

this subpart as the 1998 LAP program and that administered under Public Law 106-78 shall be referred to in this subpart as the 1999 LAP program.

(b) The two LAP programs provided for in this part will be treated as separate programs for purposes of payment limitations and for other purposes relating to eligibility.

(c) A county must have suffered a 40-percent or greater grazing loss for 3 consecutive months during the 1998 calendar year for 1998 LAP or for 3 consecutive months during the 1999 calendar year for the 1999 LAP, as a result of damage due to a natural disaster as determined by the Deputy Administrator for Farm Programs, or a designee. Grazing losses must have occurred on native and improved pasture with permanent vegetative cover and other crops planted specifically for the sole purpose of providing grazing for livestock, but such losses do not include losses on, or with respect to, seeded small grain forage crops.

(d) To be eligible for assistance under this subpart, a livestock producer's pastures in an eligible county must have suffered at least a 40-percent loss of normal carrying capacity for a minimum of 3 consecutive months during the relevant calendar year. The percent of loss eligible for compensation shall not exceed the maximum percentage of grazing loss for the county as determined by the county committee. In addition, the producer will not be compensated for that part of any loss that would represent payment of a loss greater than 80 percent.

(e) Unless otherwise specified or determined by the Deputy Administrator, a livestock producer is not eligible to receive payments for the same loss under both this subpart and another Federal program.
