

case of married individuals filing separate returns.

(d) *Determination of marital status.* For the purpose of applying the restrictions upon the right of a married person to elect to pay the tax under section 3, (1) the determination of marital status is made as of the close of the taxpayer's taxable year or, if his spouse died during such year, as of the date of death; (2) a person legally separated from his spouse under a decree of divorce or separate maintenance on the last day of his taxable year (or the date of death of his spouse, whichever is applicable) is not considered as married; and (3) with respect to taxable years beginning after December 31, 1969, a person, although considered as married within the meaning of section 143(a), is considered as not married if he lives apart from his spouse and satisfies the requirements set forth in section 143(b). See section 143 and the regulations thereunder.

§ 1.4-4 Short taxable year caused by death.

An individual making a return for a period of less than 12 months on account of a change in his accounting period may not elect to pay the optional tax under section 3. However, the fact that the taxable year is less than 12 months does not prevent the determination of the tax for the taxable year under section 3 if the short taxable year results from the death of the taxpayer.

TAX ON CORPORATIONS

§ 1.11-1 Tax on corporations.

(a) Every corporation, foreign or domestic, is liable to the tax imposed under section 11 except (1) corporations specifically excepted under such section from such tax; (2) corporations expressly exempt from all taxation under subtitle A of the Code (see section 501); and (3) corporations subject to tax under section 511(a). For taxable years beginning after December 31, 1966, foreign corporations engaged in trade or business in the United States shall be taxable under section 11 only on their taxable income which is effectively

connected with the conduct of a trade or business in the United States (see section 882(a)(1)). For definition of the terms "corporations," "domestic," and "foreign," see section 7701(a) (3), (4), and (5), respectively. It is immaterial that a domestic corporation, and for taxable years beginning after December 31, 1966, a foreign corporation engaged in trade or business in the United States, which is subject to the tax imposed by section 11 may derive no income from sources within the United States. The tax imposed by section 11 is payable upon the basis of the returns rendered by the corporations liable thereto, except that in some cases a tax is to be paid at the source of the income. See subchapter A (sections 6001 and following), chapter 61 of the Code, and section 1442.

(b) The tax imposed by section 11 consists of a normal tax and a surtax. The normal tax and the surtax are both computed upon the taxable income of the corporation for the taxable year, that is, upon the gross income of the corporation minus the deductions allowed by chapter 1 of the Code. However, the deduction provided in section 242 for partially tax-exempt interest is not allowed in computing the taxable income subject to the surtax.

(c) The normal tax is at the rate of 22 percent and is applied to the taxable income for the taxable year. However, in the case of a taxable year ending after December 31, 1974, and before January 1, 1976, the normal tax is at the rate of 20 percent of so much of the taxable income as does not exceed \$25,000 and at the rate of 22 percent of so much of the taxable income as does exceed \$25,000 and is applied to the taxable income for the taxable year.

(d) The surtax is at the rate of 26 percent and is upon the taxable income (computed without regard to the deduction, if any, provided in section 242 for partially tax-exempt interest) in excess of \$25,000. However, in the case of a taxable year ending after December 31, 1974, and before January 1, 1976, the surtax is upon the taxable income (computed as provided in the preceding sentence) in excess of \$50,000. In certain circumstances the exemption from surtax may be disallowed in whole or in part. See sections 269, 1551, 1561, and

§ 1.21-1

1564 and the regulations thereunder. For purposes of sections 244, 247, 804, 907, 922 and §§ 1.51-1 and 1.815-4, when the phrase "the sum of the normal tax rate and the surtax rate for the taxable year" is used in any such section, the normal tax rate for all taxable years beginning after December 31, 1963, and ending before January 1, 1976, shall be considered to be 22 percent.

(e) The computation of the tax on corporations imposed under section 11 may be illustrated by the following example:

Example. The X Corporation, a domestic corporation, has gross income of \$86,000 for the calendar year 1964. The gross income includes interest of \$5,000 on United States obligations for which a deduction under section 242 is allowable in determining taxable income subject to the normal tax. It has other deductions of \$11,000. The tax of the X Corporation under section 11 for the calendar year is \$28,400 (\$15,400 normal tax and \$13,000 surtax) computed as follows:

COMPUTATION OF NORMAL TAX		
Gross income	\$86,000	
Deductions:		
Partially tax-exempt interest ...	\$5,000	
Other	11,000	16,000
Taxable income	70,000	
Normal tax (22 percent of \$70,000)	15,400	
COMPUTATION OF SURTAX		
Taxable income	70,000	
Add: Amount of partially tax-exempt interest deducted in computing taxable income	5,000	
Taxable income subject to surtax ..	75,000	
Less: Exemption from surtax	25,000	
Excess of taxable income subject to surtax over exemption	50,000	
Surtax (26 percent of \$50,000)	13,000	

(f) For special rules applicable to foreign corporations engaged in trade or business within the United States, see section 882 and the regulations thereunder. For additional tax on personal holding companies, see part II (section 541 and following), subchapter G, chapter 1 of the Code, and the regulations thereunder. For additional tax on corporations improperly accumulating surplus, see part I (section 531 and following), subchapter G, chapter 1 of the Code, and the regulations thereunder. For treatment of China Trade Act corporations, see sections 941 and 942 and the regulations thereunder. For treatment of Western Hemisphere trade corporations, see sections 921 and 922 and the regulations thereunder. For treat-

ment of capital gains and losses, see subchapter P (section 1201 and following), chapter 1 of the Code. For computation of the tax for a taxable year during which a change in the tax rates occurs, see section 21 and the regulations thereunder.

CHANGES IN RATES DURING A TAXABLE YEAR

§ 1.21-1 Changes in rate during a taxable year.

(a) Section 21 applies to all taxpayers, including individuals and corporations. It provides a general rule applicable in any case where (1) any rate of tax imposed by chapter 1 of the Code upon the taxpayer is increased or decreased, or any such tax is repealed, and (2) the taxable year includes the effective date of the change, except where that date is the first day of the taxable year. For example, the normal tax on corporations under section 11(b) was decreased from 30 percent to 22 percent in the case of a taxable year beginning after December 31, 1963. Accordingly, the tax for a taxable year of a corporation beginning on January 1, 1964, would be computed under section 11(b) at the new rate without regard to section 21. However, for any taxable year beginning before January 1, 1964, and ending on or after that date, the tax would be computed under section 21. For additional circumstances under which section 21 is not applicable, see paragraph (k) of this section.

(b) In any case in which section 21 is applicable, a tentative tax shall be computed by applying to the taxable income for the entire taxable year the rate for the period within the taxable year before the effective date of change, and another tentative tax shall be computed by applying to the taxable income for the entire taxable year the rate for the period within the taxable year on or after such effective date. The tax imposed on the taxpayer is the sum of—

(1) An amount which bears the same ratio to the tentative tax computed at the rate applicable to the period within the taxable year before the effective
