

National Advisory Research Resources Council (NARRC)

Department of Health and Human Services
National Institutes of Health
National Center for Research Resources

140th Meeting
September 16, 2008
Building 31, 6th Floor, Conference Room 10
31 Center Drive (NIH Main Campus)
Bethesda, Maryland 20892

Open portion of the Council meeting will be webcast. See "Today's Events" at <http://videocast.nih.gov/>

Open Portion: Presentations with Council Discussion 8:00 a.m. – 1:30 p.m.

8:00 – 8:20 a.m.	Rollout of the NCRR Strategic Plan 2009-2013	Introduced by Dr. Barbara Alving Director, NCRR
8:20 – 9:00 a.m.	NCRR Director's Report and Council Discussion	Dr. Barbara Alving
9:00 – 9:40 a.m.	Featured NCRR Council Speaker: <i>New Proteomics Technologies: From Systems Biology Research to Broad Clinical Application</i> Dr. Smith will describe the technological advances being pursued at the Proteomics Research Resource for Integrative Biology, a Biomedical Technology Research Resource located at Pacific Northwest National Laboratory, as well as the impact of these unique capabilities on a range of biomedical applications.	Dr. Richard Smith PI at the Proteomics Research Resource for Integrative Biology, Pacific Northwest National Laboratory
9:40 – 10:20 a.m.	Update on CTSA Activities: <i>Workshop on Clinical Research Management</i> The Clinical and Translational Science awardees have given high priority to improving the quality and management of clinical research. This presentation will review the outcome of a recent meeting.	Dr. Daniel Ford Professor of Medicine, Vice Dean for Clinical Investigation and CTSA PI Johns Hopkins School of Medicine
10:20 – 10:35 a.m.	Break	

10:35 – 11:10 a.m.	<p>Response to the Evaluation of the P41 Program: <i>An Integrated Approach to Improving NCRR's Biomedical Technology Research Resources</i> An important aspect of NCRR's stewardship of ongoing programs is their periodic evaluation. This presentation will report on progress in responding to recommendations made in the 2007 evaluation of the BTRR program.</p>	<p>Dr. Douglas Sheeley Health Scientist Administrator, Division of Biomedical Technology, NCRR</p>
11:10 – 11:30 a.m.	<p>Working Group Report: <i>National Synchrotron Light Source (NSLS) II</i> NSLS II is a new DOE synchrotron facility under construction. A working group convened in April 2008 discussed its capabilities and capacity need for the life sciences research community.</p>	<p>Dr. Amy Swain Health Scientist Administrator, Division of Biomedical Technology, NCRR</p>
11:30 – 11:50 a.m.	<p>Working Group Report: <i>The Chimpanzee Sanctuary</i> This report will provide a brief overview of the initial activities of this working group, including a site visit and discussion of present and future endeavors.</p>	<p>Dr. Terry Maple Professor Psychology Department Georgia Tech University</p>
11:50 – 12:20 p.m.	<p>Program Update: <i>Institutional Development Award (IDeA)</i> This report will present updates on IDeA initiatives, specifically INBRE, COBRE, and IDeANet activities. It will also review the progress made in IDeA states and the ongoing evaluations of IDeA state eligibility to participate in this program.</p>	<p>Dr. Barbara Alving</p>
12:20 – 12:30 p.m.	<p>Notification of Planned Workshop: <i>Control of Select Pathogens in Animal Facilities</i> The workshop will address problems and challenges with the detection, control, and elimination of emerging pathogens.</p>	<p>Dr. Franziska Grieder Director, Division of Comparative Medicine, NCRR</p>
12:30 – 1:30 p.m.	<p>Lunch</p>
