisites of circulation and character.

Advertising rates may be obtained from any leading advertising agent or from the publisher. Specimen sent on application.

THE WESTERN ADVERTISER

AN EIGHT PAGE PAPER PUBLISHED EVERY SATURDAY AT
NECHE, DAKOTA.

J. L. BARLOW, Editor, Publisher and Business Manager.

Price Fifty Cents a year in advance.

The WESTERN ADVERTISER is, as its name indicates, an advertiser for the west, as its circulation has been extended with great pains, so as to render it valuable as a medium for advertising; new sections are reached each week. Its extremely low subscription price places it within the reach of the poor as well as the rich. Pays strict attention to advertisements and notices of its patrons, to whose interest it is especially devoted, no matter from whence they come or how large or small the order. Liberal with its patrons. On account of the large and increasing demand for advertising space we can afford to give our patrons low terms; sometimes the demand for space is so great that we have to issue a supplement.

The Press.

THE LEADING PAPER OF PHILADELPHIA AND PENNSYLVANIA

THE PRESS, founded by the late John W. Forney, achieved a national circulation as one of the leading and most influential American papers. Within the last three years it has rapidly advanced, and numbers more readers in every direction.

ITS CIRCULATION IS NOW GREATER THAN EVER BEFORE IN ITS WHOLE HISTORY.

*In 1882 THE DAILY PRESS Increased in Circulation 30 per cent.
In 1882 THE SUNDAY PRESS Increased in Circulation 47 per cent.
In 1882 THE WEEKLY PRESS Increased in Circulation 69 per cent.*

The DAILY and SUNDAY PRESS is the Recognized Family and Representative Paper for a territory with a population of more than six millions, and the WEEKLY PRESS has a greater circulation in Pennsylvania than any other paper. Business men and advertisers will see the advantages of both as advertising mediums.

A most valuable service has been rendered the citizens of Philadelphia by their LEADING NEWSPAPER, THE PRESS—N. Y. Tribune, April, '82.

THE PRESS is one of the most judicious and independent partisan Republican journals in this country. It has improved much within the last eighteen months.—New York Sun, November, 1882.

THE ATLANTIC MISSIONARY

(AN EIGHT-PAGE WEEKLY.)

POSSESSES PECULIAR ADVANTAGES AS A GENERAL
ADVERTISING MEDIUM.

Seven Points of Excellence are as follows :

- 1st. IT IS THE ONLY WEEKLY journal in the United States devoted CHIEFLY to the "Christian Missionary" Cause.
 - 2nd. ITS CIRCULATION is larger than the COMBINED Circulation of all other papers, published by the Disciples, east of the Ohio River.
 - 3rd. IT IS THE ONLY RELIGIOUS PAPER taken in thousands of homes.
 - 4th. IT REACHES a large population, especially in the South and South-east, reached by NO OTHER PAPER.
 - 5th. ITS RATES for advertising are CHEAPER than those of ANY OTHER PAPER of its class.
 - 6th. IT CIRCULATES in almost all the States of the Union, and in Foreign Countries.
 - 7th. ITS RECENT GROWTH in circulation has been PHENOMENAL, because the wonderful increase of interest in Christian Missions has been unparalleled.
- IN SHORT, ITS ADVANTAGES as an extensive advertising medium, are surpassed only by the CHEAPNESS of its rates.

Only such advertisements as are RELIABLE, and worthy a RELIGIOUS PAPER, will be accepted.

THE LONE STAR

EL PASO, TEXAS.

NEWMAN & SHANNON, EDITORS AND PUBLISHERS.

A SEMI-WEEKLY, TWENTY-EIGHT-COLUMN NEWSPAPER. SUBSCRIPTION, \$5.00 A YEAR.

Is just entering upon its Ninth Volume, and has an established circulation throughout New Mexico, Eastern Arizona, Western Texas, and the Northern States of Old Mexico.

In the great Rio Grande Valley its circulation exceeds that of any other journal, new or old; and it reaches every settlement along the line of the various railroads centering at El Paso.

THE LONE STAR, under its old name of **THIRTY-FOUR**, has acquired a popularity among Western people and a reputation for impartiality and independence which cause it to be sought after by the general reader as but few Western journals have been heretofore. It is a fireside companion in every household in the Rio Grande Valley where the English language is spoken, and its success has been phenomenal in the history of Western journalism. Sold on all the railroads and at the various news-stands of the Southwest, it reaches a large number of travelers and immigrants who seldom see any other paper.

EL PASO, the future great **METROPOLIS** of the **SOUTHWEST**, has already five great railroad lines running daily trains into the city, and is attracting more attention than any other city in the United States. The Southern Pacific; the Texas and Pacific; the Galveston, Harrisburg and San Antonio; the Atchison, Topeka and Santa Fe; and the Mexican Central railroads already center here, and trains daily run into the city from San Francisco, St. Louis, Kansas City, Denver, Santa Fe, New Orleans, Galveston, Little Rock, Eastern, Middle and Western Texas, the Lower Rio Grande and the Mexican cities of Chihuahua (the capital of the Mexican State of Chihuahua) and Guaymas, on the Gulf of California. The Galveston, Harrisburg and San Antonio Railroad (the Great "Sunset" Route) is now completed and forms the third great Trans-Continental Line from the East to the West, passing through El Paso. The Mexican Central, which here crosses the Rio Grande into Old Mexico, and, with other roads now building, is destined to revolutionize the channels of trade in that Republic and turn the commerce of nine millions of people into the lap of the United States, has already passed the City of Chihuahua and is marching on towards the City of Mexico, which point it will reach in 1884. The Sonora Railway (or Guaymas Branch of the A., T. & S. F.) connects with the Atchison, Topeka and Santa Fe, and runs daily trains into the Mexican port of Guaymas, on the Gulf of California. The El Paso and White Oaks Railroad, construction of which is about to begin, will connect El Paso with the rich mining districts of New Mexico to the north, and in connection with the Atlantic and Pacific Road, which it will tap, will give the city another great trunk line as an outlet to the Mississippi Valley. This last route passes through the Indian Territory and the now famous Oklahoma country. Thus **EL PASO**, within less than two years, will become the greatest railroad center west of Chicago, and every important Western line to be built in future will be compelled to run its track into the city to compete for the trade here centering. The population of the Mexican town on the opposite side of the river now numbers 5,000 souls, and is being rapidly augmented by the influx of Americans. The American town, which two years ago had a population of one hundred and fifty, now contains three thousand and will more than double during this year and next.

To advertisers who wish to reach the readers of this great railroad and commercial center and the sections contiguous thereto, especially the mining camps of New Mexico, Arizona, Texas and Chihuahua, there is no such opportunity to be had as by an advertisement in the columns of **THE SEMI-WEEKLY LONE STAR**.

ITS CIRCULATION IS LARGER THAN THAT OF ALL THE OTHER EL PASO JOURNALS COMBINED.

THE RATES OF ADVERTISING ARE AS FOLLOWS:

	1 MO.	3 MOS.	6 MOS.	12 MOS.	1 MO.	3 MOS.	6 MOS.	12 MOS.

COPIES EACH ISSUE.

READ WHAT ADVERTISERS SAY OF IT:

- A. F. RICHARDSON.** **OFFICE OF ENOCH MORGAN'S SONS CO.,** New York, April 23d, 1883.
DEAR SIR: You ask our opinion of PECK'S SUN as an advertising medium. For any article having a widely extended trade like our "Sapolio," it is all. We hear from it often and we are so well pleased that we would like to extend our contract, which expires with the present year, over 1884. Wishing you and the SUN success, we are,
Yours Truly, **A. E. SIMONDS, Secretary.**
- A. F. RICHARDSON.** **OFFICE OF HALFORD SAUCE CO.,** Boston, Mass., July 5th, 1883.
DEAR SIR: It is with pleasure we write to inform you that we have received so far 520 replies from our one advertisement in PECK'S SUN for our 3c. colored picture book. From a paper of 800,000 circulation in which we had two insertions, we received only 210 replies. We give you this statement to verify yours that one advertisement in PECK'S SUN would be better than two in a paper of three to four times its circulation. We have only to state that from our large experience of twenty-one years of advertising, we consider that PECK'S SUN for a medium is not to be beaten.
Yours very Truly, **HALFORD SAUCE CO.**
- GEO. L. LORD, Business Manager PECK'S SUN.** **CHICAGO, MILWAUKEE & ST. PAUL RAILWAY.** Milwaukee, May 16th, 1883.
DEAR SIR: We printed 5,000 sets "Star Route" Blotters (9 in a set, 45,000 in all). We inserted a local notice two times in PECK'S SUN, calling attention to the same. We have filled the requests for same, for such as have mentioned PECK'S SUN as the advertising medium, and we have not now one set left. It is the best advertising medium in America.
GEO. H. HEAFFORD, Asst. Gen. Pass. Agent.
- A. F. RICHARDSON.** **OFFICE OF S. H. MOORE,** New York, April 19th, 1883.
DEAR SIR: I have found in my recent advertising that PECK'S (Milwaukee) SUN is a good and profitable advertising medium, and you may rest assured that when making my contracts on future business, I shall always include this paper.
Respectfully yours, **S. H. MOORE.**
- A. F. RICHARDSON.** **OFFICE OF DR. J. H. SCHENCK & SON,** Philadelphia, June 27th, 1883.
DEAR SIR: In answer to your inquiries in regard to PECK'S SUN, we can say that we consider it one of the best advertising mediums that has been used by us the past year. Truly Yours, **J. H. SCHENCK & SON.**
- GEO. W. PECK.** **OFFICE OF E. H. PARDEE,** New Haven, Conn., July 12th, 1883.
DEAR SIR: We have tried your paper and consider it one of the best as an advertising medium.
Respectfully, **E. H. PARDEE.**
- A. F. RICHARDSON.** **OFFICE OF DANIEL F. BEATTY,** Washington, N. J., July 12th, 1883.
DEAR SIR: As an advertising medium PECK'S SUN has, as a rule, paid me.
Very Truly Yours, **DANIEL F. BEATTY.**
- A. F. RICHARDSON.** **OFFICE OF DEUBER WATCH CASE M'FG. CO.** Newport, Ky., July 20th, 1883.
DEAR SIR: We regard PECK'S SUN as one of the best advertising mediums in the country.
Yours Truly, **W. A. MORSE, Manager.**

Dubuque Daily and Weekly Telegraph

DUBUQUE, IOWA.

DUBUQUE TELEGRAPH COMPANY, PUBLISHERS.

The Only Two-Cent Journal published in the State of Iowa.

Circulation more than double that of any other journal published in the City of Dubuque, and although Independent, it is the most influential paper published in Dubuque, if not in the State of Iowa. THE TELEGRAPH is emphatically a newspaper, its pages being always filled with the latest home and foreign news. THE TELEGRAPH is the organ of no sect or party, but is, in the fullest sense, a paper for the people, and the fearless independence with which it is conducted has made it a favorite with thinking men of all parties and creeds. The undeniable merit of this paper, and the low price at which it is furnished to subscribers—12 cents per week for the Daily and \$1.00 per year for the Weekly—have combined to increase its circulation until it is now read by more than twice as many persons as any of its competitors. As an advertising medium THE TELEGRAPH has no superior and few equals in the West.

If you wish to do any Newspaper Advertising get an Estimate from N. W. AYER & SON, Advertising Agents, Philadelphia.

We always try

To produce the best display possible in every advertisement set by us.

The arrangement and display of an advertisement has as much to do with the results derived from its insertion as has the character of the paper in which it appears.

Few advertisers seem to realize this. The success of those who recognize the advantage of neatness and novelty in the typography of an advertisement is therefore the greater.

Our long experience and peculiar facilities have rendered us admittedly expert in securing the best possible effects in newspaper advertisements, and frequently with a saving in space.

To our patrons, or those intending to place their business in our hands, we are very glad to submit proofs of their announcements in advance of publication, and for such work we make no charge.
