

Farm Credit Administration

§ 611.400

(b) A bank or association may use balloting procedures, such as an identity code on the ballot, that can be used to identify how or whether an individual stockholder has voted only if the votes are tabulated by an independent third party. In weighted voting, the votes must be tabulated by an independent third party. An independent third party that tabulates the votes must certify in writing that such party will not disclose to any person (including the institution, its directors, stockholders, or employees) any information about how or whether an individual stockholder has voted, except that the information must be disclosed to the Farm Credit Administration if requested.

(c) Once a bank or association receives a ballot, the vote of that stockholder is final, except that a stockholder may withdraw a proxy ballot before balloting begins at a stockholders' meeting.

(d) A bank or association may give a stockholder voting by proxy an opportunity to give voting discretion to the proxy of the stockholder's choice, provided that the proxy is also a stockholder eligible to vote.

§ 611.340 Security in voting.

(a) Each bank and association must adopt policies and procedures that assure the security of all records and materials related to a stockholder vote including, but not limited to, ballots, proxy ballots, and other related materials.

(b) Bank and association procedures must assure that ballots and proxy ballots are provided only to stockholders who are eligible to vote.

(c) Ballots and proxy ballots must be safeguarded before the time of distribution or mailing to voting stockholders and after the time of receipt by the bank or association until disposal. In an election of directors, ballots, proxy ballots and election records must be retained at least until the end of the term of office of the director. In other stockholder votes, ballots, proxy ballots, and records must be retained for at least 3 years after the vote.

(d) The voting procedures of each institution must provide for the estab-

lishment of a tellers committee or other designated group of persons which must be responsible for validating ballots and proxies and tabulating voting results. An institution and its officers, directors, and employees may not make any public announcement of the results of a stockholder vote before the tellers committee or other designated persons have validated the results of the vote.
