

§ 800.135

(2) *Reporting review of weighing results.* When the review of weighing service results indicate that the original weighing results were correct, the applicant will be notified in writing. When the original weighing service results are incorrect, a corrected weight certificate or, if applicable, a corrected combination inspection and Class X weight certificate will be issued according to the provisions of § 800.165.

(b) *Required statements on reinspection certificates.* Each reinspection certificate shall show the statements required by this section, § 800.161, and applicable instructions.

(1) Each reinspection certificate must clearly show (i) the term "Reinspection" and (ii) a statement identifying the superseded certificate. The superseded certificate will be considered null and void as of the date of the reinspection certificate.

(2) When official grade or official factors, Class X weighing results, and official criteria are reported on the same certificate, the reinspection certificate shall show a statement indicating that the reinspection results are based on official grade, or official factors, or official criteria and that all other results are those of the original service.

(3) If the superseded certificate is in the custody of the agency or field office, the superseded certificate shall be marked "Void." If the superseded certificate is not in the custody of the agency or field office at the time the reinspection certificate is issued, a statement indicating that the superseded certificate has not been surrendered shall be shown on the reinspection certificate.

(4) As of the date of issuance of the official certificate, the superseded certificate for the original service will be void and shall not be used to represent the grain.

(5) When certificates are issued under paragraph (a)(1) of this section, the reinspection certificate shall show a statement indicating that the results replaced the original results and that the reinspection certificate is not valid for trading purposes.

APPEAL INSPECTION SERVICES

§ 800.135 Who may request appeal inspection services.

(a) *General.* Any interested person may request appeal inspection or Board appeal inspection services, except as provided for in § 800.86(c)(5). When more than one interested person requests an appeal inspection or Board appeal inspection service, the first person to file is the applicant of record. Only one appeal inspection may be obtained from any original inspection or reinspection service. Only one Board appeal inspection may be obtained from an appeal inspection. Board appeal inspections will be performed on the basis of the official file sample. Board appeal inspections are not available on stowage examination services.

(b) *Kind and scope of request.* An appeal inspection service is limited to the kind and scope of the original or reinspection service; or, in the case of a Board Appeal inspection service, the kind and scope of the appeal inspection service. If the request specifies a different kind or scope, the request shall be dismissed but may be resubmitted as a request for original services. Provided, however, that an applicant for service may request an appeal or Board Appeal inspection of a specific factor(s), official grade and factors, or official criteria. In addition, appeal and Board Appeal inspections for grade may include a review of any pertinent factor(s), as deemed necessary by official personnel. Official criteria are considered separately from official grade or official factors when determining kind and scope. When requested, an appeal inspection for grade, or official factors, and official criteria may be handled separately even though both results are reported on the same certificate. Moreover, an appeal inspection may be requested on the inspection results when both inspection and Class X weighing results are reported on a combination inspection and Class X weight certificate.
