General Chemical Storage Compatibility						
+ means these groups may be stored together in most cases Group 1 + Group 2+		Group 3 +*	* means store these groups AWAY from water and water sources Group 4 * Group 5 * Group 6 * Group 7 *			
Halogenated compounds	Ketones	Organic Acids	Aminies & Alkanolamines		Oxidizers	Inorganic acids
Olefins	Saturated hydrocarbons	Acid Anhydrides	Ammonia	Hydroxides	Nitrates	Hydrochloric
Alcohols, gylcols & gylcol ethers	Aromatic hydrocarbons	Acetic Acid		Carbonates	Persulfates	Sulfuric
Phenol	Oils					Phosphoric
Chloroform	Aldehydes					Halogens
Dyes & Stains	Olefins					
Ethidium bromide	Esters					
	Formaldehyde
