§ 723.4 What other regulations apply to member business lending?

(a) The provisions of § 701.21(a) through (g) and part 702 of this chapter apply to member business loans granted by credit unions to the extent they are consistent with this part. Except as required by part 741 of this chapter, federally insured State-chartered credit unions are not required to comply with the provisions of § 701.21(a) through (g) of this chapter.

(b) If a federal credit union makes a member business loan as part of a Small Business Administration guaranteed loan program with loan requirements that are less restrictive than those required by NCUA, then the federal credit union may follow the loan requirements of the relevant Small Business Administration guaranteed loan program to the extent they are consistent with this part. a member business loan as part of a Small Business Administration guaranteed loan program with loan requirements that are less restrictive than those required by NCUA may follow the loan requirements of the relevant Small Business Administration guaranteed loan program to the extent they are consistent with this part if its state supervisory authority has determined that the credit union has authority to do so under State law.

§ 723.5 How do you implement a member business loan program?

(a) *Generally.* The board of directors must adopt specific business loan policies and review them at least annually. The board must also use the services of an individual with at least two years direct experience with the type of lending the credit union will be engaging in. The experience must provide the credit union sufficient expertise given the complexity and risk exposure of the loans in which the credit union intends to engage. Credit unions do not have to hire staff to meet the requirements of this section but must ensure that the expertise is available. A credit union can meet the experience requirement through various approaches. For example, a credit union can use the services of a credit union service organization (CUSO), an employee of another credit union, an independent contractor, or other third parties. However, the actual decision to grant a loan must reside with the credit union.

(b) *Conflicts of Interest.* Any third party used by a credit union to meet the requirements of paragraph (a) of this section must be independent from the transaction and is prohibited from having a participation in the loan or an interest in the collateral securing the loan that the third party is responsible for reviewing, with the following exceptions:

(1) The third party may provide a service to the credit union related to the transaction, such as loan servicing;

(2) The third party may provide the requisite experience to the credit union and purchase a loan or a participation interest in a loan originated by the credit union that the third party reviewed; or

(3) A credit union may use the services of a CUSO that otherwise meets the requirements of paragraph (a) of this section even though the CUSO is not independent from the transaction, provided the credit union has a controlling financial interest in the CUSO as determined under Generally Accepted Accounting Principles.
