Internal Revenue Service, Treasury

not taken into account unless the taxable issue is a conduit loan of a tax-exempt conduit financing issue.

(2) Use to avoid section 149(d)(3)(A)(i). A taxable issue is taken into account under section 149(d)(3)(A)(i) if it is issued to avoid the limitations of that section. For example, in the case of a refunding of a tax-exempt issue with a taxable advance refunding issue that is, in turn, currently refunded with a tax-exempt issue, the taxable advance refunding issue is taken into account under section 149(d)(3)(A)(i) if the two tax-exempt issues are outstanding concurrently for more than 90 days.

(f) Redemption at first call date—(1) General rule. Under sections 149(d)(3)(A)(ii) and (iii) (the first call requirement), bonds refunded by an advance refunding must be redeemed on their first call date if the savings test under section 149(d)(3)(B)(i) (the savings test) is satisfied. The savings test is satisfied if the issuer may realize present value debt service savings (determined without regard to administrative expenses) in connection with the issue of which the refunding bond is a part.

(2) First call date. First call date means the earliest date on which a bond may be redeemed (or, if issued before 1986, on the earliest date on which that bond may be redeemed at a redemption price not in excess of 103 percent of par). If, however, the savings test is not met with respect to the date described in the preceding sentence (i.e., there are no present value savings if the refunded bonds are retired on that date), the first call date is the first date thereafter on which the bonds can be redeemed and on which the savings test is met.

(3) Application of savings test to multipurpose issues. Except as otherwise provided in this paragraph (f)(3), the multipurpose issue rules in \$1.148-9(h)apply for purposes of the savings test. If any separate issue in a multipurpose issue increases the aggregate present value debt service savings on the entire multipurpose issue or reduces the present value debt service losses on that entire multipurpose issue, that separate issue satisfies the savings test.

(g) Effective date—(1) In general. Except as provided in paragraph (g)(2) of

this section, this section applies to bonds issued after June 30, 1993, to which \$1.148-1 through 1.148-11 apply, including conduit loans that are treated as issued after June 30, 1993, under paragraph (b)(4) of this section. In addition, this section applies to any issue to which the election described in \$1.148-11(b)(1) is made.

(2) Special effective date for paragraph (b)(3). Paragraph (b)(3) of this section applies to any advance refunding issue issued after May 28, 1991.

(3) Special effective date for paragraph (f)(3). Paragraph (f)(3) of this section applies to bonds sold on or after July 8, 1997, and to any issue to which the election described in 1.148-11(b)(1) is made. See 1.148-11A(i) for rules relating to certain bonds sold before July 8, 1997.

§1.149(e)–1 Information reporting requirements for tax-exempt bonds.

(a) General rule. Interest on a bond is included in gross income unless certain information with respect to the issue of which the bond is a part is reported to the Internal Revenue Service in accordance with the requirements of this section. This section applies to any bond if the issue of which the bond is a part is issued after December 31, 1986 (including any bond issued to refund a bond issued on or before December 31, 1986).

(b) Requirements for private activity bonds—(1) In general. If the issue of which the bond is a part is an issue of private activity bonds, the issuer must comply with the following requirements—

(i) Not later than the 15th day of the second calendar month after the close of the calendar quarter in which the issue is issued, the issuer must file with the Internal Revenue Service a completed information reporting form prescribed for this purpose;

(ii) If any bond that is part of the issue is taken into account under section 146 (relating to volume cap on private activity bonds), the state certification requirement of paragraph (b)(2) of this section must be satisfied; and (iii) If any bond that is part of the issue is a qualified mortgage bond or qualified veterans' mortgage bond (within the meaning of section 143 (a) or (b) or section 103A(c) (1) or (3) as in effect on the day before enactment of the Tax Reform Act of 1986), the issuer must submit the annual report containing information on the borrowers of the original proceeds of the issue as required under \$1.103A-2 (k)(2)(ii) and (k)(3) through (k)(6).

(2) State certification with respect to volume cap-(i) In general. If an issue is subject to the volume cap under section 146, a state official designated by state law (if there is no such official, then the governor or the governor's delegate) must certify that the issue meets the requirements of section 146, and a copy of this certification must be attached to the information reporting form filed with respect to the issue. In the case of any constitutional home rule city (as defined in section 146(d)(3)(C)), the preceding sentence is applied by substituting "city" for "state" and "chief executive officer" for "governor."

(ii) Certification. The certifying official need not perform an independent investigation in order to certify that the issue meets the requirements of section 146. For example, if the certifying official receives an affidavit that was executed by an officer of the issuer who is responsible for issuing the bonds and that sets forth, in brief and summary terms, the facts necessary to determine that the issue meets the requirements of section 146 and if the certifying official has compared the information in that affidavit to other readily available information with respect to that issuer (e.g., previous affidavits and certifications for other private activity bonds issued by that issuer), the certifying official may rely on the affidavit.

(c) Requirements for governmental bonds—(1) Issue price of \$100,000 or more. If the issue of which the bond is a part has an issue price of \$100,000 or more and is not an issue of private activity bonds, then, not later than the 15th day of the second calendar month after the close of the calendar quarter in which the issue is issued, the issuer must file with the Internal Revenue Service a 26 CFR Ch. I (4–1–02 Edition)

completed information reporting form prescribed for this purpose.

(2) Issue price of less than \$100,000—(i) In general. If the issue of which the bond is a part has an issue price of less than \$100,000 and is not an issue of private activity bonds, the issuer must file with the Internal Revenue Service one of the following information reporting forms within the prescribed period—

(A) Separate return. Not later than the 15th day of the second calendar month after the close of the calendar quarter in which the issue is issued, a completed information reporting form prescribed for this purpose with respect to that issue; or

(B) Consolidated return. Not later than February 15 of the calendar year following the calendar year in which the issue is issued, a completed information form prescribed for this purpose with respect to all issues to which this paragraph (c)(2) applies that were issued by the issuer during the calendar year and for which information was not reported on a separate information return pursuant to paragraph (c)(2)(i)(A) of this section.

(ii) Bond issues issued before January 1, 1992. Paragraph (c)(2)(i)(A) of this section does not apply if the issue of which the bond is a part is issued before January 1, 1992.

(iii) Extended filing date for first and second calendar quarters of 1992. If the issue of which the bond is a part is issued during the first or second calendar quarter of 1992, the prescribed period for filing an information reporting form with respect to that issue pursuant to paragraph (c)(2)(i)(A) of this section is extended until November 16, 1992.

(d) Filing of forms and special rules—(1) Completed form. For purposes of this section—

(i) Good faith effort. An information reporting form is treated as completed if the issuer (or a person acting on behalf of the issuer) has made a good faith effort to complete the form (taking into account the instructions to the form).

(ii) *Information*. In general, information reporting forms filed pursuant to this section must be completed on the

Internal Revenue Service, Treasury

basis of available information and reasonable expectations as of the date the issue is issued. Forms that are filed on a consolidated basis pursuant to paragraph (c)(2)(i)(B) of this section, however, may be completed on the basis of information readily available to the issuer at the close of the calendar year to which the form relates, supplemented by estimates made in good faith.

(iii) Certain information not required. An issuer need not report to the Internal Revenue Service any information specified in the first sentence of section 149(e)(2) that is not required to be reported to the Internal Revenue Service pursuant to the information reporting forms prescribed under that section and the instructions to those forms.

(2) Manner of filing—(i) Place for filing. The information reporting form must be filed with the Internal Revenue Service at the address specified on the form or in the instructions to the form.

(ii) Extension of time. The Commissioner may grant an extension of time to file any form or attachment required under this section if the Commissioner determines that the failure to file in a timely manner was not due to willful neglect. The Commissioner may make this determination with respect to an issue or to a class of issues.

(e) Definitions. For purposes of this section only—(1) Private activity bond. The term "private activity bond" has the meaning given that term in section 141(a) of the Internal Revenue Code, except that the term does not include any bond described in section 1312(c) of the Tax Reform Act of 1986 to which section 1312 or 1313 of the Tax Reform Act of 1986 applies.

(2) *Issue*—(i) *In general*. Except as otherwise provided in this paragraph (e)(2), bonds are treated as part of the same issue only if the bonds are issued—

(A) By the same issuer;

(B) On the same date; and

(C) Pursuant to a single transaction or to a series of related transactions.

(ii) Draw-down loans, commercial paper, etc. (A) Bonds issued during the same calendar year may be treated as part of the same tissue if the bonds are issued—

(1) Pursuant to a loan agreement under which amounts are to be advanced periodically ("draw-down loan"); or

(2) With a term not exceeding 270 days.

(B) In addition, the bonds must be equally and ratably secured under a single indenture or loan agreement and issued pursuant to a common financing arrangement (e.g., pursuant to the same official statement that is periodically updated to reflect changing factual circumstances). In the case of bonds issued pursuant to a draw-down loan that meets the requirements of the preceding sentence, bonds issued during different calendar years may be treated as part of the same issue if all the amounts to be advanced pursuant to the draw-down loan are reasonably expected to be advanced within three years of the date of issue of the first bond.

(iii) Leases and installment sales. Bonds other than private activity bonds may be treated as part of the same issue if—

(A) The bonds are issued pursuant to a single agreement that is in the form of a lease or installment sales agreement; and

(B) All of the property covered by that agreement is reasonably expected to be delivered within three years of the date of issue of the first bond.

(iv) Qualified 501(c)(3) bonds. If an issuer elects under section 141(b)(9) to treat a portion of an issue as a qualified 501(c)(3) bond, that portion is treated as a separate issue.

(3) Date of issue—(i) Bond. The date of issue of a bond is determined under §1.150–1.

(ii) *Issue*. The date of issue of an issue of bonds is the date of issue of the first bond that is part of the issue. See paragraphs (e)(2) (ii) and (iii) of this section for rules relating to draw-down loans, commercial paper, *etc.*, and leases and installment sales.

(iii) Bonds to which prior law applied. Notwithstanding the provisions of this paragraph (e)(3), an issue for which an information report was required to be filed under section 103(1) or section 103A(j)(3) is treated as issued prior to January 1, 1987.

§1.149(g)-1

(4) *Issue price*. The term "issue price" has the same meaning given the term under 1.148-1(b).

[T.D. 8425, 57 FR 36002, Aug. 12, 1992, as amended by T.D. 8425, 59 FR 24351, May 11, 1994]

§1.149(g)-1 Hedge bonds.

(a) Certain definitions. Except as otherwise provided, the definitions set forth in §1.148-1 apply for purposes of section 149(g) and this section. In addition, the following terms have the following meanings:

Reasonable expectations means reasonable expectations (as defined in 1.148-1), as modified to take into account the provisions of section 149(f)(2)(B).

Spendable proceeds means net sale proceeds (as defined in §1.148–1).

(b) Applicability of arbitrage allocation and accounting rules. Section 1.148-6 applies for purposes of section 149(g), except that an expenditure that results in the creation of replacement proceeds (other than amounts in a bona fide debt service fund or a reasonably required reserve or replacement fund) is not an expenditure for purposes of section 149(g).

(c) Refundings—(1) Investment in taxexempt bonds. A bond issued to refund a bond that is a tax-exempt bond by virtue of the rule in section 149(g)(3)(B) is not a tax-exempt bond unless the gross proceeds of that refunding bond (other than proceeds in a refunding escrow for the refunded bond) satisfy the requirements of section 149(g)(3)(B).

(2) Anti-abuse rule. A refunding bond is treated as a hedge bond unless there is a significant governmental purpose for the issuance of that bond (e.g., an advance refunding bond issued to realize debt service savings or to relieve the issuer of significantly burdensome document provisions, but not to otherwise hedge against future increases in interest rates).

(d) *Effective date.* This section applies to bonds issued after June 30, 1993 to which §§1.148–1 through 1.148–11 apply. In addition, this section applies to any issue to which the election described in §1.148–11(b)(1) is made.

§1.150–1 Definitions.

(a) Scope and effective date—(1) In general. Except as otherwise provided, the definitions in this section apply for all purposes of sections 103 and 141 through 150.

(2) Effective date—(i) In general. Except as otherwise provided in this paragraph (a)(2), this section applies to issues issued after June 30, 1993 to which \$1.148–1 through 1.148–11 apply. In addition, this section (other than paragraph (c)(3) of this section) applies to any issue to which the election described in \$1.148-11(b)(1) is made.

(ii) Special effective date for paragraphs (c)(1), (c)(4)(iii), and (c)(6). Paragraphs (c)(1), (c)(4)(iii), and (c)(6) of this section apply to bonds sold on or after July 8, 1997 and to any issue to which the election described in §1.148-11(b)(1) is made. See §1.148-11A(i) for rules relating to certain bonds sold before July 8, 1997.

(3) Exception to general effective date. See 1.141-15 for the effective date of the definition of bond documents contained in paragraph (b) of this section.

(b) *Certain general definitions*. The following definitions apply:

Bond means any obligation of a State or political subdivision thereof under section 103(c)(1).

Bond documents means the bond indenture or resolution, transcript of proceedings, and any related documents.

Capital expenditure means any cost of a type that is properly chargeable to capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under §1.150-2(c)) under general Federal income tax principles. For example, costs incurred to acquire, construct, or improve land, buildings. and equipment generally are capital expenditures. Whether an expenditure is a capital expenditure is determined at the time the expenditure is paid with respect to the property. Future changes in law do not affect whether an expenditure is a capital expenditure.

Conduit borrower means the obligor on a purpose investment (as defined in §1.148–1). For example, if an issuer invests proceeds in a purpose investment
