

Commons Working Group

"One-View"

January 12, 2005

Commons to IMPACII Logon Trend

Facts

- ❖ Over 2,000 Grantee Institutions Registered in the Commons
 - 95% of all awarded applications (2002-2004)
- ❖ 50,000 Grantees Registered with Account
 - 66% of PIs receiving an award have a Commons Account (55% of ALL PIs)
- ❖ 720 JITs Submitted in 2004 (15%)
- ❖ 3700 eSNAPs Submitted (13%)
- ❖ Closeout in Commons February 2005

Systemic Issues

- ❖ Conservative 10% Estimated Error Rate on Commons Transactions such as eSnap, JIT, and soon Closeout (Fixes require Paper Process).
- ❖ Internal Staff seeing Different View of Data than External Grantees (3 day delay in display of Award, Summary Statement, Scores)
- ❖ Program Official/Grants Specialist /SRA Require Same View as Grantee
- ❖ HHS OpDivs into Commons Difficult until Full Work-Flow deployed
- ❖ Workflow does not end at SO Submission to NIH (it begins there)

2004 Priority

- ❖ Delivered Closeout/Content Management (February 2005)
- ❖ Designed/Began Development of Org Hierarchies
- ❖ Developed eNotification engine
- ❖ HHS OPDIVs into eRA (not Commons)
- ❖ Contracts (September 2005)
- ❖ Identified Workflow Architecture
- ❖ Developed Integrated Approach for 2005 and beyond called "One-View"

One-View

- ❖ One View is an integrated approach to initiate and process all eRA transactions electronically. It consists of three primary parts:
 - **Single Login for all eRA applications – Including Commons**
 - **Single method for notification of actions/events**
 - **Single interface to initiate and process a request, regardless of context (within HHS and Grantee Community)**

One-View 2005 Objectives

- ❖ Single login for eRA (External and Internal)
- ❖ Single login includes eNotification events
 - Email
 - UI Display of Event (Acknowledge/Process)
 - Web Service Through Exchange (Really 2006)
- ❖ Historical record of notification events
- ❖ Consolidated storage of all requests/transactions into the Grant Folder ("Other Relevant Documents")
 - Updated UI
 - Project View instead of Grant View
 - Hierarchy Rights for Permissions to View
 - Include all appropriate Documents
- ❖ Standard method for requests and transactions (Internal/External)

Demo

- ❖ Notification of Events in Status
- ❖ One-View Prototype

Transactions Supported in 2005

- ❖ Administrative Supplement
- ❖ Carryover (of Un-obligated Balances)
- ❖ Change of Dual IC(s)
- ❖ Change of Institution
- ❖ Change of PI
- ❖ Change of Primary IC (901)
- ❖ Change in Scope
- ❖ Change in Status of Key Personnel
- ❖ Closeout Final Invention Statement
- ❖ Closeout Final Progress Report
- ❖ Closeout FSR
- ❖ eCorrection, Full Replacement
- ❖ eCorrection, Addendum
- ❖ eSNAP
- ❖ eSubmission Approval
- ❖ Fellowship Activation
- ❖ JIT
- ❖ Project Extension
- ❖ Retention of Research Grant Funds
- ❖ Others will have Policy and Instructions

Timeline for Deployment

- ❖ May/June 2005 – eNotifications for Public Access and Status (IC Assigned, Council Assigned, etc.)
- ❖ October 2005 – Organizational Hierarchy (RIGHTS) in Commons
- ❖ December 2005 – Modified Transactions (One-View)

One-View 2006 Goals (Affecting External Community)

- ❖ Declaration that all requests be done online/electronically
- ❖ HHS OPDIVs fully integrated into Commons
- ❖ Redo Delegation!!!
- ❖ Expand Org Hierarchies/Flexible Permissions in GM/901 and then eRA.
- ❖ Include One View for xTrain through to HHS
- ❖ Increase the number of electronic requests supporting all of eRA and fully automate existing ones.

Request for Comments

- ❖ Organizational Hierarchies
- ❖ One-View (February 15th)
