

# **Ad Hoc Query Tool for Internal NIH and Commons Users**

**Commons Working Group  
September 21, 2003**

# Plethora of eRA Query Tools

- Confusing for users – too many choices!
- Users want features provided in newer tools to be reproduced in older tools - duplicative functionality inefficient use of resources
- Desire to provide same interface for query & retrieval to IMPAC II (internal) & Commons (registered external) users
