

1st Announcement
Circumpolar Viral Hepatitis Working Group Meeting
Copenhagen, Denmark

When: 16 October (Tuesday) to 17 October (Wednesday), 2007

Where: The Danish Polar Center, Copenhagen, Denmark

The purpose of this meeting is to bring together researchers from Alaska, Canada, Denmark, Greenland, Russia and other Countries to develop collaborative research projects on viral hepatitis and liver disease in the Arctic, especially in Indigenous Populations that can be initiated during the International Polar Year 2007-2008 and beyond. We look forward to your attendance and participation at this meeting.

Sponsored by:

The International Union for Circumpolar Health
WHO Europe

The Statens Serum Institut

The Alaska Native Tribal Health Consortium

The Arctic Investigations Program and Division of Viral Hepatitis, Centers
for Disease Control and Prevention
