**Become an original cosponsor of a
Resolution Supporting
CRISIS PREGNANCY
CENTERS**

Dear Colleague,

Please join us in becoming an original cosponsor of a resolution providing support for more than 2,500 crisis pregnancy centers across the United States of America.

These centers have been upholding the value of all human life--born and unborn--for several decades. Women are increasingly turning to crisis pregnancy centers for physical, psychological, emotional and spiritual help. At these centers, women are offered free pregnancy tests, confidential counseling, childbirth classes, and, in some cases, ultrasound and adoption services. They are always treated with the utmost dignity and respect and are provided complete and accurate information regarding their pregnancy options.

Please cosponsor this resolution to demonstrate your support for crisis pregnancy centers and their tens of thousands of volunteer staff who are encouraging the protection and value of all human life in America. Contact Sara Hiner of Congressman Rick Renzi's office at 5-2315 to become a cosponsor.

Sincerely,

Rick Renzi
