

§714.9

§714.9 Are indirect leasing arrangements subject to the purchase of eligible obligation limit set forth in §701.23 of this chapter?

Your indirect leasing arrangements are not subject to the eligible obligation limit if they satisfy the provisions of §701.23(b)(3)(iv) that require that you make the final underwriting decision and that the lease contract is assigned to you very soon after it is signed by the member and the dealer or leasing company.

§714.10 What other laws must you comply with when engaged in leasing?

You must comply with the Consumer Leasing Act, 15 U.S.C. 1667–67f, and its implementing regulation, Regulation M, 12 CFR part 213. You must comply with state laws on consumer leasing, but only to the extent that the state leasing laws are consistent with the Consumer Leasing Act, 15 U.S.C. 1667e, or provide the member with greater protections or benefits than the Consumer Leasing Act. You are also subject to the lending rules set forth in §701.21 of this chapter, except as provided in §714.8 and §714.9 of this part. The lending rules in §701.21 address the preemption of other state and federal laws that impact on credit transactions.

PART 715—SUPERVISORY COMMITTEE AUDITS AND VERIFICATIONS

Sec.

12 CFR Ch. VII (1–1–06 Edition)

715.12 Statutory audit remedies for Federal credit unions.

AUTHORITY: 12 U.S.C. 1761(b), 1761d, 1782(a)(6).

SOURCE: 64 FR 41035, July 29, 1999, unless otherwise noted.

§715.1 Scope of this part.

This part implements section 202(a)(6)(D) of the Federal Credit Union Act, 12 U.S.C. 1782(a)(6)(D), as added by section 201(a) of the Credit Union Membership Access Act, Pub. L. No. 105–219, 112 Stat. 918 (1998). This part prescribes the responsibilities of the Supervisory Committee to obtain an annual audit of the credit union according to its charter type and asset size, and to conduct a verification of members' accounts.

§715.2 Definitions used in this part.

As used in this part:

(a) *Balance sheet audit* refers to the examination of a credit union's assets, liabilities, and equity under generally accepted auditing standards (GAAS) by an independent public accountant for the purpose of opining on the fairness of the presentation on the balance sheet. Credit unions required to file call reports consistent with GAAP should ensure the audited balance sheet is likewise prepared on a GAAP basis. The opinion under this type of engagement would not address the fairness of the presentation of the credit union's income statement, statement of changes in equity (including comprehensive income), or statement of cash flows.

(b) *Compensated person* refers to any accounting/auditing professional, excluding a credit union employee, who is compensated for performing more than one supervisory committee audit and/or verification of members' accounts per calendar year.

(c) *Financial statements* refers to a presentation of financial data, including accompanying notes, derived from accounting records of the credit union, and intended to disclose a credit union's economic resources or obligations at a point in time, or the changes therein for a period of time, in conformity with GAAP, as defined herein, or regulatory accounting procedures. Each of the following is considered to

be a financial statement: a balance sheet or statement of financial condition; statement of income or statement of operations; statement of undivided earnings; statement of cash flows; statement of changes in members' equity; statement of revenue and expenses; and statement of cash receipts and disbursements.

(d) *Financial statement audit* (also known as an "opinion audit") refers to an audit of the financial statements of a credit union performed in accordance with GAAS by an independent person who is licensed by the appropriate State or jurisdiction. The objective of a financial statement audit is to express an opinion as to whether those financial statements of the credit union present fairly, in all material respects, the financial position and the results of its operations and its cash flows in conformity with GAAP, as defined herein, or regulatory accounting practices.

(e) *GAAP* is an acronym for "generally accepted accounting principles" which refers to the conventions, rules, and procedures which define accepted accounting practice. GAAP includes both broad general guidelines and detailed practices and procedures, provides a standard by which to measure financial statement presentations, and encompasses not only accounting principles and practices but also the methods of applying them.

(f) *GAAS* is an acronym for "generally accepted auditing standards" which refers to the standards approved and adopted by the American Institute of Certified Public Accountants which apply when an "independent, licensed certified public accountant" audits financial statements. Auditing standards differ from auditing procedures in that "procedures" address acts to be performed, whereas "standards" measure the quality of the performance of those acts and the objectives to be achieved by use of the procedures undertaken. In addition, auditing standards address the auditor's professional qualifications as well as the judgment exercised in performing the audit and in preparing the report of the audit.

(g) *Independent* means the impartiality necessary for the dependability of the compensated auditor's findings. Independence requires the exercise of

fairness toward credit union officials, members, creditors and others who may rely upon the report of a supervisory committee audit report.

(h) *Internal control* refers to the process, established by the credit union's board of directors, officers and employees, designed to provide reasonable assurance of reliable financial reporting and safeguarding of assets against unauthorized acquisition, use, or disposition. A credit union's internal control structure consists of five components: control environment; risk assessment; control activities; information and communication; and monitoring. Reliable financial reporting refers to preparation of Call Reports (NCUA Forms 5300 and 5310) that meet management's financial reporting objectives. Internal control over safeguarding of assets against unauthorized acquisition, use, or disposition refers to prevention or timely detection of transactions involving such unauthorized access, use, or disposition of assets which could result in a loss that is material to the financial statements.

(i) *Reportable conditions* refers to a matter coming to the attention of the independent, compensated auditor which, in his or her judgment, represents a significant deficiency in the design or operation of the internal control structure of the credit union, which could adversely affect its ability to record, process, summarize, and report financial data consistent with the representations of management in the financial statements.

(j) *Report on Examination of Internal Control over Call Reporting* refers to an engagement in which an independent, licensed, certified public accountant or public accountant, consistent with attestation standards, examines and reports on management's written assertions concerning the effectiveness of its internal control over financial reporting in its most recently filed semi-annual or year-end Call Report, with a concentration in high risk areas. For credit unions, such high risk areas most often include: lending activity; investing activity; and cash handling and deposit-taking activity.

(k) *State-licensed person* refers to a certified public accountant or public accountant who is licensed by the

§715.3

12 CFR Ch. VII (1–1–06 Edition)

State or jurisdiction where the credit union is principally located to perform accounting or auditing services for that credit union.

(l) *Supervisory committee* refers to a supervisory committee as defined in Section 111(b) of the Federal Credit Union Act, 12 U.S.C. 1761(b). For some federally-insured state chartered credit unions, the “audit committee” designated by state statute or regulation is the equivalent of a supervisory committee.

(m) *Supervisory committee audit* refers to an engagement under either §715.5 or §715.6 of this part.

(n) *Working papers* refers to the principal record, in any form, of the work performed by the auditor and/or supervisory committee to support its findings and/or conclusions concerning significant matters. Examples include the written record of procedures applied, tests performed, information obtained, and pertinent conclusions reached in the engagement, proprietary audit programs, analyses, memoranda, letters of confirmation and representation, abstracts of credit union documents, reviewer’s notes, if retained, and schedules or commentaries prepared or obtained in the course of the engagement.

[64 FR 41035, July 29, 1999, as amended at 66 FR 65624, Dec. 20, 2001]

§715.3 General responsibilities of the Supervisory Committee.

(a) *Basic.* The supervisory committee is responsible for ensuring that the board of directors and management of the credit union—

(1) Meet required financial reporting objectives and

(2) Establish practices and procedures sufficient to safeguard members’ assets.

(b) *Specific.* To carry out the responsibilities set forth in paragraph (a) of this section, the supervisory committee must determine whether:

(1) Internal controls are established and effectively maintained to achieve the credit union’s financial reporting objectives which must be sufficient to satisfy the requirements of the supervisory committee audit, verification of members’ accounts and its additional responsibilities;

(2) The credit union’s accounting records and financial reports are promptly prepared and accurately reflect operations and results;

(3) The relevant plans, policies, and control procedures established by the board of directors are properly administered; and

(4) Policies and control procedures are sufficient to safeguard against error, conflict of interest, self-dealing and fraud.

(c) *Mandates.* In carrying out the responsibilities set forth in paragraphs (a) and (b) of this section, the Supervisory Committee must:

(1) Ensure that the credit union adheres to the measurement and filing requirements for reports filed with the NCUA Board under §741.6 of this chapter;

(2) Perform or obtain a supervisory committee audit, as prescribed in §715.4 of this part;

(3) Verify or cause the verification of members’ passbooks and accounts against the records of the credit union, as prescribed in §715.8 of this part;

(4) Act to avoid imposition of sanctions for failure to comply with the requirements of this part, as prescribed in §§715.11 and 715.12 of this part.

[64 FR 41035, July 29, 1999, as amended at 69 FR 27828, May 17, 2004]

§715.4 Audit responsibility of the Supervisory Committee.

(a) *Annual audit requirement.* A federally-insured credit union is required to obtain an annual supervisory committee audit which occurs at least once every calendar year (period of performance) and must cover the period elapsed since the last audit period (period effectively covered).

(b) *Financial statement audit option.* Any federally-insured credit union, whether Federally- or State-chartered and regardless of asset size, may choose to fulfill its Supervisory Committee audit responsibility by obtaining an annual audit of its financial statements performed in accordance with GAAS by an independent person who is licensed to do so by the State or jurisdiction in which the credit union is principally located. (A “financial statement audit” is distinct from a
