## STAT-USA®/Internet™ Update

There have been several additions to STAT-USA/Internet in recent months. *Take a look!*

## FedBizOpps “Awarded” Data

The [FedBizOpps](#) (formerly the Commerce Business Daily) lists federal government procurement opportunities that are valued at over \$25,000. Previously, customers could just search, monitor and retrieve opportunities solicited by the federal contracting community. Now, the date, value and the company awarded the contract are viewable as well! And remember, the FedBizOpps leads are in addition to the 30,000+ [Defense Logistics Agency](#) leads we post each month.

## State Data

We've also updated the state data section of the [State of the Nation Library](#) with the following series:

- **BEA Regional (BEARFacts) reports** – Annual state personal income using current estimates, growth rates and a breakdown of the sources of personal income from the Bureau of Economic Analysis.
- **BLS Economy at a Glance reports** – Monthly state labor force, mass layoffs, and wage and salary employment statistics from the Bureau of Labor Statistics.

## 2008 Statistical Abstract

The latest edition of the [Statistical Abstract](#) is available in the State of the Nation Library. This update continues to provide the statistics on the social, political and economic organization of the United States. In addition to the national data, there is also a wealth of regional, state, city, and county statistics included in the tables. Puerto Rico and other U.S. island territory statistics are also available.

*If you have any questions regarding these new additions or in general, please contact STAT-USA at 1-800-STAT-USA (800-782-8872) or [statmail@doc.gov](mailto:statmail@doc.gov).*
