§ 327.37 Attribution of transferred deposits.

This section explains the attribution of deposits to the BIF and the SAIF when one insured depository institution (acquiring institution) acquires deposits from another insured depository institution (transferring institution). For the purpose of determining whether the assumption of deposits (assumption transaction) constitutes a transaction undertaken pursuant to section 5(d)(3) of the Federal Deposit Insurance Act (12 U.S.C. 1815(d)(3)), and for the purpose of computing the adjusted attributable deposit amounts, if any, of the acquiring and the transferring institutions after the transaction:

(a) *Transferring institution*—(1) *Transfer of primary-fund deposits*. To the extent that the aggregate volume of deposits that is transferred by a transferring institution in a transaction, or in a related series of transactions, does not exceed the volume of deposits that is insured by its primary fund (primary-fund deposits) immediately prior to the transaction (or, in the case of a related series of transactions, immediately prior to the initial transaction in the series), the transferred deposits shall be deemed to be insured by the institution's primary fund. The primary institution's volume of primary-fund deposits shall be reduced by the aggregate amount so transferred.

(2) *Transfer of secondary-fund deposits*. To the extent that the aggregate volume of deposits that is transferred by the transferring institution in a transaction, or in a related series of transactions, exceeds the volume of deposits that is insured by its primary fund immediately prior to the transaction (or, in the case of a related series of transactions, immediately prior to the initial transaction in the series), the following volume of the deposits so transferred shall be deemed to be insured by the institution's secondary fund (secondary-fund deposits): the aggregate amount of the transferred deposits

(b) *Acquiring institution*. The deposits shall be deemed, upon assumption by the acquiring institution, to be insured by the same fund or funds in the same amount or amounts as the deposits were so insured immediately prior to the transaction.
