

NOTICE OF OFFICE OF MANAGEMENT AND BUDGET ACTION

Date 10/02/2006

Department of Commerce
National Oceanic and Atmospheric Administration
FOR CERTIFYING OFFICIAL: Barry West
FOR CLEARANCE OFFICER: Diana Hynek

In accordance with the Paperwork Reduction Act, OMB has taken action on your request received 07/10/2006

ACTION REQUESTED: Extension without change of a currently approved collection
TYPE OF REVIEW REQUESTED: Regular
ICR REFERENCE NUMBER: 200607-0648-004
TITLE: NOAA Coastal Ocean Program Grants Proposal Application Package
LIST OF INFORMATION COLLECTIONS: See next page

OMB ACTION: Approved without change
OMB CONTROL NUMBER: 0648-0384

The agency is required to display the OMB Control Number and inform respondents of its legal significance in accordance with 5 CFR 1320.5(b).

EXPIRATION DATE: 10/31/2009

DISCONTINUE DATE:

BURDEN:	RESPONSES	HOURS	COSTS
Previous	1,000	1,100	0
New	400	900	0
Difference			
Change due to New Statute	0	0	0
Change due to Agency Discretion	-600	-200	0
Change due to Agency Adjustment	0	0	0
Change Due to Potential Violation of the PRA	0	0	0

TERMS OF CLEARANCE:

OMB Authorizing Official:

John F. Morrall III
Acting Deputy Administrator,
Office Of Information And Regulatory Affairs

19. Certification for Paperwork Reduction Act Submissions

On behalf of this Federal Agency, I certify that the collection of information encompassed by this request complies with 5 CFR 1320.9

NOTE: The text of 5 CFR 1320.9, and the related provisions of 5 CFR 1320.8(b)(3), appear at the end of the instructions. *The certification is to be made with reference to those regulatory provisions as set forth in the instructions.*

The following is a summary of the topics, regarding the proposed collection of information, that the certification covers:

- (a) It is necessary for the proper performance of agency functions;
- (b) It avoids unnecessary duplication;
- (c) It reduces burden on small entities;
- (d) It used plain, coherent, and unambiguous terminology that is understandable to respondents;
- (e) Its implementation will be consistent and compatible with current reporting and recordkeeping practices;
- (f) It indicates the retention period for recordkeeping requirements;
- (g) It informs respondents of the information called for under 5 CFR 1320.8(b)(3):
 - (i) Why the information is being collected;
 - (ii) Use of information;
 - (iii) Burden estimate;
 - (iv) Nature of response (voluntary, required for a benefit, mandatory);
 - (v) Nature and extent of confidentiality; and
 - (vi) Need to display currently valid OMB control number;
- (h) It was developed by an office that has planned and allocated resources for the efficient and effective management and use of the information to be collected (see note in Item 19 of instructions);
- (i) It uses effective and efficient statistical survey methodology; and
- (j) It makes appropriate use of information technology.

If you are unable to certify compliance with any of the provisions, identify the item below and explain the reason in Item 18 of the Supporting Statement.

**SUPPORTING STATEMENT
NOAA COASTAL OCEAN PROGRAM GRANTS PROPOSAL APPLICATION
PACKAGE
OMB CONTROL NO. 0648-0384**

A. JUSTIFICATION

1. Explain the circumstances that make the collection of information necessary.

Beginning in the late FY1998 the National Ocean Service (NOS), NOAA's Coastal Ocean Program (COP) was able to provide direct financial assistance in the form of discretionary research Grants and cooperative Agreements under its own program for the management of coastal ecosystems. COP financial assistance had been previously provided to non-profit organizations and educational institutions through joint participation in the Sea Grant omnibus vehicle.

The COP is part of a unique federal-academic partnership designed to provide predictive capability for managing coastal ecosystems. COP supports research on critical issues associated with the Nation's estuaries, coastal waters and the Great Lakes, and translates its finding into accessible information for coastal managers, planners, lawmakers and the public. COP's projects are multi-disciplinary, large in scale and long in duration (usually three to five years). Grants monies are available for related activities. Multi year funding will be funded incrementally.

All potential NOAA COP grant recipients are required to submit the Standard Form used by NOAA for Federal grants as follows: SF-424, the SF-424A, Budget Information for Non-Construction Programs; the SF-424B, Assurances for Non-Construction Programs; the CD-511 and 512 Certifications and the SF-LLL (if applicable). Due to the fact that many COP projects are in partnership with inter-agency competitive research programs, OMB approval is requested for the following information collection.

At the time of application, COP grant applicants will be asked to include a COP Project Summary (Abstract) Form in addition to the standard application requirements for Federal grants. A copy of the proposed form is attached with this request. The main purpose of this information collection is to enable COP to provide a summary of each proposed project. The information gathered will enable COP to properly evaluate proposals in a collaborative environment with its partner agencies.

Grant recipients will be required to file COP Annual Progress Reports and a COP Project Final Report. The proposed formats for this information are attached to this request. The COP Annual Progress Report and the COP Project Final Report will provide a consistent, detailed format to grantees.

Project Summary (Abstract) Form:

The Project Summary (Abstract) Form provided at time of application includes a statement of objectives, methods to be employed and the significance of the proposed activity to the advancement of knowledge or education. This information collection shall not be more than one page in length and must be written in the third person. The summary is used to help compare proposals quickly and allows the respondents to summarize these key points in their own words.

Reporting Requirements:

Consistency in reporting requirements for competitive research grant programs is desirable and this is behind COP's efforts in proposing a standardized format/form. In accordance with current OMB guidance, recipients are responsible for managing and monitoring each project, program, subaward, function or activity supported by an award. The Federal awarding agency prescribes the frequency with which the performance reports shall be submitted, which typically shall not be required more frequently than quarterly or less frequently than annually. A final report will be required upon expiration or termination of grant support.

Format – Annual Performance Report:

The format chosen provides the minimum information required by this program to evaluate the project's progress with respect to its goals and objectives, schedule for accomplishments, and application to resource management. It has been determined that will respect to research, semi-annual reports are an unnecessary reporting burden, especially for large multi-investigator projects typical of the COP. The request for annual performance reports has been accepted and approved by the NOAA Grants Management Division for COP-sponsored grants or cooperative agreements.

Format – Final Report:

The use of the Project Final Report format provides the level of detail required to evaluate the effort invested by investigators and staff on project management; any actual accomplishments and research findings; and what goals and objectives were attained. The proposed final report format is compatible with the format in use by other agencies that participate in joint projects with COP, e.g. the National Science Foundation (NSF).

2. Explain how, by whom, how frequently, and for what purpose the information will be used.

Project Summary (Abstract) Form:

The summary is used to help compare proposals quickly by the reviewing officials in the competitive process. It is submitted at time of application.

Annual Report Format:

For the proposed progress report format, the first section is taken from the COP-implementation plan and has some advantages in that previously-funded investigators will be familiar with the format. Use of this format will provide COP with the necessary information required to evaluate performance for the purpose of renewal of research grants. Since COP's grants are typically three to five years in duration, one annual report will be requested at the end of each year funded. A copy of the annual progress report is maintained in the COP Program Information File and it is electronically transmitted to GMD through the NOAA Grants On Line system.

Final Report Format:

Final reports are reviewed to determine if any information products were delivered by the recipient. In addition, the final report is used as a management tool by program managers to determine recipient compliance and performance with the terms and conditions of the grant.

3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological techniques or other forms of information technology.

There is Web availability of the grant application kit on the COP's home page at: <http://www.cop.noaa.gov/>. The Web site offers the public the ability to print all COP – required forms with accompanying instructions from the internet. Applicants are able to electronically submit grant applications at: www.grants.gov and the progress reports can be submitted electronically by those recipients having electronic access at: <https://grantsonline.rdc.noaa.gov/flows/home/Login/verifyLogin.do>.

4. Describe efforts to identify duplication.

No duplication has been identified. The new format avoids unnecessary duplication.

5. If the collection of information involves small businesses or other small entities, describe the methods used to minimize burden.

The program does not significantly impact small business entities.

6. Describe the consequences to the Federal program or policy activities if the collection is not conducted or is conducted less frequently.

The application forms are only submitted at the time of application and needed for efficient review of the proposals. Annual and final reports are minimum requirements for Federal grants.

7. Explain any special circumstances that require the collection to be conducted in a manner inconsistent with OMB guidelines.

This request does not require the collection to be conducted in a manner inconsistent with OMB guidelines.

8. Provide a copy of the PRA Federal Register notice that solicited public comments on the information collection prior to this submission. Summarize the public comments received in response to that notice and describe the actions taken by the agency in response to those comments. Describe the efforts to consult with persons outside the agency to obtain their views on the availability of data, frequency of collection, the clarity of instructions and recordkeeping, disclosure, or reporting format (if any), and the data elements to be recorded, disclosed or reported.

A Federal Register Notice solicited public comments on this submission. One comment was received and additional information was provided.

9. Explain any decisions to provide payments or gifts to respondents, other than remuneration of contractors or grantees.

No payments or gifts are provided (other than grant monies).

10. Describe any assurance of confidentiality provided to respondents and the basis for assurance in statute, regulation, or agency policy.

Grant files are subject to the Freedom of Information Act (FOIA). However, unpublished research results shall not be published without prior permission from the recipient.

11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

There are no sensitive questions.

12. Provide an estimate in hours of the burden of the collection of information.

Requirement	# of Annual Respondents	# of Responses per Respondent	Total Responses	Average Time per Response	Total Annual Response Time (Hours)
Summary	300	1	300	30 minutes	150
Annual Report	50	1	50	5 hours	250
Final Report	50	1	50	10 hours	500
TOTALS	400		400		900

13. Provide an estimate of the total annual cost burden to the respondents or record-keepers resulting from the collection.

None. No capital expenditures required.

In the research grant environment, applicants have staff dedicated to the submission of proposals, including clerical support. Both time and dollar costs are charged to grantors under the general and administrative overhead line item on the proposal budget. This includes hours spent for preparation of the other reports.

14. Provide estimates of annualized costs to the Federal government.

The total annualized cost burden to the Government for conducting the collection and handling the information submitted is estimated at \$950.00. This does not include costs for secondary uses of the information or costs for reviewing the annual and final progress reports. The summary form is the only collection of information incurring additional expense. This estimate is based on staff time per response of five minutes for the project summary. A salary cost of \$38/hr was used. The annualized total cost is estimated as follows:

5 min per project summary review (5/60) x 300 annual respondents x \$38.00/hr = \$950.00.

15. Explain the reason for any program changes or adjustments reported in Items 13 or 14 of the OMB 83-1.

The previous OMB clearance covered the request for 20 additional copies of each application and the COP Summary Budget form. A standardized application package has now been developed and the need for the COP Summary Budget form is no longer necessary, resulting in a decrease of 150 burden hours. The additional 20 copies are not needed due to the use of electronic submissions by the applicants; this results in a decrease of 50 burden hours.

16. For collections whose results will be published, outline the plans for tabulation and publications.

Not applicable. Grants products may be published, but not applications or reports.

17. If seeking approval to not display the expiration date for OMB approval of the information collection, explain the reason why display would be inappropriate.

Not applicable.

18. Explain each exception to the certification statement identified in Item 19 of the OMB 83-I.

There are no exceptions.

B. COLLECTIONS OF INFORMATION EMPLOYING STATICAL METHODS

This collection does not employ statistical methods.

PROJECT SUMMARY

The Project Summary (abstract) should include a statement of objectives, methods to be employed, and the significance of the proposed activity to the advancement of knowledge or education. Avoid use of first person to complete this summary.

DO NOT EXCEED ONE PAGE.

COP Project Summary Form

NOTICE: The Project Summary (Abstract) Form, provided at time of application, shall include a statement of objectives, methods to be employed, and the significance of the proposed activity to the advancement of knowledge or education. This information collection shall not be more than one page in length and shall be written in the third person. The summary is used to help compare proposals quickly and allows the respondents to summarize these key points in their own words. Public reporting burden for this collection of information is estimated to average 30 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspects of this collection of information, including suggestions for reducing this burden, to the National Ocean Service, CSCOR/COP Office, 1315 East-West Highway, Silver Spring, MD20910. Grant files are subject to the Freedom of Information Act (FOIA). Confidentiality will not be maintained--the information will be made available to the public. However, unpublished research results shall not be published without prior permission from the recipient. Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

FORMAT for Annual Progress Report

A. Grant Number:

B. Amount of Grant:

C. Project Title:

D. Grantee:

E. Award Period: From: _____ To: _____

F. Period Covered by this Report: From _____ To _____

G. Summary of Progress and Expenditures to Date:

1. Work Accomplishments: (as related to project objectives and schedule for completion)

a. Provide a brief summary of progress, including results obtained to date, and their relationship to the general goals of the grant; and

b. Provide a brief summary of work to be performed during the next year of support, if changed from the original proposal; and indication of any current problems or favorable or unusual developments; and any other significant information pertinent to the type of project support by COP, or as specified by the terms and conditions of the grant.

2. Applications:

a. Publications, presentations, workshops;

b. Applications to management or research;

c. Data and/or information products;

d. Partnerships established with other federal, state, or local agencies, or other research institutions (other than those already described in the original proposal).

3. Expenditures:

a. Describe expenditures scheduled for this period..

b. Describe actual expenditures this period.

c. Explain special problems, differences between scheduled and actual expenditures, etc.

Prepared By:

Signature of Principal Investigator

Date

NOTICE

Subsequently, all NOAA COP recipients with approved grants will be asked to file a COP Annual Progress Report in the specified format. The first section of the proposed format is taken from the COP implementation plan and has some advantages in that previously-funded investigators will be familiar with the format. Consistency in reporting requirements for competitive research grant programs is desirable and this is behind COP's efforts in proposing a standardized format. This annual report format will enable COP program staff to monitor each project supported by an award.

Public reporting burden for this collection of information is estimated to average 300 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed and completing and reviewing the collection of information.

Send comments regarding this burden estimate or any other aspects of this collection of information, including suggestions for reducing this burden, to the National Ocean Service, CSCOR/COP Office, 1315 East-West Highway, Silver Spring, MD 20910. Grant files are subject to the Freedom of Information Act (FOIA). Confidentiality will not be maintained--the information will be made available to the public. However, unpublished research results shall not be published without prior permission from the recipient.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

COP Format for Project Final Report

I. Report Title, Author, Organization, Grant Number, Date

II. Abstract

A brief (one paragraph) description of the Final Report

III. Executive Summary

A brief and succinct summary of Final Report.

IV. Purpose

A. Detailed description of any problems or impediments of research project that were addressed

B. Objectives of the project.

V. Approach

A. Detailed description of the work that was performed.

B. Project management: List individuals and/or organizations actually performing the work and how it was done.

VI. Findings

A. Actual accomplishments and findings.

B. If significant problems developed which resulted in less than satisfactory or negative results, they should be discussed.

C. Description of need, if any, for additional work.

VII. Evaluation

A. Describe the extent to which the project goals and objectives were attained. This description should address the following:

1. Were the goals and objectives attained? How? If not, why?

2. Were modifications made to the goals and objectives? If so, explain.

B. Dissemination of Project results:

Explain, in detail, how the projects results have been, and will be, disseminated.

COP Project Final Report

NOTICE

Subsequently, all NOAA COP recipients with approved grants will be asked to file a COP Project Final Report in the specified format upon expiration or termination of grant support. Consistency in reporting requirements for competitive research grant programs is desirable and this is behind COP's efforts in proposing a standardized format. The use of the Project Final Report format will provide the level of detail required to evaluate the effort invested by investigators and staff on project management; any actual accomplishments and research findings; and what goals and objectives were attained. The proposed final report format is compatible with the format in use by other agencies that participate in joint projects with COP, e.g. the National Science Foundation.

Public reporting burden for this collection of information is estimated to average 600 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed and completing and reviewing the collection of information.

Send comments regarding this burden estimate or any other aspects of this collection of information, including suggestions for reducing this burden, to the National Ocean Service, CSCOR/COP Office, 1315 East-West Highway, Silver Spring, MD 20910. Grant files are subject to the Freedom of Information Act (FOIA). Confidentiality will not be maintained--the information will be made available to the public. However, unpublished research results shall not be published without prior permission from the recipient.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

33 USC Sec. 1442

01/19/04

-EXPCITE-

TITLE 33 - NAVIGATION AND NAVIGABLE WATERS

CHAPTER 27 - OCEAN DUMPING

SUBCHAPTER II - RESEARCH

-HEAD-

Sec. 1442. Research program respecting possible long-range effects of pollution, overfishing, and man-induced changes of ocean ecosystems

-STATUTE-

(a) Secretary of Commerce

(1) The Secretary of Commerce, in close consultation with other appropriate Federal departments, agencies, and instrumentalities shall, within six months of October 23, 1972, initiate a comprehensive and continuing program of research with respect to

the possible long-range effects of pollution, overfishing, and man-induced changes of ocean ecosystems. These responsibilities shall include the scientific assessment of damages to the natural resources from spills of petroleum or petroleum products. In carrying out such research, the Secretary of Commerce shall take into account such factors as existing and proposed international policies affecting oceanic problems, economic considerations involved in both the protection and the use of the oceans, possible alternatives to existing programs, and ways in which the health of the oceans may best be preserved for the benefit of succeeding generations of mankind.

(2) The Secretary of Commerce shall ensure that the program under this section complements, when appropriate, the activities undertaken by other Federal agencies pursuant to subchapter I of this chapter and section 1443 of this title. That program shall include but not be limited to -

(A) the development and assessment of scientific techniques to define and quantify the degradation of the marine environment;

(B) the assessment of the capacity of the marine environment to receive materials without degradation;

(C) continuing monitoring programs to assess the health of the marine environment, including but not limited to the monitoring

of bottom oxygen concentrations, contaminant levels in biota, sediments, and the water column, diseases in fish and shellfish, and changes in types and abundance of indicator species;

(D) the development of methodologies, techniques, and equipment for disposal of waste materials to minimize degradation of the marine environment.

(3) The Secretary of Commerce shall ensure that the comprehensive and continuing research program conducted under this subsection is consistent with the comprehensive plan for ocean pollution research and development and monitoring prepared under section 1703 (!1) of this title.

(b) Action with other nations

In carrying out his responsibilities under this section, the Secretary of Commerce, under the foreign policy guidance of the President and pursuant to international agreements and treaties made by the President with the advice and consent of the Senate, may act alone or in conjunction with any other nation or group of nations, and shall make known the results of his activities by such channels of communication as may appear appropriate.

(c) Cooperation of other departments, agencies, and independent instrumentalities

Each department, agency, and independent instrumentality of the Federal Government is authorized and directed to cooperate with the Secretary of Commerce in carrying out the purposes of this section and, to the extent permitted by law, to furnish such information as may be requested.

(d) Utilization of personnel, services, and facilities;

inter-agency agreements

The Secretary of Commerce, in carrying out his responsibilities under this section, shall, to the extent feasible utilize the personnel, services, and facilities of other Federal departments, agencies, and instrumentalities (including those of the Coast Guard for monitoring purposes), and is authorized to enter into appropriate inter-agency agreements to accomplish this action.

-REFTEXT-

REFERENCES IN TEXT

Section 1703 of this title, referred to in subsec. (a)(3), was repealed by Pub. L. 102-567, title II, Sec. 204, Oct. 29, 1992, 106 Stat. 4282.

-MISC1-

AMENDMENTS

1988 - Subsec. (a)(3). Pub. L. 100-627 added par. (3).

1986 - Subsec. (a). Pub. L. 99-272, Sec. 6062(1)-(3), designated existing provisions as par. (1), substituted "in close consultation" for "in consultation", and added par. (2).

Subsec. (c). Pub. L. 99-272, Sec. 6062(4), redesignated subsec. (d) as (c), and struck out former subsec. (c) which required the Secretary of Commerce to make an annual report to Congress, in March of each year, on the results of activities undertaken by him pursuant to this section during the previous fiscal year, and to include in that report the report to Congress required by section 665 of title 16 on activities of the Department of Commerce under that section.

Subsecs. (d), (e). Pub. L. 99-272, Sec. 6062(4), redesignated subsec. (e) as (d). Former subsec. (d) redesignated (c).

1980 - Subsec. (a). Pub. L. 96-381 inserted provision including within the responsibilities of the Secretary the scientific

assessment of damages to natural resources from spills of petroleum or petroleum products.

Subsec. (c). Pub. L. 96-470 inserted provision requiring the Secretary to include in his annual report the report on activities of the Department of Commerce under section 665 of title 16.

1975 - Subsec. (c). Pub. L. 94-62 substituted "March" for "January".

-TRANS-

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

-SECREP-

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1444 of this title.

Office of the Law Revision Counsel, U.S. House of Representatives

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Proposed Information Collection; Comment Request; Southwest Region Permit Family of Forms—Pacific**

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before June 16, 2006.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Walter Ikehara, (808) 944-2275 or walter.ikehara@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

The National Marine Fisheries Service (NMFS) Pacific Islands Region (PIR) manages the U.S. fisheries of the Exclusive Economic Zone (EEZ) in the western Pacific under five fishery management plans (FMPs), prepared by the Western Pacific Fishery Management Council pursuant to the Magnuson-Stevens Fishery Conservation and Management Act. The regulations implementing the FMPs are found at 50 CFR part 665.

The permitting requirements at 50 CFR part 665 form the basis for this collection of information. PIR requests information from participants in the fisheries and interested persons. This information is needed for permit issuance, to identify participants in the fisheries, and to help measure impacts of management controls on the participants in the fisheries of the EEZ in the western Pacific.

II. Method of Collection

Paper submissions and telephone calls are required from participants. Methods of submittal include mailing

and facsimile transmission of paper forms.

III. Data

OMB Number: 0648-0490.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations; individuals or households.

Estimated Number of Respondents: 187.

Estimated Time Per Response: Experimental permit applications, 2 hours; all other permit applications, 30 minutes; and permit appeals, 2 hours.

Estimated Total Annual Burden Hours: 85.

Estimated Total Annual Cost to Public: \$450.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: April 11, 2006.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Proposed Information Collection; Comment Request; Coastal Ocean Program Grants Proposal Application Package**

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing

effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before June 16, 2006.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Laurie Golden, 301-713-3338 ext 151 or laurie.golden@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

The National Oceanic and Atmospheric Administration's Coastal Ocean Program (COP) provides direct financial assistance through grants and cooperative agreements for research supporting the management of coastal ecosystems. In addition to standard government application requirements, applicants for financial assistance are required to submit a project summary form. Recipients are required to file annual progress reports and a project final report using COP formats. All of these requirements are needed for better evaluation of proposals and monitoring of awards.

II. Method of Collection

Paper and electronic applications are acceptable. Progress reports can be submitted in paper form or electronically.

III. Data

OMB Number: 0648-0384.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Not-for-profit institutions; business or other for-profit organizations; State, Local or Tribal Government.

Estimated Number of Respondents: 300.

Estimated Time Per Response: 30 minutes for a project summary; 5 hours for an annual report; and 10 hours for a final report.

Estimated Total Annual Burden Hours: 900.

Estimated Total Annual Cost to Public: 0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: April 11, 2006.

BILLING CODE 3510-JS-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[Docket No. 011206293-3182-02; I.D. 041106B]

Pacific Halibut Fishery; Guideline Harvest Levels for the Guided Recreational Halibut Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of guideline harvest level.

SUMMARY: NMFS provides notice of the guideline harvest level (GHL) for the guided sport halibut fishery (charter fishery) in the International Pacific Halibut Commission (IPHC) regulatory Areas 2C and 3A. The GHL provides a benchmark harvest level for participants in the charter fishery. This notice is necessary to meet the management and regulatory requirements for the GHL and to inform the public about the 2006 GHL for the charter fishery.

DATES: The GHLs are effective beginning 1200 hrs, Alaska local time (A.l.t.), February 1, 2006, and will close at 2400 hours, A.l.t., December 31, 2006. This period is specified by the IPHC as the

sport fishing season in all waters of Alaska.

FOR FURTHER INFORMATION CONTACT:

Jason Gasper, 907 586 7228, or e-mail at jason.gasper@noaa.gov.

SUPPLEMENTARY INFORMATION: NMFS implemented a final rule to establish GHLs in IPHC regulatory areas 2C and 3A for the harvest of Pacific halibut (*Hippoglosses stenolepis*) by the charter fishery on August 8, 2003 (68 FR 47256). The GHLs are intended to serve as a benchmark harvest level for participants in the charter fishery.

This announcement is consistent with § 300.65(c)(2), which requires that GHLs for IPHC regulatory Areas 2C and 3A be specified by NMFS and announced by publication in the **Federal Register** no later than 30 days after receiving information from the IPHC which establishes the constant exploitation yield (CEY) for halibut in IPHC regulatory areas 2C and 3A. Based on the regulations at § 300.65(c)(1), the CEY established by the IPHC in 2006 in Area 2C results in a GHL of 1,432,000 pounds (649.5 mt), and results in a GHL of 3,650,000 pounds (1,655.6 mt) in Area 3A.

This notice does not require any regulatory action by NMFS and is intended to serve as an notice of the GHLs in Areas 2C and 3A for 2006. If the GHL is exceeded in 2006, NMFS will notify the North Pacific Fishery Management Council (Council) in writing within 30 days pursuant to regulations at § 300.65(c)(3). The Council is not required to take action, but may recommend additional management measures after receiving notification that a GHL has been exceeded.

Classification

This notice does not require any additional regulatory action by NMFS and does not impose any additional restrictions on harvests by the charter fishery. If the GHL is exceeded in any year, the Council would be notified, but no action would be required to be taken. This process of notification is intended to provide the Council with an indication of the level of Pacific halibut harvest by the charter fishery in a given year and could prompt future action.

Authority: 16 U.S.C. 773 *et seq.*

Dated: April 11, 2006.

Alan D. Risenhoover,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
