

## Celebrating Nursing Science: The Research-Practice Link

June 16, 2006

### Poster Session

Abstract Number	Presenter	Poster Title
2	Rita Pickler, PhD, RN, PNP Virginia Commonwealth University Richmond, Virginia	Prediction of feeding outcomes in preterm infants
3	Joy Lucas, RN, MSN, CCRN Innova Loudoun Hospital Leesburg, Virginia	Performance improvement evaluation (PIE) of the cost-effectiveness of standard endotracheal tubes versus endotracheal tubes with continuous subglottic suctioning in the reduction of ventilator pneumonia in a community hospital
4	Teresa Sturnfield, BS, RN, CWOCN RML Specialty Hospital Hinsdale, Illinois	Will consistent stabilization of the indwelling catheter decrease the urinary tract infection rate in patients in a long-term acute care hospital?
5	Carolyn Strimike, RN, NP St. Joseph's Regional Med Center Paterson, New Jersey	The metabolic syndrome is underdiagnosed in women
6	Hannah Megacz, BSN, RN NYU Medical Center ER New York, New York	A better way to sort and to serve our patients: Implementation of the emergency severity index triage algorithm at the NYUMC ED
7	Yukiko Leonard, RNFA Inova Loudoun Hospital Leesburg, Virginia	Case study of the use of flash sterilization in the operating room and post-operative infection rates
8	Catherine Stuart, MSN, CNS, FPMH-NP Inova Loudoun Hospital Leesburg, Virginia	Performance improvement initiative of the incidence of symptoms experienced following implementation of mild to moderate alcohol detoxification protocol
9	Kathleen Bobay, PhD, APRN, BC Marquette University Milwaukee, Wisconsin	Failure to rescue: A preliminary study
10	Susan Sullivan-Bolyai, DNSc, CNS, RN UMASS, Worcester Worcester, Massachusetts	Post HIPAA recruitment issues and strategies for the clinical setting
11	Carolyn Strimike, RN, NP St. Joseph's Regional Med Center Paterson, New Jersey	Nurses need information and education to promote and practice women's cardiovascular disease prevention
12	Joseph Tariman, NP, MSN, APRN, BC, OCN Northwestern Med Facility Foundation Chicago, Illinois	Quality of life (QOL) in older adults undergoing autologous stem cell transplant (ASCT)
14	Migdalia Rivera-Goba, EdD, RN NIH, Clinical Center Bethesda, Maryland	Interdisciplinary collaboration: A winning combination for translating rheumatic disease measures into Spanish
17	Karen Speroni, PhD, RN Inova Loudoun Hospital Leesburg, Virginia	Pilot studies implementing the Kids Living Fit Program™ on fitness and lifestyle choices to decrease childhood obesity

<b>Abstract Number</b>	<b>Presenter</b>	<b>Poster Title</b>
18	Donna Jo McCloskey, PhD, RN NIH, National Institute of Nursing Research Bethesda, Maryland	The relationship between organizational factors and nurse factors affecting the conduct and utilization of nursing research
19	Lisa Dugan, MSN, RN, CAN, BC Inova Loudoun Hospital Leesburg, Virginia	A performance improvement evaluation measuring the sensitivity and reliability of the QuadraMed Indicator Detail Report in predicting discharge readiness
20	Sheri Gollins, RDH, BSDH NIH, National Institute of Dental and Craniofacial Research Bethesda, Maryland	The win-win of collaboration: A new partnership in quality patient care
21	Margaret Bevans, PhD, RN NIH, Clinical Center Bethesda, Maryland	Quality of life in patients undergoing non-myeloablative (NST) versus myeloablative (MT) allogeneic peripheral blood stem cell transplantation (PBSCT)
22	Margaret Bevans, PhD, RN NIH, Clinical Center Bethesda, Maryland	An exploratory analysis of symptom experience at days 30 and 100 following allogeneic hematopoietic stem cell transplantation (AH SCT)
23	Marilyn Kelly, MS, RN NIH, Clinical Center Bethesda, Maryland	Physical function is impaired but QOL preserved in patients with fibrous dysplasia of bone
24	Dorothy Herron, PhD, APRN, BC University of N. Carolina at Greensboro Greensboro, North Carolina	Teaching clinical nurse specialist students how to involve their nursing staffs in the utilization of evidence-based practice
25	Cynthia Eller, RN, BSN Reston Hospital Center Reston, Virginia	Nurses' perceptions and patients' satisfaction with patient education
26	Rose McConnell, BSN, RN, ACRN NIH, Clinical Center Bethesda, Maryland	Effect of long cycle structured intermittent versus continuous HAART on QOL in patients with chronic HIV
27	Jan Yates, PhD, RN NIH, Clinical Center Bethesda, Maryland	Taking research to the bedside: Improving dyspnea assessments
28	Paul Hoernes, DA NIH, Clinical Center Bethesda, Maryland	Implementing evidence based practice in daily tracheostomy care
29	Rebecca Toth, RN Reston Hospital Center Reston, Virginia	Patient characteristics and nursing workload in a medical/oncology unit
30	Jane Fall-Dickson, PhD, RN NIH, National Institute of Nursing Research Bethesda, Maryland	Stomatitis-related oropharyngeal pain experience and TNF alpha expression in peripheral blood stem cell transplantation patients: A pilot study
31	Karen Speroni, PhD, RN Inova Loudoun Hospital Leesburg, Virginia	Cost-effectiveness of influenza vaccines for hospital employees

<b>Abstract Number</b>	<b>Presenter</b>	<b>Poster Title</b>
32	Nonniekaye Shelburne, RN, MS, AOCN, CRNP NIH, Clinical Center Bethesda, Maryland	The development of an algorithm managing acute delirium in patients undergoing allogeneic stem cell transplantation (SCT)
33	Mary L. Hook, MS, APRN, BC Aurora Health Care West Allis, Wisconsin	Perceptions of fall risk in community-dwelling elders
34	Janice Feigenbaum, PhD, RN University of Buffalo School of Nursing Buffalo, New York	Integration of Watson's theory of caring and the transtheoretical model of change
35	Martha Woolery, RN, MN, CPON NIH, Clinical Center Bethesda, Maryland	A meta-analysis of body temperature measurements: A comparison of non-invasive temporal thermometry to core thermometry measures
36	Charles Larew, PhD, RN University of Maryland, Baltimore Baltimore, Maryland	Perceived care giving demands, family resiliency factors and quality of life outcomes for family caregivers of traumatic brain injury victims during acute hospitalization
37	Carrie Sutara, RN, BSN Reston Hospital Center Reston, Virginia	Reliability and validity of the pediatric asthma scoring tool (PAST)
38	Sandra Mitchell, CRNP, MSN, AOCN NIH, Clinical Center Bethesda, Maryland	Fatigue during and following cancer and its treatment: A qualitative metasynthesis
39	Sandra Mitchell, CRNP, MSN, AOCN NIH, Clinical Center Bethesda, Maryland	Feasibility and reproducibility of the new NIH consensus criteria to evaluate response in GvHD: A pilot study
40	Susan Marden, PhD, RN NIH, National Institute of Nursing Research Bethesda, Maryland	Modeling the influence of technology dependency on health-related quality of life
41	Kathryn Patterson, RN, MSN, CDE Reston Hospital Center Reston, Virginia	The effect of exposure to air on glucose reagent strip accuracy
42	Lori Purdie, RN NIH, Clinical Center Bethesda, Maryland	Exploring patient-provider trust among individuals with end-stage renal disease
