§ 810.0 Authority for issue and sale.

The Federal Financing Bank is authorized under the Federal Financing Bank Act of 1973, to issue publicly, with the approval of the Secretary of the Treasury, obligations having such maturities and bearing such rate or rates of interest as may be determined by the Bank. Pursuant to this authority, Federal Financing Bank bills, referred to herein as “FFB bills,” are offered for sale from time to time and tenders invited therefor, through the Federal Reserve Banks. The FFB bills so offered, the tenders made, and all subsequent transactions therein are subject to the terms and conditions of the public notice offering the bills for sale, this circular, and to the extent not inconsistent with such notice and circular, to Department of the Treasury Circular No. 418, current revision, the regulations governing United States Treasury bills, and all other regulations governing United States securities.

§ 810.1 Description of Federal Financing Bank bills.

(a) *General.* Federal Financing Bank bills are bearer obligations of the Federal Financing Bank, the terms of which provide for payment of a specified amount on a specified date. They are issued only by Federal Reserve Banks and Branches, pursuant to tenders accepted by the Federal Financing Bank, and are available in both definitive and book-entry form.

Where issued as a definitive security, it shall not be valid unless the issue date, the maturity date and the CUSIP number are imprinted thereon.

(b) *Denominations.* Federal Financing Bank bills will be issued in denominations of \$10,000, \$15,000, \$50,000, \$100,000, \$500,000 and \$1,000,000 (maturity value).

§ 810.2 Public notice of offering.

On the occasion of an offering of FFB bills, tenders therefor will be invited through public notices issued by the Federal Financing Bank. Each notice will set forth the amount offered, the issue date, the date they will be due and payable, the place and the date of the closing hour for the receipt of tenders and the date on which payment for accepted tenders must be made or completed.

§ 810.3 Payment at maturity.

Each FFB bill will be paid in its face amount at maturity upon presentation and surrender to any Federal Reserve Bank or Branch or to the Department of the Treasury, Bureau of the Public Debt, Securities Transaction Branch, Washington, DC 20226. If a FFB bill is presented and surrendered for redemption after it has become overdue, the Federal Financing Bank may require satisfactory proof of ownership, as provided in §306.25 of Department of the Treasury Circular No. 300, current revision.

§ 810.4 Acceptance of FFB bills for various purposes.

Federal Financing Bank bills are lawful investments and may be accepted as security for all fiduciary, trust, and public funds, the investment or deposit of which shall be under the authority or control of the United States, the District of Columbia, the Commonwealth of Puerto Rico or any territory or possession of the United States. They are eligible for purchase by national banks, and will be accepted at maturity value to secure public moneys.

§ 810.5 Taxation.

All FFB bills shall be subject to Federal taxation to the same extent as obligations of private corporations are taxed.
