

amount equivalent to \$15,000 to M in X Country. Neither M nor A Corporation can obtain a license to export currency from X Country. In his return for the taxable year 1965, M elects a method of accounting under which the reporting of blocked foreign income is deferred until the income ceases to be blocked. Accordingly, M does not include the \$15,000 in his gross income for 1965.

(e) During 1966, A Corporation has no income and no earnings and profits. On February 1, 1966, notwithstanding the laws and regulations of X Country which forbid the exchange of X Country's currency into United States dollars, M converts an amount equivalent to \$15,000 into a currency which is readily convertible into United States dollars. Since the income has ceased to be blocked, M must include \$15,000 in his gross income for 1966.

(d) *Manner of claiming existence of restriction or limitation on distribution of earnings and profits.* A United States shareholder claiming that an amount of the earnings and profits of a controlled foreign corporation for the taxable year was subject to a currency or other restriction or limitation imposed under the laws of a foreign country on its distribution shall file a statement with his return for the taxable year with or within which the taxable year of the foreign corporation ends which shall include—

(1) The name and address of the foreign corporation,

(2) A description of the classes of stock of the foreign corporation and a statement of the number of shares of each class owned (within the meaning of section 958(a)) or considered as owned (by applying the rules of ownership of section 958(b)) by the United States shareholder,

(3) A description of the currency or other restriction or limitation on the distribution of earnings and profits,

(4) The total earnings and profits of the foreign corporation for the taxable year (before any amount is excluded from earnings and profits under this section) and the United States shareholder's pro rata share of such total earnings and profits,

(5) The United States shareholder's pro rata share of the amount of earnings and profits subject to a restriction or limitation on distribution,

(6) The amounts which would be includible in the United States shareholder's gross income under section

951(a) but for the existence of the currency or other restriction or limitation,

(7) A description of the available procedures for distributing earnings and profits and a statement setting forth the steps taken to exhaust such procedures or a statement setting forth the reasons that the use of such procedures would be futile, and

(8) The amount of distributions made in a foreign country and a statement as to whether a method of accounting has been elected under which the reporting of blocked income is deferred until such income ceases to be blocked, including an identification of the taxable year and place of filing of such election.

In addition, such United States shareholder shall furnish to the district director such other information as he may require to verify the status of a currency or other restriction or limitation.

(a) *Shareholder's responsibility for providing records.* For purposes of verifying his income tax liability in respect of amounts includible in income under section 951 for the taxable year of a controlled foreign corporation each United State shareholder (as defined in section 951(b)) who owns (within the meaning of section 958(a)) stock of such corporation shall, within a reasonable time after demand by the district director, provide the district director—

(1) Such permanent books of account or records as are sufficient to satisfy the requirements of section 6001 and section 964(c), or true copies thereof, as are reasonably demanded, and

(2) If such books or records are not maintained in the English language, either (i) an accurate English translation of such books or records or (ii) the services of a qualified interpreter satisfactory to the district director.

If such books or records are being used by another district director, the United States shareholder upon whom the district director has made a demand to provide such books or records shall file

a statement of such fact with his district director, indicating the location of such books or records. For the length of time the United States shareholder of a controlled foreign corporation must cause such books or records as are under his control to be retained, see paragraph (e) of § 1.6001-1.

(b) *Records to be provided.* Except as otherwise provided in paragraph (c) of this section, the requirements of section 6001 and section 964(c) for record keeping shall be considered satisfied if the books or records produced are sufficient to verify for the taxable year—

(3) The previously excluded subpart F income of such corporation withdrawn from investment in foreign base company shipping operations,

(4) The previously excluded export trade income of such corporation withdrawn from investment, and

(5) The increase in earnings invested by such corporation in United States property.

(c) *Special rules.* Verification of the subpart F income of the controlled foreign corporation for the taxable year shall not be required if—

(1) It can be demonstrated to the satisfaction of the district director that—

(i) The locus and nature of such corporation's activities were such as to make it unlikely that the foreign base company income of such corporation (determined in accordance with paragraph (c)(3) of § 1.952-3) exceeded 5 percent of its gross income (determined in accordance with paragraph (b)(1) of § 1.952-3) for the taxable year. (For taxable years to which § 1.952-3 does not apply, such amounts shall be determined under 26 CFR § 1.954-1(d)(3)(i) and (ii) (Revised as of April 1, 1975)), and

(ii) If such corporation reinsures or issues insurance or annuity contracts in connection with United States risks, the 5-percent minimum premium re-

quirement prescribed in paragraph (b) of § 1.953-1 has not been exceeded for the taxable year, or

(2) The United States shareholder's pro rata share of such subpart F income is excluded in full from his income under section 963 and the books or records verify the application of such exclusion.
