§ 783.1 Applicability.

This part governs and provides the requirements and authorities for administration of the Tree Assistance Program (TAP) of the Farm Service Agency. This program shall operate only to the extent funds are appropriated for this program. Payments will be limited to lost eligible trees, bushes or vines, and all claims are subject to the availability of funds.

§ 783.2 Administration.

(c) The State committee shall take any action required by the regulations of this part that the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct any action taken by such county committee that is not in accordance with the regulations of this part; or

(e) The Deputy Administrator may authorize State and county committees to waive or modify deadlines, except statutory deadlines, and other non-statutory requirements in cases where lateness or failure to meet such other requirements does not adversely affect operation of the program.

(f) Data furnished by the applicants will be used to determine eligibility for program benefits. Although participation in TAP is voluntary, program benefits will not be provided unless the participant furnishes all requested data.

§ 783.3 Definitions.

(a) The definitions in part 718 of this chapter apply to TAP except when they conflict with paragraph (b) of this section.

(b) The following definitions apply to TAP:

Eligible orchardist means an individual, or legal entity, including an Indian tribe as defined under the Indian Self-Determination and Education Assistance Act; an Indian organization or entity chartered under the Indian Reorganization Act; a tribal organization as defined under the Indian Self-Determination Education and Assistance Act; or, an economic enterprise as defined under the Indian Financing Act of 1974, which owns a tree, bush or vine as defined in this part.

Eligible tree means, a tall, woody plant having comparatively great height, as determined by the Deputy Administrator, and a single trunk from which an annual crop is produced for commercial purposes, such as maple tree for syrup, papaya tree, or orchard tree.
