

contain trees in significant commercial quantities. The property may be a woodlot or other site but must consist of at least one acre which is planted with tree seedlings in the manner normally used in forestation or reforestation. The property must be held by the taxpayer for the growing and cutting of timber which will either be sold for use in, or used by the taxpayer in, the commercial production of timber products. A taxpayer does not have to own the property in order to be eligible to elect to amortize costs attributable to it under section 194. Thus, a taxpayer may elect to amortize qualifying reforestation expenditures incurred by such taxpayer on leased qualified timber property. Qualified timber property does not include property on which the taxpayer has planted shelter belts (for which current deductions are allowed under section 175) or ornamental trees, such as Christmas trees.

(b) *Amortizable basis.* The term *amortizable basis* means that portion of the basis of qualified timber property which is attributable to reforestation expenditures.

(c) *Reforestation expenditures*—(1) *In general.* The term *reforestation expenditures* means direct costs incurred to plant or seed for forestation or reforestation purposes. Qualifying expenditures include amounts spent for site preparation, seed or seedlings, and labor and tool costs, including depreciation on equipment used in planting or seeding. Only those costs which must be capitalized and are included in the adjusted basis of the property qualify as reforestation expenditures. Costs which are currently deductible do not qualify.

(2) *Cost-sharing programs.* Any expenditures for which the taxpayer has been reimbursed under any governmental reforestation cost-sharing program do not qualify as reforestation expenditures unless the amounts reimbursed have been included in the gross income of the taxpayer.

(d) *Definitions of controlled group of corporations and component member of controlled group.* For purposes of section 194, the terms *controlled group of corporations* and *component member of a controlled group of corporations* shall have the same meaning assigned to

those terms in section 1563 (a) and (b), except that the phrase “more than 50 percent” shall be substituted for the phrase “at least 80 percent” each place it appears in section 1563(a)(1).

§ 1.194-4 Time and manner of making election.

(a) *In general.* Except as provided in paragraph (b) of this section, an election to amortize reforestation expenditures under section 194 shall be made by entering the amortization deduction claimed at the appropriate place on the taxpayer’s income tax return for the year in which the expenditures were incurred, and by attaching a statement to such return. The statement should state the amounts of the expenditures, describe the nature of the expenditures, and give the date on which each was incurred. The statement should also state the type of timber being grown and the purpose for which it is being grown. A separate statement must be included for each property for which reforestation expenditures are being amortized under section 194. The election may only be made on a timely return (taking into account extensions of the time for filing) for the taxable year in which the amortizable expenditures were made.

(b) *Special rule.* With respect to any return filed before March 15, 1984, on which a taxpayer was eligible to, but did not make an election under section 194, the election to amortize reforestation expenditures under section 194 may be made by a statement on, or attached to, the income tax return (or an amended return) for the taxable year, indicating that an election is being made under section 194 and setting forth the information required under paragraph (a) of this section. An election made under the provisions of this paragraph (b) must be made not later than,

(1) The time prescribed by law (including extensions thereof) for filing the income tax return for the year in which the reforestation expenditures were made, or

(2) March 15, 1984, whichever is later. Nothing in this paragraph shall be construed as extending the time specified

in section 6511 within which a claim for credit or refund may be filed.

(c) *Revocation.* An application for consent to revoke an election under section 194 shall be in writing and shall be addressed to the Commissioner of Internal Revenue, Washington, DC 20224. The application shall set forth the name and address of the taxpayer, state the taxable years for which the election was in effect, and state the reason for revoking the election. The application shall be signed by the taxpayer or a duly authorized representative of the taxpayer and shall be filed at least 90 days prior to the time prescribed by law (without regard to extensions thereof) for filing the income tax return for the first taxable year for which the election is to terminate. Ordinarily, the request for consent to revoke the election will not be granted if it appears from all the facts and circumstances that the only reason for the desired change is to obtain a tax advantage.

§ 1.195-1 Election to amortize start-up expenditures.

(a) *In general.* Under section 195(b), a taxpayer may elect to amortize start-up expenditures (as defined in section 195(c)(1)). A taxpayer who elects to amortize start-up expenditures must, at the time of the election, select an amortization period of not less than 60 months, beginning with the month in which the active trade or business begins. The election applies to all of the taxpayer's start-up expenditures with respect to the trade or business. The election to amortize start-up expenditures is irrevocable, and the amortization period selected by the taxpayer in making the election may not subsequently be changed.

(b) *Time and manner of making election.* The election to amortize start-up expenditures under section 195 shall be made by attaching a statement containing the information described in paragraph (c) of this section to the taxpayer's return. The statement must be filed no later than the date prescribed by law for filing the return (including any extensions of time) for the taxable year in which the active trade or business begins. The statement may be

filed with a return for any taxable year prior to the year in which the taxpayer's active trade or business begins, but no later than the date prescribed in the preceding sentence. Accordingly, an election under section 195 filed for any taxable year prior to the year in which the taxpayer's active trade or business begins (and pursuant to which the taxpayer commenced amortizing start-up expenditures in that prior year) will become effective in the month of the year in which the taxpayer's active trade or business begins.

(c) *Information required.* The statement shall set forth a description of the trade or business to which it relates with sufficient detail so that expenses relating to the trade or business can be identified properly for the taxable year in which the statement is filed and for all future taxable years to which it relates. The statement also shall include the number of months (not less than 60) over which the expenditures are to be amortized, and to the extent known at the time the statement is filed, a description of each start-up expenditure incurred (whether or not paid) and the month in which the active trade or business began (or was acquired). A revised statement may be filed to include any start-up expenditures not included in the taxpayer's original election statement, but the revised statement may not include any expenditures for which the taxpayer had previously taken a position on a return inconsistent with their treatment as start-up expenditures. The revised statement may be filed with a return filed after the return that contained the election.

(d) *Effective date.* This section applies to elections filed on or after December 17, 1998.
