(a) Each State to which these regulations are applicable shall with the submission of its plan provide a certification that to the maximum extent feasible action has been taken to comply with the procedures set forth in the plan. (b) The certification shall include—

(1) An outline of the action which has been instituted. At a minimum, the requirements of access and review under § 20.21(g) must be completely operational;

(2) A description of any legislation or executive order, or attempts to obtain such authority that has been instituted to comply with these regulations;

Evaluation of the plan by OJARS will be based upon whether the procedures set forth will accomplish the required objectives. The evaluation of the certification(s) will be based upon whether a good faith effort has been shown to initiate and/or further compliance with the plan and regulations. All procedures in the approved plan must be fully operational and implemented by March 1, 1978. A final certification shall be submitted on March 1, 1978.

Where a State finds it is unable to provide final certification that all required procedures as set forth in § 20.21 will be operational by March 1, 1978, a further extension of the deadline will be granted by OJARS upon a showing that the State has made a good faith effort to implement these regulations to the maximum extent feasible. Documentation justifying the request for the extension including a proposed timetable for full compliance must be submitted to OJARS by March 1, 1978.

Where a State submits a request for an extension, the implementation date will be extended an additional 90 days while OJARS reviews the documentation for approval or disapproval. To be approved, such revised schedule must be consistent with the timetable and procedures set out below:
