- ◆ **Status** - Allows Principal Investigators to review the current status of all their grant applications and review detailed information associated with their grants. Institution Officials (i.e., Signing Official (SO) or Administrative Official (AO) associated with the institution) can see a summary view of grant applications, review the Notice of Grant Award, and access the Progress Report face page.
- ◆ **eSNAP** - Allows an institution to review non-competing grant data and submit a progress report online.
