

Bird Observations on Arctic NWR (Southside)

Date: _____ Start Time _____ End Time _____ Weather _____

Observers: Name(s): _____ Birding Experience: _____
 Contact Information (phone #, address, e-mail): _____

Location (Lat./Lon., description or other identifying information): _____

Estimate of amount of area covered (acres, km², mi², etc): _____

Habitat notes: (predominate vegetation, land forms, % water cover, etc): _____

Comments: _____

Codes: If possible use the more specific codes on a listed on the status codes sheet.

| Abundance | Status (use all that apply) |
|---|---|
| R = Rare - 1/ day (8 person hrs) | P = pair(s) |
| U = Uncommon - 2 - 4/ day, <1/hour | D = courtship or defense behaviors |
| F = Fairly common - 5 - 9/day, 1/hour | N = nest observed |
| C = Common - 10 - 49/ day, 2 - 5/hour | S = singles |
| A = Abundant - 50 individuals per day, 6/ hour | G = groups |
| | F = fly over (transient) |
