# NIH eRA Commons Release Notes Version 2.7.3.12

## IAR Grant Folder

A modification has been implemented for IAR's Grant Folder to correctly access the Prior Summary Statement. For IAR Reviewers, if a prior summary statement exists, a hypertext link displays on-screen.

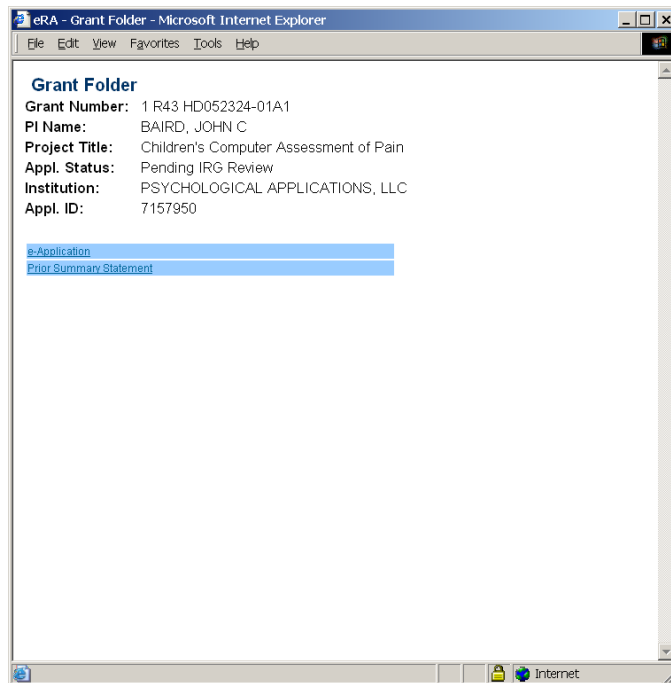

Figure 1 IAR Grant Folder.

- Select the [Prior Summary Statement](#) hypertext link to open or download the PDF document.

---

**NOTE:** For applications that without a prior application in the database, the Prior Summary Statement hypertext link will not display.
