About the EEOC

The EEOC enforces the federal laws against job discrimination and harassment.

Our goal is to eliminate illegal discrimination from the workplace for all workers.

Need to File a Complaint?

If you have been the victim of illegal job discrimination, you can file a formal complaint with the EEOC.

We will investigate your complaint and then take action to stop any illegal discrimination.

Complaints may be filed by mail or in person at the nearest EEOC office. Our services are free.
