

§ 200.16 Starting points.

(a) Using data from the 2001–2002 school year, each State must establish starting points in reading/language arts and in mathematics for measuring the percentage of students meeting or exceeding the State’s proficient level of academic achievement.

(b) Each starting point must be based, at a minimum, on the higher of the following percentages of students at the proficient level:

(1) The percentage in the State of proficient students in the lowest-achieving subgroup of students under § 200.13(b)(7)(ii).

(2) The percentage of proficient students in the school that represents 20 percent of the State’s total enrollment among all schools ranked by the percentage of students at the proficient level. The State must determine this percentage as follows:

(i) Rank each school in the State according to the percentage of proficient students in the school.

(ii) Determine 20 percent of the total enrollment in all schools in the State.

(iii) Beginning with the lowest-ranked school, add the number of students enrolled in each school until reaching the school that represents 20 percent of the State’s total enrollment among all schools.

(iv) Identify the percentage of proficient students in the school identified in paragraph (iii).

(c)(1) Except as permitted under paragraph (c)(2) of this section, each starting point must be the same throughout the State for each school, each LEA, and each group of students under § 200.13(b)(7).

(2) A State may use the procedures under paragraph (b) of this section to establish separate starting points by grade span.

(Authority: 20 U.S.C. 6311(b)(2))

[67 FR 71716, Dec. 2, 2002]

§ 200.17 Intermediate goals.

Each State must establish intermediate goals that increase in equal increments over the period covered by the timeline under § 200.15 as follows:

(a) The first incremental increase must take effect not later than the 2004–2005 school year.

(b) Each following incremental increase must occur in not more than three years.

(Authority: 20 U.S.C. 6311(b)(2))

[67 FR 71716, Dec. 2, 2002]

§ 200.18 Annual measurable objectives.

(a) Each State must establish annual measurable objectives that—

(1) Identify for each year a minimum percentage of students that must meet or exceed the proficient level of academic achievement on the State’s academic assessments; and

(2) Ensure that all students meet or exceed the State’s proficient level of academic achievement within the timeline under § 200.15.

(b) The State’s annual measurable objectives—

(1) Must be the same throughout the State for each school, each LEA, and each group of students under § 200.13(b)(7); and

(2) May be the same for more than one year, consistent with the State’s intermediate goals under § 200.17.

(Authority: 20 U.S.C. 6311(b)(2))

[67 FR 71716, Dec. 2, 2002]

§ 200.19 Other academic indicators.

(a) Each State must use the following other academic indicators to determine AYP:

(1) *High schools.* (i) The graduation rate for public high schools, which means—

(A) The percentage of students, measured from the beginning of high school, who graduate from high school with a regular diploma (not including an alternative degree that is not fully aligned with the State’s academic standards, such as a certificate or a GED) in the standard number of years; or

(B) Another definition, developed by the State and approved by the Secretary in the State plan, that more accurately measures the rate of students who graduate from high school with a regular diploma as defined in paragraph (a)(1)(i)(A) of this section.

(ii) In defining graduation rate, the State must avoid counting a dropout as a transfer.

(2) *Elementary and middle schools.* At least one academic indicator for public
