

§611.1265

obligations or assessments to the bank after termination.

(c) *Obligations to other Farm Credit institutions.* You must pay or make adequate provision for payment of obligations to any Farm Credit institution (other than your affiliated bank) under any loss-sharing or other agreement.

(d) *FAC payments.* Before termination, you must pay the estimated present value of future assessments and payment obligations to your affiliated Farm Credit bank to the extent required by subparagraphs (c)(5)(F) and (d)(1)(C)(v) of section 6.26 of the Act. The FAC must make the present value estimations, subject to our approval, based on an appropriate discount rate. The appropriate discount rate is the non-interest-bearing U.S. Treasury security rate for securities with a maturity as near as possible to the period remaining until the terminating association's obligations under this paragraph would be due (but before the due date).

§611.1265 Retirement of a terminating association's investment in its affiliated bank.

(a) *Safety and soundness restrictions.* Notwithstanding anything in this subpart to the contrary, we may prohibit a bank from retiring the equities you hold in the bank if the retirement would cause the bank to fall below its regulatory capital requirements after retirement, or if we determine that the bank would be in an unsafe or unsound condition after retirement.

(b) *Retirement agreement.* Your affiliated bank may retire the purchased and allocated equities held by your institution in the bank according to the terms of the bank's capital revolvment plan or an agreement between you and the bank.

(c) *Retirement in absence of agreement.* Your affiliated bank must retire any equities not subject to an agreement or revolvment plan no later than when you or the successor institution pays off your loan from the bank.

(d) *No retirement of unallocated surplus.* When your bank retires equities you own in the bank, the bank must pay par or face value for purchased and allocated equities, less any impair-

ment. The bank may not pay you any portion of its unallocated surplus.

(e) *Exclusion of equities from capital ratios.* If another Farm Credit institution makes an agreement to retire equities you hold in that institution after termination, we may require that institution to exclude part or all of those equities from assets and capital when the institution calculates its capital and net collateral ratios under subparts H and K of part 615 of this chapter.

§611.1270 Repayment of obligations—terminating bank.

(a) *General rule.* If your institution is a terminating bank, you must pay or make adequate provision for the payment of all outstanding debt obligations, and provide for your responsibility for any probable contingent liabilities identified.

(b) *Satisfaction of primary liability on consolidated or Systemwide obligations.* After consulting with the other Farm Credit banks, the Funding Corporation, and the FCSIC, you must pay or make adequate provision for payment of your primary liability on consolidated or Systemwide obligations in a method that we deem acceptable. Before we make a final decision on your proposal and as we deem necessary, we may consult with the other Farm Credit banks, the Funding Corporation, and the FCSIC.

(c) *Satisfaction of joint and several liability and liability for interest on individual obligations.* (1) You and the other Farm Credit banks must enter into an agreement, which is subject to our approval, covering obligations issued under section 4.2 of the Act and outstanding on the termination date. The agreement must specify how you and your successor institution will make adequate provision for the payment of your joint and several liability to holders of obligations other than those obligations on which you are primarily liable, in the event we make calls for payment under section 4.4 of the Act. You and your successor institution must also provide for your liability under section 4.4(a)(1) of the Act to pay interest on the individual obligations issued by other System banks. As a part of the agreement, you must also agree that your successor institution
