

Farm Credit Administration

§ 611.1275

will provide ongoing information to the Funding Corporation to enable it to fulfill its funding and disclosure duties. The Funding Corporation may, at its option, be a party to the agreement to the extent necessary to fulfill its duties with respect to financing and disclosure.

(2) If you and the other Farm Credit banks are unable to reach agreement within 90 days before the proposed termination date, we will specify the manner in which you will make adequate provision for the payment of the liabilities in question and how we will make joint and several calls for those obligations outstanding on the termination date.

(3) Notwithstanding any other provision in these regulations, the successor institution will be jointly and severally liable for consolidated and Systemwide debt outstanding on the termination date (other than the obligations on which you are primarily liable). The successor institution will also be liable for interest on other banks' individual obligations as described in section 4.4(a)(1) of the Act and outstanding on the termination date. The termination application must include evidence that the successor institution will continue to be liable for consolidated and Systemwide debt and for interest on other banks' individual obligations.

(d) *Payment to the FAC.* (1) Before termination, you must pay to the FAC the amounts required by section 6.9(e)(3)(C)(ii) of the Act and by subparagraphs (c)(5)(E)(i) and (d)(1)(C)(iv) of section 6.26 of the Act. To make the calculations for section 6.26, you must include your retail loan volume, the retail loan volume of the associations that are terminating with you, and the retail loan volume of the affiliated associations that continue their direct lending relationships with the successor institution, but you must not include the retail loan volume of associations that reaffiliate with another bank and transfer or repay their direct loan on or before termination.

(2) The FAC must make the present value estimations, subject to our approval, based on an appropriate discount rate. The appropriate discount rate is the non-interest-bearing U.S. Treasury security rate for securities

with a maturity as near as possible to the period remaining until your obligations under this paragraph would be due (but before the due date).

(3) If your bank or your predecessor bank has redeemed early any preferred stock issued to the FAC, we may require you to confirm in writing that your successor institution will assume responsibility for any and all of your contingent liabilities under any FAC-preferred stock redemption agreement and indemnification agreement.

§ 611.1275 Retirement of equities held by other System institutions.

(a) *Retirement at option of equity holder.* If your institution is a terminating institution, System institutions that own your equities have the right to require you to retire the equities on the termination date.

(b) *Value of equity holders' interests.* You must retire the equities in accordance with the liquidation provisions in your bylaws unless we determine that the liquidation provisions would result in an inequitable distribution to stockholders. If we make such a determination, we will require you to distribute the equity in accordance with another method that we deem equitable to stockholders. Before you retire any equity, you must make the following adjustments to the amount of stockholder equity as stated in the financial statements on the termination date:

(1) Make deductions for any FAC obligations and taxes due to the termination that you have not yet recorded;

(2) Deduct the amount of the exit fee; and

(3) Make any adjustments described under § 611.1250(c) that we may require as we deem appropriate.

(c) *Transfer of affiliated association's investment.* As an alternative to equity retirement, an affiliated association that reaffiliates with another Farm Credit bank instead of terminating with its bank has the right to require the terminating bank to transfer its investment to its new affiliated bank when it reaffiliates. If your institution is a terminating bank, at the time of reaffiliation you must transfer the purchased and allocated equities held by the association, as well as its share of

§611.1280

unallocated surplus, to the new affiliated bank. Calculate the association's share before deduction of the exit fee as of the month end preceding the reaffiliation date (or the termination date if it is the same as the reaffiliation date) in accordance with the liquidation provisions of your bylaws, unless we determine that the liquidation provisions would result in an inequitable distribution. If we make such a determination, we will require you to distribute the association's share of your unallocated surplus in accordance with another method that we deem equitable to stockholders. Before you distribute any unallocated surplus, you must make the following adjustments to stockholder equity as stated in the financial statements as of the month end preceding the reaffiliation date (or the termination date if it is the same as the reaffiliation date):

(1) Add back any deductions of FAC obligations due to the termination, taxes due to the termination, and the exit fee; and

(2) Make any adjustments described under §611.1250(c) that we may require as we deem appropriate.

(d) *Prohibition on certain affiliations.* No Farm Credit institution may retain an equity interest otherwise prohibited by law in a successor institution.

§611.1280 Dissenting stockholders' rights.

(a) *Definition.* A dissenting stockholder is an equity holder (other than a System institution) in a terminating institution on the termination date who either:

(1) Was eligible to vote on the termination resolution and voted against termination;

(2) Was an equity holder on the voting record date but was not eligible to vote; or

(3) Became an equity holder after the voting record date.

(b) *Retirement at option of a dissenting stockholder.* A dissenting stockholder may require a terminating institution to retire the stockholder's equity interest in the terminating institution.

(c) *Value of a dissenting stockholder's interest.* You must pay a dissenting stockholder according to the liquidation provision in your bylaws, except

12 CFR Ch. VI (1-1-06 Edition)

that you must pay at least par or face value for eligible borrower stock (as defined in section 4.9A(d)(2) of the Act). If we determine that the liquidation provision is inequitable to stockholders, we will require you to calculate their share in accordance with another formula that we deem equitable.

(d) *Calculation of interest of a dissenting stockholder.* Before you retire any equity, you must make the following adjustments to the amount of stockholder equity as stated in the financial statements on the termination date:

(1) Deduct any FAC obligations and taxes due to the termination that you have not yet recorded;

(2) Deduct the amount of the exit fee; and

(3) Make any adjustments described under §611.1250(c) that we may require as we deem appropriate.

(e) *Form of payment to a dissenting stockholder.* You must pay a dissenting stockholder for his equities as follows:

(1) Pay cash for the par or face value of purchased stock, less any impairment;

(2) For equities other than purchased equities, you may:

(i) Pay cash;

(ii) Cause or otherwise provide for the successor institution to issue, on the date of termination, subordinated debt to the stockholder with a face value equal to the value of the remaining equities. This subordinated debt must have a maturity date of 7 years or less, must have priority in liquidation ahead of all equity, and must carry a rate of interest not less than the rate (at the time of termination) for debt of comparable maturity issued by the U.S. Treasury plus 1 percent; or

(iii) Provide for a combination of cash and subordinated debt as described above.

(f) *Payment to holders of special class of stock.* If you have adopted bylaws under §611.1210(f), you must pay a dissenting stockholder who owns shares of the special class of stock an amount equal to the lower of the par (or face) value or the value of such stock as determined under §611.1280(c) and (d).

(g) *Notice to equity holders.* The notice to equity holders required in
