

§ 614.4358

12 CFR Ch. VI (1-1-06 Edition)

secured by notes of individuals or business entities, the basic lending limits provided in § 614.4355 may be applied to each original notemaker rather than to the loan to the eligible borrower, if:

(a) Each note is current and carries a full recourse endorsement or unconditional guaranty by the borrower;

(b) The bank determines the financial condition, repayment capacity, and other credit factors of the loan to the original maker reasonably justify the credit granted by the endorser; and

(c) The loans are fully supported by documented loan files, which include, at a minimum:

(1) A credit report supporting the bank's finding that the financial condition, repayment capacity, and other factors of the maker of the notes being pledged justify the credit extended by the bank and/or endorser;

(2) A certification by a bank officer designated for that purpose by the loan or executive committee that the financial responsibility of the original notemaker has been evaluated by the loan committee and the bank is relying primarily on each such maker for the payment of the obligation; and

(3) Other credit information normally required of a borrower when making and administering a loan.

§ 614.4358 Computation of obligations.

(a) *Inclusions.* The computation of total loans to each borrower for the purpose of computing their lending and leasing limit shall include:

(1) The total unpaid principal of all loans and lease balances outstanding and the total amount of undisbursed commitments except as excluded by paragraph (b) of this section. This amount shall include loans that have been charged off on the books of the institution in whole or in part but have not been collected, except to the extent that such amounts are not legally collectible;

(2) Purchased interests in loans, including participation interests, to the extent of the amount of the purchased interest, including any undisbursed commitment;

(3) Loans attributed to a borrower in accordance with § 614.4359.

(b) *Exclusions.* The following loans when adequately documented in the loan file, may be excluded from loans to a borrower subject to the lending and leasing limit:

(1) Any loan or portion of a loan that carries a full faith and credit performance guaranty or surety of any department, agency, bureau, board, commission, or establishment of the United States government, provided there is no evidence to suggest that the guaranty has become unenforceable and the institution can demonstrate that it is in compliance with the terms and conditions of the guaranty.

(2) Any loan or portion of a loan guaranteed by a Farm Credit System institution, pursuant to the provisions of § 614.4345 on guaranty agreements. This exclusion does not apply to the institution providing the guaranty.

(3) Any loan or portion of a loan that is secured by bonds, notes, certificates of indebtedness, or Treasury bills of the United States or by other obligations guaranteed as to principal and interest by the United States government, provided the loans are fully secured by the current market value of such obligations. If the market value of the collateral declines to below the balance of the loan, and the entire loan, individually, or when combined with other loans and undisbursed commitments to or attributed to the borrower, causes the borrower's total indebtedness to exceed the institution's lending limit, the institution shall have 5 business days to bring the loan into conformance before it shall be deemed to be in violation of the lending limit.

(4) Interests in loans sold, including participation interests, when the sale agreement meets the following requirements:

(i) The interest must be sold without recourse; and

(ii) The agreement under which the interest is sold must provide for the sharing of all payments of principal, collection expenses, collateral proceeds, and risk of loss on a pro rata basis according to the percentage interest in the principal amount of the loan. Agreements that provide for the pro rata sharing to commence at the

Farm Credit Administration

§ 614.4359

time of default or similar event, as defined in the agreement under which the interest is sold, shall be considered to be pro rata agreements, notwithstanding the fact that advances are made and payments are distributed on a basis other than pro rata prior to that time.

(5) Interests in leases sold when the sale agreement provides that:

(i) The interest sold must be:

(A) An undivided interest in all the lease payments or the residual value of all the leased property; or

(B) A fractional undivided interest in the total lease transaction;

(ii) The interest must be sold without recourse; and

(iii) Sharing of all lease payments must be on a pro rata basis according to the percentage interest in the lease payments.

(6) Loans sold in their entirety to a pooler certified by the Federal Agricultural Mortgage Corporation, if an interest in a pool of subordinated participation interests is purchased to satisfy the requirements of title VIII of the Act.

§ 614.4359 Attribution rules.

(a) For the purpose of applying the lending and leasing limit to the indebtedness of a borrower, loans to a related borrower shall be combined with loans outstanding to the borrower and attributed to the borrower when any one of the following three conditions exist:

(1) *Liability.* (i) The borrower has primary or secondary liability on a loan made to the related borrower. The amount of such loan attributable to the borrower is limited to the amount of the borrower's liability.

(ii) This section does not require attribution of a guarantee taken out of an abundance of caution. To qualify for the abundance of caution exception to the requirements of this subpart, the institution must document in the loan file that the loan, when evaluated under the loan underwriting standards adopted pursuant to § 614.4150 of this part without considering the guarantee, would support the credit deci-

sion under the same basic terms and conditions.

(iii) For the banks for cooperatives and agricultural credit banks operating under title III authorities of the Act, look-through notes are exempt from the lending limit provisions provided they meet the criteria of § 614.4357.

(2) *Financial interdependence.* The operations of a borrower and related borrower are financially interdependent. Financial interdependence exists if the borrower is the primary source of repayment for a related borrower's loan, or if the operations of the borrower and the related borrower are commingled.

(i) The borrower shall be considered the primary source of repayment on the loan to the related borrower if the borrower is obligated to supply 50 percent or more of the related borrower's annual gross receipts, and reliance on the income from one another is such that, regardless of the solvency and liquidity of the borrower's operations, the debt service obligation of the related borrower could not be met if income flow from the borrower is interrupted or terminated. For the purpose of this paragraph, gross receipts include, but are not limited to, revenues, intercompany loans, dividends and capital contributions.

(ii) The assets or operations of the borrower and related borrower are considered to be commingled if they cannot be separated without materially impacting the economic survival of the individual operations and their ability to repay their loans.

(3) *Control.* The borrower directly or indirectly controls the related borrower. A borrower is deemed to control a related borrower if either paragraph (a)(3)(i) or (a)(3)(ii) of this section exist:

(i) The borrower, directly or acting through one or more other persons, owns 50 percent or more of the stock of the related borrower; or

(ii) The borrower, directly or acting through one or more other persons, owns or has the power to vote 25 percent or more of the voting stock of a related borrower, and meets at least one of the following three conditions:

(A) The borrower shares a common directorate or management with a related borrower. A common directorate
