

§ 74.33

(b) The recipient shall obtain written approval from the HHS awarding agency for the use of real property in other federally-sponsored projects when the recipient determines that the property is no longer needed for the purpose of the original project. Use in other projects shall be limited to those under federally-sponsored projects (i.e., awards) or programs that have purposes consistent with those authorized for support by the HHS awarding agency.

(c) When the real property is no longer needed as provided in paragraphs (a) and (b) of this section, the recipient shall request disposition instructions from the HHS awarding agency or its successor. The HHS awarding agency must provide one or more of the following disposition instructions:

(1) The recipient may be permitted to retain title without further obligation to the Federal Government after it compensates the Federal Government for that percentage of the current fair market value of the property attributable to the Federal share in the project.

(2) The recipient may be directed to sell the property under guidelines provided by the HHS awarding agency and pay the Federal Government for that percentage of the current fair market value of the property attributable to the Federal share in the project (after deducting actual and reasonable selling and fix-up expenses, if any, from the sales proceeds). When the recipient is authorized or required to sell the property, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

(3) The recipient may be directed to transfer title to the property to the Federal Government or to an eligible third party provided that, in such cases, the recipient shall be entitled to compensation for its attributable percentage of the current fair market value of the property.

§ 74.33 Federally-owned and exempt property.

(a)(1) Title of federally-owned property remains vested in the Federal Government. Recipients shall submit

45 CFR Subtitle A (10-1-07 Edition)

annually an inventory listing of federally-owned property in their custody to the HHS awarding agency. Upon completion of the award or when the property is no longer needed, the recipient shall report the property to the HHS awarding agency for further agency utilization.

(2) If the HHS awarding agency has no further need for the property, it shall be declared excess and reported to the General Services Administration, unless the HHS awarding agency has statutory authority to dispose of the property by alternative methods (e.g., the authority provided by the Federal Technology Transfer Act, 15 U.S.C. 3710(l), to donate research equipment to educational and nonprofit organizations in accordance with E.O. 12821, "Improving Mathematics and Science Education in Support of the National Education Goals"). Appropriate instructions shall be issued to the recipient by the HHS awarding agency.

(b) For research awards to certain types of recipients, 31 U.S.C. 6306 authorizes HHS to vest title to property acquired with Federal funds in the recipient without further obligation to the Federal government and under conditions that HHS considers appropriate. Such property is "exempt property". Exempt property shall not be subject to the requirements of § 74.34, except that it shall be subject to paragraphs (h)(1), (2), and (4) of that section concerning the HHS awarding agency's right to require transfer.

§ 74.34 Equipment.

(a) Title to equipment acquired by a recipient with HHS funds shall vest in the recipient, subject to the conditions of this section.

(b)(1) The recipient shall not use equipment acquired with HHS funds to provide services to non-Federal organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute, for so long as the Federal Government retains an interest in the equipment.

(2) If the equipment is owned by the Federal Government, use on other activities not sponsored by the Federal
