portion of the system be published for comment, ASPE invites comments on all portions of this notice. Elsewhere in today's **Federal Register**, a related final rulemaking establishing the State Long Term Care Partnership: Reporting Requirements for Insurers.

DATES: *Effective Date:* The new system of records, including routine uses, will become effective January 27, 2009 unless ASPE receives comments that require alteration to this notice.

ADDRESSES: Address comments to the Privacy Act Officer, Office of Assistant Secretary for Planning and Evaluation, U.S. Department of Health and Human Services, 200 Independence Ave, SW., Room Number 436E.2, Washington, DC 20201. The telephone number is (202) 205-8999 and the e-mail address is hunter.mckay@hhs.gov.

SUPPLEMENTARY INFORMATION:

The Partnership for Long Term Care initiative was mandated by Section 6021 of Public Law 109-171, the Deficit Reduction Act of 2005 (DRA). The Partnership allows states to offer special Medicaid asset disregards to persons purchasing specially certified long term care insurance policies. The asset disregards allow program participants to keep additional assets should they need to apply for Medicaid coverage of long term care. DRA also mandates the use of a standard reporting system for all insurers participating in a state Partnership for Long Term Care program through a Medicaid State Plan Amendment approved after May 14, 1993. Participating insurers are required to report data on Partnership policy purchasers, features of the policies they purchase, and, selected claims information.

The Privacy Act permits us to disclose information without the consent of individuals under a “routine use.” A routine use is a disclosure outside of the Department of Health and Human Services that is compatible with the purpose for which we collected the information. The proposed routine uses in the new system of records meet the compatibility criterion of the statute.
