

## § 982.88

## 7 CFR Ch. IX (1-1-01 Edition)

### § 982.88 Amendments.

Amendments to this subpart may be proposed, from time to time, by any person or by the Board.

### Subpart—Grade and Size Regulation

#### § 982.101 Grade requirements for shelled hazelnuts.

(a) Pursuant to § 982.45(a), no handler shall handle any shelled hazelnuts unless such hazelnuts meet the grade requirements for shelled hazelnuts as contained in exhibit A of this section.

(b) Pursuant to §§ 982.50(a) and 982.51(b), a handler may declare and withhold shelled hazelnuts in lieu of merchantable hazelnuts in satisfaction of the handler's restricted obligation. Shelled hazelnuts so declared and withheld shall, in lieu of the standards prescribed in § 982.50(a)(3), meet the grade requirements contained in exhibit A of this section.

#### EXHIBIT A

##### *Grade Requirements for Shelled Hazelnuts*

Hazelnut kernels or portions of hazelnut kernels shall meet the following requirements:

- (1) Well dried and clean;
- (2) Free from foreign material, mold, rancidity, decay or insect injury; and
- (3) Free from serious damage caused by serious shriveling, or other means.

##### *Tolerances*

In order to allow for variations incident to proper grading and handling the following tolerances, by weight, are permitted as specified:

- (1) For Foreign Material: 0.02 of one percent, for foreign material.
- (2) For Defects: Five percent for kernels or portions of kernels which are below the requirements of this grade, including not more than the following: Two percent for mold, rancidity, decay or insect injury: *Provided*, That not more than one percent shall be for mold, rancidity, or insect injury.

##### *Definitions*

- (1) *Well dried* means that the kernels are firm and crisp, not containing more than 6 percent moisture.
- (2) *Clean* means practically free from plainly visible adhering dirt or other foreign material.
- (3) *Foreign material* means any substance other than the hazelnut kernels, or portions

of kernels. (Loose skins, pellicles or corky tissue which have become separated from the kernels shall not be considered as foreign material, provided that this material does not exceed .02 of one percent by weight.)

(4) *Serious damage* means any specific defect described in this section, or any equally objectionable variation of any one of these defects, or any other defects, or any combination of defects, which seriously detracts from the appearance or the edible or marketing quality of the individual portion of the kernel or of the lot as a whole. The following defects shall be considered as serious damage.

(i) *Serious shriveling* means when the kernel is seriously shrunken, wrinkled and tough.

(ii) *Mold* means that there is a visible growth of mold either on the outside or inside of the kernel.

(iii) *Rancidity* means that the kernel is noticeably rancid to the taste. An oily appearance of the flesh does not necessarily indicate a rancid condition.

(iv) *Decay* means that any portion of the kernel is decomposed.

(v) *Insect injury* means that the insect, frass or web is present, or the kernel or portion of kernel show definite evidence of insect feeding.

[47 FR 12611, Mar. 24, 1982, as amended at 48 FR 34015, July 27, 1983]

EDITORIAL NOTE: After January 1, 1979, "Budget of Expenses and Rate of Assessment" regulations (e.g., sections .300 through .399) and "Marketing percentage" regulations (e.g., sections .200 through .299) which are in effect for a year or less, will not be carried in the Code of Federal Regulations. For FEDERAL REGISTER citations affecting these regulations, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and on GPO Access.

### Subpart—Assessment Rates

#### § 982.340 Assessment rate.

On and after July 1, 2000, an assessment rate of \$0.005 per pound is established for Oregon and Washington hazelnuts.
