

§ 1.1382-5 Taxable income of cooperatives; products marketed under pooling arrangements.

For purposes of section 1382(b) and § 1.1382-2, in the case of a pooling arrangement for the marketing of products the patronage under such pool shall be treated as occurring during the taxable year in which the pool closes. The determination of when a pool is closed will be made on the basis of the facts and circumstances in each case, but generally the practices and operations of the cooperative organization shall control. This section may be illustrated by the following example:

Example: Farmer A delivers to the X Cooperative 100 bushels of wheat on August 15, 1963, at which time he receives a *per bushel* advance. (Both farmer A and the X Cooperative file returns on a calendar year basis.) On October 15, 1963 farmer A receives an additional *per bushel* payment. The pool sells some of its wheat in 1963 and the remainder in January of 1964. The pool is closed on February 15, 1964. For purposes of section 1382(b), A's patronage is considered as occurring in 1964.

§ 1.1382-6 Taxable income of cooperatives; treatment of earnings received after patronage occurred.

If earnings derived from business done with or for patrons are includible in the gross income of the cooperative organization for a taxable year after the taxable year during which the patronage occurred, then, for purposes of determining whether the cooperative is allowed a deduction under section 1382(b) and § 1.1382-2, the patronage to which these earnings relate shall be considered to have occurred during the taxable year for which such earnings are includible in the cooperative's gross income. Thus, if the cooperative organization pays these earnings out as patronage dividends during the payment period for the taxable year for which the earnings are includible in its gross income, it will be allowed a deduction for such payments under section 1382(b)(1) and paragraph (b) of § 1.1382-2, to the extent they are paid in money, qualified written notices of allocation, or other property (other than written notices of allocation).

§ 1.1382-7 Special rules applicable to cooperative associations exempt from tax before January 1, 1952.

Thus, proper adjustment to basis must be made under section 1016 for depreciation, obsolescence, amortization, and depletion for all taxable years beginning prior to January 1, 1952, although the cooperative association was exempt from tax under section 521 or corresponding provisions of prior law for such years. However, no adjustment for percentage or discovery depletion is to be made for any year during which the association was exempt from tax. If a cooperative association has made a proper election in accordance with section 1020 and the regulations prescribed thereunder with respect to a taxable year beginning before 1952 in which the association was not exempt from tax, the adjustment to basis for depreciation for such years shall be limited in accordance with the provisions of section 1016(a)(2).

(b) *Amortization of bond premium.* In the case of tax exempt and partially taxable bonds purchased at a premium and subject to amortization under section 171, proper adjustment to basis must be made to reflect amortization with respect to such premium from the date of acquisition of the bond. (For principles governing the method of computation, see the example in paragraph (b) of § 1.1016-9, relating to mutual savings banks, building and loan associations, and cooperative banks.) The basis of a fully taxable bond purchased at a premium shall be adjusted from the date of the election to amortize such premium in accordance with the provisions of section 171 except that no adjustment shall be allowable for such portion of the premium attributable to the period prior to the election.

(c) *Amortization of mortgage premium.* In the case of a mortgage acquired at a premium where the principal of such mortgage is payable in installments, adjustments to the basis for the premium must be made for all taxable years (whether or not the association
