

# Patient-Centered Communication in Cancer Care

## Contents

Foreword .....	ix
Preface .....	xi
Acknowledgments .....	xiii
List of Tables and Figures .....	xv
<b>Chapter 1.</b> A Patient-Centered Approach to Cancer Communication Research .....	1
1.1 Process of Communication. I: Capacity for Effective Patient-Clinician Communication	
1.2 Process of Communication. II: Aligning Patient and Clinician Perspectives	
1.3 Communication and Outcomes of Care	
1.4 Understanding the Importance of Context	
1.5 Conclusion	
<b>Chapter 2.</b> A Framework for Patient-Centered Communication in Cancer Care .....	17
2.1 Fostering the Patient-Clinician Relationship	
2.2 Exchanging Information	
2.3 Responding to Emotions	
2.4 Managing Uncertainty	
2.5 Making Decisions	
2.6 Enabling Patient Self-Management	
2.7 Conclusion	
<b>Chapter 3.</b> Pathways from Communication to Health Outcomes: Mediators and Moderators .....	39
3.1 The Fundamental Task: Explaining the Link between Communication and Outcomes	
3.2 A Conceptual Model of Communication and Outcomes	
3.3 Moderating Factors Affecting Communication Processes and the Relationship of Communication Process to Outcomes	
3.4 Multilevel Modeling	
3.5 Conclusion	
<b>Chapter 4.</b> Key Communication Tasks and Outcomes: The Cancer Care Continuum .....	67
4.1 Prevention Phase	
4.2 Screening Phase	
4.3 Diagnosis Phase	
4.4 Treatment Phase	
4.5 Survivorship Phase	
4.6 End-of-Life Phase	
4.7 The Real World of Cancer Care	
4.8 Conclusion	

<b>Chapter 5.</b> Methodological Challenges in Studying Clinical Communication in Cancer Care . . . . .	89
5.1	Measurement of Patient-Centered Communication
5.2	Mediators between Communication and Health Outcomes
5.3	Moderators of the Link between Communication and Health Outcomes
5.4	Study Design
5.5	Conclusion
<b>Chapter 6.</b> Summary, Conclusions, and Future Directions . . . . .	99
6.1	Summary of Chapters 1 through 5: Basic Principles, Functions, Mediators and Moderators, and Methodological Challenges
6.2	Gaps in the Literature and Important Areas for Future Research
6.3	Methodological Issues in Communication Research in Cancer Settings
6.4	A Timeline for Future Research
6.5	Conclusion
<b>Appendices</b>	
<b>Appendix A.</b> Communication and Healing Relationships in Cancer Settings . . . . .	131
A.1	Understanding the Patient-Clinician Relationship
A.2	Patient Participation in Care
A.3	Clinician Self-Awareness and Well-Being
A.4	Implications for Future Study
<b>Appendix B.</b> Information Exchange in Cancer Care . . . . .	137
B.1	Patients' Information Needs
B.2	Patients' Information Sources
B.3	Information Exchange
B.4	Patient Recall and Understanding
B.5	Implications for Future Study
B.6	Communicating Bad News
B.7	Communicating Prognosis
<b>Appendix C.</b> Recognizing and Responding to Emotional Distress in Cancer Consultations . . . . .	155
C.1	Benefits of Patients' Emotional Expression
C.2	Clinicians' Responsiveness to Patients' Emotional States
C.3	Emotional Well-Being as an Outcome of Patient-Clinician Communication
C.4	Implications for Future Study
<b>Appendix D.</b> Decision-Making in Cancer Care . . . . .	161
D.1	Decision-Making in the Screening Phase
D.2	Decision-Making in the Treatment Phase
D.3	Decision-Making in the End-of-Life Phase
<b>Appendix E.</b> Interventions to Improve Communication between Patients with Cancer and Clinicians . . . . .	173
E.1	Communication Skills Training for Clinicians
E.2	Cultural Competency Training for Clinicians
E.3	Communication Skills Training for Patients
E.4	Interventions at the Team, Practice, and Health Care Systems Levels to Improve Communication between Patients with Cancer and Clinicians
E.5	Implications for Future Study
<b>Appendix F.</b> Survey Instruments Used to Measure Patient and Clinician Communication Behavior in Cancer Settings . . . . .	183

<b>Appendix G.</b> Observation-based Instruments for Coding and Rating	
Patient-Clinician Communication . . . . .	195
NCI's Communication Resources . . . . .	201
