

(c) On Form CCC-454 producers shall be required to certify by tract on each farm the number of flooded cropland and non-cropland acres for the farm in 2000 and the number of flooded cropland and non-cropland acres in 1992. To establish the acreage eligible for payment, flooded land certified for 1992 for each type shall be subtracted from the flooded land certified for 2000 for the applicable type. The difference will be the acreages of cropland and non-cropland subject to flooding and eligible for FCP payment, except that the difference may be adjusted as needed to ensure, to the extent practicable, an accurate estimate of the net increased flooding on the farm after October 1, 1993.

(d) All determinations as to the amount of land eligible for enrollment and compensation under this subpart are subject to approval by the county committee.

(e) The FSA county committee may use any available documentation to make the determinations under paragraphs (b) and (c) of this section, including but not limited to: maps, acreage reports, slides, precipitation data, water table levels and disaster reports.

§ 1439.507 Producer eligibility.

(a) Payments under this subpart shall be subject to the provisions of § 1439.1 through § 1439.12, except as otherwise provided in this subpart.

(b) No person (as defined and determined under 7 CFR part 1400) may receive more than \$40,000 under this subpart.

(c) No person (as defined and determined under 7 CFR part 1400) will be eligible for payment under this subpart if that person's annual gross receipts for calendar year 1999 were in excess of \$2.5 million. That determination shall be made in the manner provided for in § 1439.11.

(d) The following entities are not eligible for benefits under this subpart:

(1) State or local governments or subdivisions thereof; or

(2) Any individual or entity who is a foreign person as determined in accordance with the provisions of 7 CFR 1400.501 and 1400.502.

§ 1439.508 Calculation of assistance.

(a) The unadjusted value of FCP assistance determined with respect to the flooded land in an eligible county for each producer shall not exceed the amount obtained by adding the amounts in paragraphs (b) and (c) of this section.

(b) For each eligible producer with respect to the applicable qualifying cropland which is determined, consistent with this subpart, to be eligible land for the payment purposes, the established local payment rate for cropland will be multiplied by the number of acres determined to be qualifying acres, as determined by the County Committee in accordance with instructions of the Deputy Administrator.

(c) For each eligible producer with respect to the applicable qualifying non-cropland acres consistent with this subpart, as determined by the county committee in accordance with instructions of the Deputy Administrator, the acres will be multiplied by the established payment rate for non-cropland acres.

(d) Payments will be adjusted as determined necessary to comply with other provisions of this subpart such as those set in § 1439.509.

§ 1439.509 Availability of funds.

In the event that the total amount of claims submitted under this subpart exceeds the \$24 million authorized for FCP by Public Law 106-224, each payment to a producer shall be reduced by a uniform national percentage. Such payment reductions shall be after the imposition of applicable payment limitation provisions.

§ 1439.900 [Reserved]

7 CFR Ch. XIV (1-1-01 Edition)

available in those regions that CCC determines have been affected by natural disaster, and where a determination is made by the Deputy Administrator for Farm Programs that a livestock feed emergency exists on tribal land. Funds made available under the AILFP shall be available beginning in crop year 1997 and in subsequent crop years. Payments may become available as contracts with tribal governments are approved. If any other benefits are received from the Department of Agriculture for the same loss, then payments under this part will be reduced accordingly. Payments will terminate when funds have been exhausted, without respect to the date of any application, or of when any contract has been entered into by any tribal government and CCC. Applicants will receive benefits on a first-come, first-served basis.

§ 1439.902 Administration.

(a) This subpart shall be administered by CCC under the general supervision of the Deputy Administrator for Farm Programs, Farm Service Agency (FSA). This program shall be carried out in the field as prescribed in these regulations and as directed in the contract executed between the applicable tribal government and CCC, except that in the event any contract provision conflicts with these regulations, the regulations shall apply.

(b) Tribal governments, their representatives, and employees do not have authority to modify or waive any provisions of the regulations of this subpart.

(c) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any provisions of regulations of this subpart.

(d) The Deputy Administrator may authorize State and county committees to waive or modify deadlines, and other program requirements in cases where the applicant or tribe, as applicable, show that circumstances beyond the applicant's or tribe's control precluded compliance with the deadline and where lateness or failure to meet such other requirements does not adversely affect the operation of the program.

(e) The tribal government will, in accordance with this part and in coordination with the U.S. Department of the Interior, Bureau of Indian Affairs (BIA) and FSA State and county committees, recommend the geographical size and shape of the region where the natural disaster has occurred, and whether the regional eligibility requirement has been satisfied. Documentation to support the reported natural disaster shall be provided by the State FSA office and shall accompany the recommendation. The recommendation of eligibility must be acted on by the Deputy Administrator.

(f) The Deputy Administrator will determine all prices with respect to implementing the AILFP.

(g) The FSA State committee will determine crop yields and livestock carrying capacity with respect to implementing the AILFP.

(h) Participation in the AILFP by a tribal government for either the tribal government's benefits or for the benefit of any eligible owner is voluntary and is with the understanding that CCC will not reimburse the tribal government or its members for any administrative costs associated with the administration or implementation of the program.

(i) The provisions of subpart A shall not apply to this part; however the following provisions of 7 CFR part 1439, as in effect on January 1, 1999 (see 7 CFR Parts 1200 to 1599, revised as of January 1, 1999) shall apply in the conduct of this program: §§ 1439.3, 1439.11 through 1439.22, 1439.24 as well as §§ 1439.6(i)(1)(i), 1439.8(a), and 1439.9(d) through (f).
