Labor Selects Interior as Human Resources Service Provider

DOI's National Business Center to Become DOL's Human Resources LOB Shared Service Center Provider

Washington DC - Department of the Interior's National Business Center announced today that it has been selected as the Department of Labor's Human Resources Line of Business Shared Service Center Provider. NBC will provide human resource core services for payroll operations and Human Resources Information Systems (HRIS) through its in-house state-of-the-art Federal Personnel Payroll System (FPPS). In addition to the core services, NBC will provide Labor with data warehouse reporting and query tools through its DataMart, including migration of historical data, and
