### § 575.4 Information to be included in application.

An application for a waiver pursuant to section 13(c)(4) of the Act shall contain the following information:

(a) The name, address, and zip code of the employer, or each employer of a group of employers, and the authorized representative, if any, of an employer or group.

(b) The telephone number and area code for any employer or authorized representative from whom additional information concerning the application may be obtained.

(c) The address, location, and/or area (State, county, and/or other geographic designation), clearly identifying each employer's farm(s) or field(s) where 10 and 11 year old hand-harvest laborers are to be employed.

(d) The specific crop or crops to be hand-harvested at each designated farm or field.

(e) Substantiation of the claim that such agricultural operation "is customarily and generally recognized as being paid on a piece rate basis in the region in which such individuals would be employed." The Administrator will accept signed statements to that effect from agricultural employers and employees and others, such as agricultural extension agents, in the region of employment who are familiar with

farming operations and practices in the region and with the method of compensation used in such operations and practices.

(f) Designated dates of not more than 8 weeks an any calendar year, between June 1 and October 15, during which it is anticipated that 10 and 11 year old minors will be employed in the hand-harvesting of the specified short season crop or crops.

(g) A statement that the 10- and 11-year old hand harvesters will be employed outside school hours.

### § 575.5 Supporting data to accompany application.

Objective data, as required by section 13(c)(4) of the Act, shall also be submitted by the employer or group of employers applying for a waiver, to show that:

(a) The crop to be harvested is one with a "particularly short harvesting season." The variety of each crop to be harvested must ordinarily be harvested within 4 weeks in the region in which the waiver will be applicable. The Administrator will accept the written statement to that effect from the agricultural extension agent for the county.

(b) The 12-year minimum age prescribed by the Act for such employment would cause "severe economic disruption in the industry of the employer or group of employers applying for the waiver." Severe economic disruption in the industry refers to the consequences of not meeting a compelling need for the employment of 10- and 11-year olds to avoid loss of a significant portion of the crop. Evidence of this need includes the projected number of laborers needed to harvest the acreage planted and evidence that recruitment requirements specified in paragraph (e) of this section have been complied with. Data concerning the number of hand harvest laborers used in previous years for given acreages will serve as a basis for evaluating needs for the current year. If the requisite number of workers cannot be recruited from the labor supply of 12 years and above, this would ordinarily demonstrate the compelling need for the employment of 10 and 11 year olds.
