(2) *Determination of Need to Know.* In addition to a security clearance, a person must have a need for access to the particular classified information or material sought in connection with the performance of official duties or contractual obligations. The determination of that need shall be made by officials having responsibility for the classified information or material.

condition of access. This form shall be retained in the security file of the individual for 50 years.

(c) *Access by Historical Researchers and Former Presidential Appointees.* The Bank shall obtain written agreements from requesters to safeguard the information to which they are given access as permitted by the Order and written consent to the Bank's review of their notes and manuscripts for the purpose of determining that no classified information is contained therein. A determination of trustworthiness is a precondition to a requester's access. If the access requested by historical researchers and former Presidential Appointees requires the rendering of services for which fair and equitable fees may be charged pursuant to Title 5 of the Independent Offices Appropriations Act, 65 Stat. 290, 31 U.S.C. 483a (1976), the requester shall be so notified and the fees may be imposed.

(d) *Media Contacts.* All contacts by members of the media which concern classified information shall be directed to the attention of the Security Officer, Room 1031, Export-Import Bank of the United States, 811 Vermont Avenue NW., Washington, DC 20571.

(e) *Dissemination.* Except as otherwise provided by directives issued by the President through the National Security Council, classified information originating in another agency and in the possession of the Bank may not be disseminated outside the Bank without the consent of the originating agency.

(f) *Accountability Procedures.* Dissemination of various levels of classified information or material shall be within the control and responsibility of designated control officers. Particularly stringent controls shall be placed on information and material classified as TOP SECRET.

(1) *TOP SECRET.* Designated as TOP SECRET control officers are the Chairman, Vice Chairman and the Security Officer who alone have authority to receive TOP SECRET information for the Bank. (h) *Coversheets.* Department of State (DSC) classified incoming cables are to

be logged in and routed to the appropriate offices in double envelopes. When these cables are being used in various offices, classified coversheets must be used to protect the documents. Coversheets are obtainable from the Office of the Security Director.

The inner cover shall be a sealed wrapper or envelope plainly marked with the assigned classification and addresses of both sender and addressee. Transmittal documents shall indicate on their face the highest level of any information transmitted, and must clearly state whether or not the transmittal document itself is classified after removal of enclosures and attachments. The outer cover shall be sealed and addressed with no identification of the classification of its contents. A receipt shall be attached to or enclosed in the inner cover, except that CONFIDENTIAL information shall require a receipt only if the sender deems it necessary. The receipt shall identify the sender, addressee, and the document but shall contain no classified information. It shall be immediately signed by the recipient and returned to the sender. Any of these wrapping and receipting requirements may be waived by agency heads under conditions that will provide adequate protection and prevent access by unauthorized persons.

All classified information approved for destruction must be torn and placed in containers designated as burnbags which are available through the Office Services Section of the Bank. Destruction of such information will be carried out by the Security Officer or a designee by use of a disintegrator or by burning. The method of destruction selected must preclude recognition or reconstruction of the classified information or material. Records of destruction will be maintained by the Security Office for TOP SECRET information and material with serialized markings or material for which there is a special need to record its destruction.

(k) *Reproduction controls.* (1) Reproduction of classified documents is prohibited, except by personnel authorized in writing by the Chairman or Security Officer.

(2) TOP SECRET documents may not be reproduced without the consent of the originating agency unless otherwise marked by the originating office.

If the Bank cannot determine the identity of the originating agency(ies) or

department(s), it shall report the disclosure to the Department of Justice together with any information or reasonable inferences as to the identity of the originating agency(ies) or department(s).

(5) If the Bank receives a request for an evaluation of information it originated, it shall, if the evaluation shows the disclosure was serious, inform the agency(ies) or department(s) from which the disclosure occurred of this conclusion and request that the agency(ies) or department(s) conduct an internal investigation.

(6) If the Bank determines that an unauthorized disclosure of classified information has occurred but that it neither originated, handled nor disclosed the information, it shall report the disclosure to the likely originating agency(ies) or department(s).

(7) In determining whether a disclosure is sufficiently serious to warrant reporting to the Department of Justice, the Bank, if it is the originating agency, shall ascertain the nature of the disclosed information, determine the extent to which it disseminated the information and evaluate the disclosure to determine whether it seriously damages its mission and responsibilities. In evaluating the damage caused by the disclosure, the Bank shall consider such matters as whether the disclosure jeopardizes an ongoing project, operation or source of information and to what extent the policy goals underlying the project or operation must be altered.

(8) In any instance where the Bank is determined to be the source of an unauthorized disclosure and an evaluation by the Bank or the originating agency(ies) or department(s) determines the disclosure to be of a serious nature, an internal investigation will be initiated and an investigation report, containing such information as may be required by the Department of Justice, will be submitted to the Department of Justice within 15 days after notification from the originating agency or Department of Justice, but in any case no later than 30 days. If the investigation report is not completed within 15 days, the Bank shall submit as much of the required information as is available at that time and furnish
