SUPPLEMENTARY INFORMATION:

Background.--On January 28, 2003, the Department of Commerce issued antidumping duty orders on imports of ferrovanadium from China and South Africa (68 FR 4168 and 4169). The Commission is conducting reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full reviews or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.--The following definitions apply to these reviews:

---

<sup>1</sup> No response to this request for information is required if a currently valid Office of Management and Budget (OMB) number is not displayed; the OMB number is 3117-0016/USITC No. 08-5-177, expiration date June 30, 2008. Public reporting burden for the request is estimated to average 10 hours per response. Please send comments regarding the accuracy of this burden estimate to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

- (1) **Subject Merchandise** is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.
- (2) The **Subject Countries** in these reviews are China and South Africa.
- (3) The **Domestic Like Product** is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the **Subject Merchandise**. In its original determinations, the Commission found a single **Domestic Like Product** consisting of ferrovanadium of all grades coextensive with Commerce's scope.
- (4) The **Domestic Industry** is the U.S. producers as a whole of the **Domestic Like Product**, or those producers whose collective output of the **Domestic Like Product** constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined a single **Domestic Industry** consisting of the U.S. producers of ferrovanadium, i.e., Bear Metallurgical Co.; Shieldalloy Metallurgical Corp.; and International Specialties Alloys. The Commission did not include tollees U.S. Vanadium Corp. and Gulf Chemical & Metallurgical Corp. in the **Domestic Industry**.<sup>2</sup>
- (5) The **Order Date** is the date that the antidumping duty orders under review became effective. In these reviews, the **Order Date** is January 28, 2003.
- (6) An **Importer** is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the **Subject Merchandise** into the United States from a foreign manufacturer or through its selling agent.

Participation in the reviews and public service list.--Persons, including industrial users of the **Subject Merchandise** and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the reviews as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the *Federal Register*. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the reviews.

Former Commission employees who are seeking to appear in Commission five-year reviews are reminded that they are required, pursuant to 19 C.F.R. § 201.15, to seek Commission approval if the matter in which they are seeking to appear was pending in any manner or form during their Commission employment. The Commission's designated agency ethics official has advised that a five-year review is the "same particular matter" as the underlying original investigation for purposes of 19 C.F.R. § 201.15 and 18 U.S.C. § 207, the post-employment statute for Federal employees. Former employees may seek informal advice from Commission ethics officials with respect to this and the related issue of whether the employee's participation was "personal and substantial." However, any informal consultation will not relieve former employees of the obligation to seek approval to appear from the Commission under its rule 201.15. For ethics advice, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202-205-3088.

---

<sup>2</sup> In its views in the original investigations, the Commission noted "While we recognize that these firms' ferrovanadium-related production and other activities are substantial, these firms produce an intermediate product, vanadium pentoxide, but do not actually produce the domestic like product."

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.--Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in these reviews available to authorized applicants under the APO issued in the reviews, provided that the application is made no later than 21 days after publication of this notice in the *Federal Register*. Authorized applicants must represent interested parties, as defined in 19 U.S.C. § 1677(9), who are parties to the reviews. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification.--Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with these reviews must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written submissions.--Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is January 22, 2008. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct expedited or full reviews. The deadline for filing such comments is February 15, 2008. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 Fed. Reg. 68036 (November 8, 2002). Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the reviews you do not need to serve your response).

Inability to provide requested information.--Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determinations in the reviews.
