

(c) On Form CCC-454 producers shall be required to certify by tract on each farm the number of flooded cropland and non-cropland acres for the farm in 2000 and the number of flooded cropland and non-cropland acres in 1992. To establish the acreage eligible for payment, flooded land certified for 1992 for each type shall be subtracted from the flooded land certified for 2000 for the applicable type. The difference will be the acreages of cropland and non-cropland subject to flooding and eligible for FCP payment, except that the difference may be adjusted as needed to ensure, to the extent practicable, an accurate estimate of the net increased flooding on the farm after October 1, 1993.

(d) All determinations as to the amount of land eligible for enrollment and compensation under this subpart are subject to approval by the county committee.

(e) The FSA county committee may use any available documentation to make the determinations under paragraphs (b) and (c) of this section, including but not limited to: maps, acreage reports, slides, precipitation data, water table levels and disaster reports.

(b) No person (as defined and determined under 7 CFR part 1400) may receive more than \$40,000 under this subpart.

(c) No person (as defined and determined under 7 CFR part 1400) will be eligible for payment under this subpart if that person's annual gross receipts for calendar year 1999 were in excess of \$2.5 million. That determination shall be made in the manner provided for in § 1439.11.

(d) The following entities are not eligible for benefits under this subpart:

(1) State or local governments or subdivisions thereof; or

(2) Any individual or entity who is a foreign person as determined in accordance with the provisions of 7 CFR 1400.501 and 1400.502.

§ 1439.508 Calculation of assistance.

(a) The unadjusted value of FCP assistance determined with respect to the flooded land in an eligible county for each producer shall not exceed the amount obtained by adding the amounts in paragraphs (b) and (c) of this section.

(b) For each eligible producer with respect to the applicable qualifying cropland which is determined, consistent with this subpart, to be eligible land for the payment purposes, the established local payment rate for cropland will be multiplied by the number of acres determined to be qualifying acres, as determined by the County Committee in accordance with instructions of the Deputy Administrator.

(c) For each eligible producer with respect to the applicable qualifying non-cropland acres consistent with this subpart, as determined by the county committee in accordance with instructions of the Deputy Administrator, the acres will be multiplied by the established payment rate for non-cropland acres.

(d) Payments will be adjusted as determined necessary to comply with other provisions of this subpart such as those set in § 1439.509.

§ 1439.509 Availability of funds.

In the event that the total amount of claims submitted under this subpart exceeds the \$24 million authorized for FCP by Public Law 106-224, each payment to a producer shall be reduced by a uniform national percentage. Such payment reductions shall be after the imposition of applicable payment limitation provisions.
