

(c) *Notice of completion and retention of records.* A notice of completion of review shall be conveyed in writing to CSREES either as part of the submitted proposal or prior to the issuance of an award, at the option of CSREES. The written notice constitutes certification by the applicant that a review in compliance with these regulations has occurred. Applicants are not required to submit results of the review to CSREES; however, proper documentation of the review process and results should be retained by the applicant.

(d) *Renewal and supplemental grants.* Review by the grantee is not automatically required for renewal or supplemental grants as defined in §3400.6. A subsequent grant award will require a new review if, according to CSREES, either the funded project has changed significantly, other scientific discoveries have affected the project, or the need for the project has changed. Note that a new review is necessary when applying for another standard or continuation grant after expiration of the grant term.

**§ 3400.21 Scientific peer review for research activities.**

Scientific peer review is an evaluation of a proposed project for technical quality and relevance to regional or national goals performed by experts with the scientific knowledge and technical skills to conduct the proposed research work. Peer reviewers may be selected from an applicant organization or from outside the organization, but shall not include principals, collaborators or others involved in the preparation of the application under review.

**§ 3400.22 Merit review for education and extension activities.**

Merit review is an evaluation of a proposed project or elements of a proposed program whereby the technical quality and relevance to regional or national goals are assessed. The merit review shall be performed by peers and other individuals with expertise appropriate to evaluate the proposed project. Merit reviewers may not include principals, collaborators or others involved in the preparation of the application under review.

**Subpart D—Annual Reports**

**§ 3400.23 Annual reports.**

(a) *Reporting requirement.* The recipient shall submit an annual report describing the results of the research, extension, or education activity and the merit of the results.

(b) *Report type and content.* Unless otherwise stipulated, grant recipients will have met the reporting requirement under this subpart by complying with the reporting requirements as set forth in the terms and conditions of the grant at the time of award.

**Subpart A—General**

**§ 3401.1 Applicability of regulations of this part.**

(a) The regulations of this part apply to rangeland research grants awarded

## § 3401.2

under the authority of section 1480 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended (7 U.S.C. 3333) to land-grant colleges and universities, State agricultural experiment stations, and colleges, universities, and Federal laboratories having a demonstrable capacity in rangeland research, as determined by the Secretary, to carry out rangeland research. The Administrator of the Cooperative State Research, Education, and Extension Service (CSREES) shall determine and announce, through publication each year of a Notice in the FEDERAL REGISTER, professional trade journals, agency or program handbooks, the catalog of Federal Domestic Assistance or any other appropriate means, research program areas for which proposals will be solicited, to the extent that funds are available.

(b) The regulations of this part do not apply to research grants awarded by the Department of Agriculture under any other authority.

### § 3401.2 Definitions.

As used in this part:

(a) *Administrator* means the Administrator of CSREES and any other officer or employee of the Department of Agriculture to whom the authority involved may be delegated.

(b) *Department* means the Department of Agriculture.

(c) *Principal investigator* means a single individual designated by the grantee in the application for funding and approved by the Administrator who is responsible for the scientific and technical direction of the project.

(d) *Grantee* means the entity designated in the grant award document as the responsible legal entity to whom a grant is awarded under this part.

(e) *Research project grant* means the award by the Administrator of funds to a grantee to assist in meeting the costs of conducting, for the benefit of the public, an identified project which is intended and designed to establish, discover, elucidate, or confirm information or the underlying mechanisms relating to a research program area identified in the annual solicitation of applications.

## 7 CFR Ch. XXXIV (1-1-01 Edition)

(f) *Project* means the particular activity within the scope of one or more of the research program areas identified in the annual solicitation of applications, which is supported by a grant award under this part.

(g) *Project period* means the total length of time that is approved by the Administrator for conducting the research project as outlined in an approved application for funding.

(h) *Budget period* means the interval of time (usually 12 months) into which the project period is divided for budgetary and reporting purposes.

(i) *Awarding official* means the Administrator and any other officer or employee of the Department to whom the authority to issue or modify research project grant instruments has been delegated.

(j) *Peer review group* means an assembled group of experts or consultants qualified by training or experience in particular scientific or technical fields to give expert advice, in accordance with the provisions of this part, on the scientific and technical merit of applications for funding in those fields.

(k) *Ad hoc reviewers* means experts or consultants qualified by training or experience in particular scientific or technical fields to render special expert advice, whose written evaluations of applications for funding are designed to complement the expertise of the peer review group, in accordance with the provisions of this part, on the scientific or technical merit of applications for Funding in those fields.

(l) *Research* means any systematic study directed toward new or fuller knowledge and understanding of the subject studied.

(m) *Methodology* means the project approach to be followed and the resources needed to carry out the project.

### § 3401.3 Eligibility requirements.

(a) Except where otherwise prohibited by law, any land-grant college and university, State agricultural experiment station, and college, university, and Federal laboratory having a demonstrable capacity in rangeland research, as determined by the Secretary, shall be eligible to apply for and to receive a project grant under
